MANY ACCIDENTS RESULT FROM ICE-COVERED STREETS LIFE AND LIMB IN PERIL

A Number of Broken Bones Received by Pedestrians On the Streets of the City.

Not since last winter have the sidewalks and streets of this city been in as dangerous condition as they were yesterday afternoon, and night and until 10 o'clock this morning. With the thermometer registering several degrees below the freezing point and an incessant downpour of rain, the drops congealing rapidly, traffic was greatly disturbed and numerous accidents to both man and beast have been reported.

Early in the afternoon the water as it fell to the streets began to freeze and before 5 o'clock much precaution was necessary on the part of the pedestrians to save their limbs. It was no uncommon sight to see a man fall sprawling on a pavement or horses falling on the streets. Motormen on the street cars had their hands full of trouble as a result of the slippery rails. They did not dare apply the usual amount of electricity, especially on the hills, as the cars were in imminent danger of becoming uncontrolable and a result few cars ran on schedule time, the Calcutta road line being abandoned entirely.

A most picturesque scene was displayed all along both car lines during the day and night, due to the continuous sparks of electricity flying into the air from the trolley poles.

BROKE HIS ARM

Strange Woman Injured By a Fall Stood In One Spot For An Hour.

Weeping piteously and standing with her head downcast an unknown woman attracted the attention of Officer Dawson at Sixth street and Broadway about 9 o'clock last evening.

Upon inquiry the officer learned that she had been in the same position for nearly an hour and his sympathies were deeply moved when she with a strenuous effort told him that while trying to hail a street car that she had fallen on the icy bricks and as a result was unable to move.

The officer stopped the next car and placed the poor creature aboard and

CO-OPERATIVE STORE PROJECT

Will Be Successful If the Working People Give It Encouragement.

A COMMITTEE IS BUSY

Charles Kontnier And Fred Pennington, Both Well Known in Labor Circles, Have the Work of Soliciting Stock Well In Hand.

But little has been said of late with reference to the co-operative store project, which was taken up by a large number of operative potters several months ago. From the reports which have been made by the committee in charge of the soliciting department, it will not be the fault of these men nor of Trades and Labor Council if the hopes of the supporters of the enterprise are not fully realized.

When the subject was first mentioned by members of the several Brotherhood locals in this city, it was at once taken to the Trades Council. There is received favorable consideration, in that a committee was appointed to investigate the matter as to its practicability and report back.

There have been many obstacles in the way of an early report from the committee. At the last meeting of council the question was taken up, and when it was finally before the body was discussed thoroughly. The only conclusion that the membership could form at the time was that the plan was a good one, and simply lacked the proper amount of energetic agitation to make it an assured fact. It was thought that unionists of the city were not sufficiently posted upon the system adopted to induce them to subscribe, and the council by unanimous vote decided to employ solicitors and keep them in the field for the two weeks following the meeting.

Charles Kontiner, president of Assembly 52, of the Amalgamated association of Street Railway Employes and an organizer of the American Federation of Labor, in company with Fred Pennington, secretary of packers' local No. 25, was selected from the membership of the council and the gentlemen have been encouraged wherever they went.

A definite plan was formulated to govern the solicitors in their work, and no mistake was made in putting it into execution. The committee has been working steadily all of the present week and though scarcely half the territory which they expect to cover has been canvassed the returns have exceeded expectations. Between 300 and 400 shares of stock have been subscribed and by the next meeting of the council it is expected that fully 600 men will have been secured to take stock. This will insure the success of the project.

Officers and members of Trades Council are encouraged by the success attending the efforts of the solicitors, and now feel that their interest in the enterprise has been rewarded.

POTTERY INDUSTRY IN THIS STATE

STATISTICS FROM 75 FIRMS FOR THE YEAR 1901.

A Large Number of Employes And An Output of Over $9,000,000 Are Shown.

Columbus, December 13.—(Special)—State Labor Commissioner Ratchford has compiled statistics on the manufacture of pottery and stoneware for 1901, with comparisons for 1900. In the latter year reports were received but from three firms. During the year 1901, 75, an increase of 73. The number of males employed monthly, was 6,562, an increase of 6,040. The number of females employed was 2,706. Number of managers, office help, etc., employed, 605; amount of capital invested, $7,420,292. The value of goods manufactured was $9,378,761.49.

Value of goods sold, $9,074,490.09. Value of materials used, $2,550,354.25. Value of manufactured goods on hand at end of year, $447,684.19. Amount paid in wages for labor, $4,294,032.51. Amount paid managers, office help, etc., $707,348.28. Number affected by advance in wages, 1,023. Average per cent. advance in wages, 6.3.

These figures only cover the factories reporting. A large number failed to make returns.

FOR THE DEFENDANTS

Oral Householder Loses His Suit Against Jefferson County Commissioners.

The circuit court judges at Steubenville have upheld the decision of the common pleas court of Jefferson county in the case of Oral Householder, of Irondale, who sued the county commissioners for $5,000 damages. Householder while crossing the bridge in the north end of the county on a traction engine fell through to the creek below, the bridge giving away. It was claimed that the bridge was not substantial and Householder entered suit for $5,000. The case was fought in common pleas for two days, and after short deliberation the jury returned a verdict for the defendants. The verdict was not satisfactory to the plaintiff and on various grounds the case was carried to the circuit court.

Thursday afternoon the judges handed down their decision, affirming the decision of the lower courts with costs and no penalty. The plaintiff in error has excepted to the decision. W. F. Lones, of Wellsville, is one of the attorneys in the case. Householder, the plaintiff, is well known in this city.

White Rose Lodge Officers.

At a regular meeting of White Rose lodge No. 25, Daughters of St. George, officers for the next six months were installed as follows: President, Ada Hildritch; vice president, Ethel Greenwood; financial secretary, Ellen Lewis; recording secretary, Sarah H Harley; treasurer, Lucy Massey; chaplain, Ann Massey; conductresses, Emma Vincent and Ada Eardley; inside guard, Lizzie Sackerson; outside guard, Rose Lowe.

BOARD'S TASK NOW FINISHED

Equalization of Pennsylvania Assessments a Very Bad Job.

THE KICKING NOT ENDED

Though the Report Is Now Practically Ready to Be Sumbitted to Council. A Comprehensive And Careful Compilation.

After about three weeks of hard and careful work the Pennsylvania avenue equalization board, which is comprised of Attorney Hollis E. Grosshans, George Olnhausen and W. A. Calhoun, will have finished the memmoth undertaking this evening. For the past few days the board has worked overtime and last evening intended to prepare for making a final report to council by working until midnight, but were unable to do so on account of the sickness of Mr. Grosshans. Today the board spent most of the time in completing its report and the members state that, although it will be of considerable length and apparently complicated, it can be easily comprehended.

Every lot on either side of the avenue commencing on Robinson street on the west and ending at the state line on the east will be designated and it is the intention of the board to plainly show the exact benefit from a pecuniary standpoint that has been derived by the property owners through the improvement.

A number of the property holders, in possession of the fact that the work of the board was nearing an end, appeared at the city hall yesterday and asked that they be allowed to see how their property had been assessed. Upon being granted the permission all stated that the work had been done in a most satisfactory manner. However, the board does not expect to strike a popular chord with all of them. On the contrary it anticipates censure on the part of some. Notwithstanding that their work will be practically at an end this evening, its members do not hope to be cleared of further trouble by the simple filing of it.

As stated exclusively in the News Review, a very material change has been made in the assessment extending from the western limit to the East End school house and it is from the property holders between these two points that the board expects the registering of dissatisfaction.

Herbert Smith.

Herbert Smith, who was so badly injured by falling from a ladder at the LaBelle pottery, Wheeling, last week, died of his injuries in that city yesterday afternoon. He was 60 years old and long a resident of East Liverpool. The remains will be brought to the home of his son-in-law, William Hassell, in this city, this evening, at which place the funeral services will be held Monday afternoon. Interment will be made in Riverview.

Killed By a Train.

Alliance, December 13.—Elmer Culbertson, for many years employed on the railroad in Alliance, was killed yesterday. He was in the shop crew and was riding on a shifter when he was thrown off and under the wheels. He was 34 years old and leaves a family. He served in the Eighth O. V. I. during the Spanish-American war.

Pottery Incorporation.

Columbus, December 13.—(Special)—The Ziegler Filter and Pottery company, of Toledo, capital $10,000, has incorporated to make tiling and earthenware. Incorporators: Charles J. Ziegler, E. H. Taggart, E. E. Sarafford, F. C. Motter and Robert Bauer.

CIVIC SOCIETY IS ORGANIZED

Believe There Is a Field for Their Efforts And Will Try to Fill It—Moral Suasion to Be Used And Civic Pride Cultivated.

Twenty-five or 30 well known citizens held a meeting last evening and inaugurated a movement that may have an important influence upon the future of the city. They discussed the necessity of a city improvement association and concluded their deliberations by effecting a temporary organization for the East Liverpool Civic & Improvement association.

According to one of the gentlemen present, the movement was inspired by a recent article in the News Review, which told of the wonderful good that had been wrought in a neighboring city solely through the influence of an association that started in to work improvement in one ward. The News Review was quoted at length by some of those present and the ideas which this paper has long and consistently advocated received emphatic endorsement.

It was made plain at the outset that the new organization is not to be a political one. Its main reliance will be on moral suasion as an agency to promote reform. The expressed determination is to work for good government; for economy in municipal expenditures; for the correction of abuses wherever they exist; for the improvement of the city; for the removal of eyesores and the general beautification of public and private property; for cleanliness and health and the encouragement of civic pride.

Enlisted in the movement are manufacturers, business and professional men, among the number being several of the most prominent citizens of East Liverpool. Slippery pavements and gloomy weather prevented a large attendance last night, but many who were not present sent word that they were heartily in favor of the movement and that their aid and co-operation could be counted upon. Another meeting will be held next week, when it is hoped to largely extend the membership and get the association into working order.

The success of similar societies in other cities gives the promoters the utmost encouragement. They announce that it is not their purpose to usurp the prerogatives of council or of any public official. They believe, however, that by consulting among their membership and studying civic and economic questions they may be able to offer useful suggestions. They disclaim all selfish motives and assert that their only object is to work for East Liverpool and the public good, and are confident that the field is wide enough to keep them busy.

COMPLAINTS MADE ABOUT CAR SERVICE

East End People Petition Council to Make the Street Railway Do Better.

Steps are being taken to bring about a change in the service now given by the East Liverpool street railway. Petitions are being circulated in the East End and among the employes of the river potteries which will be presented to council, asking that the company be compelled to give better service or that its franchise be revoked.

Complaints have been many and frequent in the past few weeks about the service given to the East End and also on all parts of the line. It is probable that these petitions will be in shape to be presented to council at its next regular meeting and some action of importance is expected.

Rolled Off a Roof.

Harry Johnston, aged about 16 years, was slightly injured about 2 o'clock this afternoon at his home between First and Virginia avenues. The young fellow who is employed as a newsboy by H. H. Meanor, was on the roof of a house and slipped on the ice, falling to the ground. No bones were broken and he is suffering only from bruises.

Young-Burgett.

At the residence of Rev. C. W. Huffer, pastor of the Christian church, in Sebring, occurred the wedding Wednesday of John W. Burgett and Miss Lucy L. Young. The young people were both from Salineville, and are numbered with the best people of that little city. Rev. Huffer was personally acquainted with the young people, having known the bride from the time of her early years. After an elegant dinner served by the pastor and his estimable wife, they visited the groom's cousin and family, Mr. and Mrs. Samuel Shaffer, on Indiana avenue, Sebring. They left on the afternoon train for Salem, for a brief bridal with friends there. They will make their future home at Salineville.

DISPUTED POINTS ARE CLEARED UP

Puzzles Under New Code Solved by a High Legal Authority.

MAYOR ENTITLED TO PAY

Both as Police Magistrate And Executive When He Acts in Both Capacities—Three Councilmen at Large in Cities of Small Population.

From a Staff Correspondent.

Columbus, December 13.—In response to a request from City Solicitor Charles Boyd, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, has rendered an opinion eludiating disputed points of the new municipal code. He holds that a mayor who acts as a magistrate is entitled to additional compensation, and gives as his opinion that Wellsville is entitled to seven councilmen under the new code, four to be elected by wards, and three at large. He holds that president of council is a separate office and that he cannot be counted to make a quorum.

Appended is the full text of the opinion which is addressed to Solicitor Boyd:

"In reply to your first interrogatory, I would say that in the 8th, inst, I expressed an opinion on the question with regard to the mayor when acting as a magistrate, pursuant to the requirements of sections 1744 and 1745, may receive as compensation for such services, the fees due him as provided by chapter V, division 4, title XII, of the revised statutes, on this he may receive in addition to the salary fixed by the council for his services as mayor.

"As to the number of members of council in a city of your size, I am of the opinion that you are entitled to seven councilmen, four to be elected from wards, and three at large, this to be in addition to the president of council, and he is not counted in making up a quorum of council. In sections 128 and 132 of the new code, such officer is referred to as an executive officer. He is one of the officers in whom the executive power and authority of cities will be vested under the new code. He is really the vice mayor of the city, and in case of the death, resignation or removal of the mayor, shall become the mayor and serve for his unexpired term. He is not a legislative officer, although an officer presiding over the council. He only has a vote in case of a tie. Under old section 1676, R. S., the president of council was elected from the body of council, but now he is elected as the mayor is elected. The rule laid down in 45, ib. S., 199, would not now be applicable to this officer, because his position and the method if his election is different.

"As to your suggestion as to the publication of opinions of this department, if you would suggest the same to the editor of the Bulletin, he might publish the same, although as yet he has made no inquiry of us for the same."

THE POTTERY GIRLS ARE VERY LADY LIKE

Special State Agent Talks of the Girls of East Liverpool And Their Good Wages.

Columbus, December 13.—(Special.)—Miss Veronica McLaughlin, special agent of the state department of labor, denied to a Columbus reporter that she had said that the girls of East Liverpool were the best paid class of females in Ohio. She did say, however, that many of them who are skilled workers, command good salaries, ranging from $1 to $2.50 per day, and that East Liverpool was the only town in the state where mothers and daughters work side by side. She declared that the girls were very ladylike and showed her respectful treatment.

Miss McLaughlin is gathering statistics on female employment under the direction of the state commissioner of labor.

WARSHIPS FORM LINE OF BATTLE BEFORE LA GUAYRA.

Gastro's Reply to Ultimatum Is Refusal to Yield on Any Point.

La Guayra, Venezuela, December 13.—(Special.)—One British and two German cruisers have just taken a position in line of battle in the harbor. A bombardment of the city now seems certain.

New York, December 13.—(Special.)—A bulletin says President Castro's reply to the German ultimatum is a refusal to yield on any point.

AFTER SALEM LINES

Ohio River Railroad Company Wants Street Railway And Electric Plant.

Salem, December 13.—Max. P. Goodman, of Cleveland, the gentleman who is engineering the project of the Youngstown and Ohio River Railway and Light company, which was recently incorporated at Columbus with a capital stock of $10,000, and which proposes to build an electric railway line between Youngstown and East Liverpool was in town yesterday. With him was J. F. Spence, of Lisbon, the chief engineer.

Mr. Goodman stated that the company expected to erect a large and fully equipped power house near Teegarden, which will furnish the power for the entire system. The ground for this has already been purchased.

In case the direct route from this city to Canfield is decided upon, it is learned that the Youngstown and Ohio River Railway and Light company is already negotiating wth the Salem Electric Light company for the purchase of its lines, rolling stock and power plant at Salem.

New Bank at East Palestine.

A special to a Columbus paper from Washington says that East Palestine is to have a national bank, the application having been approved. The capital will be $25,000, and W. C. Wallace, president of the East Palestine Pottery company, will be at the head of the institution. Other incorporators are William Johnston, W. Harmon, Ulrich Winter and B. A. McClelland.

RAPIDLY RISING RIVER LEADS TO PRECAUTIONS AGAINST FLOOD DAMAGE

Forecaster Ridgeway at Pittsburg Sends Out a Warning Which Is Being Duly Heeded Here.

Continued heavy rainfall and a warm temperature along the Allegheny and Monongahela river valleys all of yesterday afternoon and last night give every indication of another flood and have caused general alarm among river interests. The rains and warm temperature caused the snow in the mountains to melt, raising both of the upper rivers and their tributaries rapidly.

The river at Pittsburg was rising last night and this morning at the rate of a foot an hour, and there was an air of general activity all night long among the steamboatmen and those having interests along the river which was liable to be reached by the flood.

Forecaster Frank Ridgway sent out a general order last night to all points along the river below Pittsburg, notifying them of the alarming condition in the upper rivers and that if the rain continued through the night the danger of a flood was imminent.

This morning the second notice was sent out giving the probable stage the river would reach and notified all wharfmasters and owners of perishable goods along the river to move their stuff to places of safety.

In this city everything is in good condition except the river potteries, several of which may suffer to a certain extent by the water backing into their cellars. The wharf has been cleared of all freight and a force of men at the wharfboat and the different coal yards kept them in good condition.

In anticipation of several months' steady work fully 20 men left this city yesterday on the noon and evening trains for Pittsburg to secure berths on the numerous towboats which have been making preparations to leave port for two days. It is expected that there will be sufficient water by the time the boats reach Louisville to allow the southern crafts to continue on to New Orleans. Of the delegation that left East Liverpool the majority will board the southern boats if possible.

Among those which the Pittsburg coal company is desirous of having depart for the warm climate on the present rise are the Boaz and Sam Brown.

A LIVELY PERIOD IN LABOR CIRCLES

Trenton Excited Over the Proposition to Unite K. of L. and Brotherhood.

THE ORIGIN OF THE MOVE

Vice President Hutchins Says No Favors Will Be Shown the Insurgents—They Must Come In On the Same Terms As New Members.

From a Staff Correspondent.

Trenton, N. J., December 13.—The greatest excitement that has been aroused in pottery circles in this city since the visit of A. S. Hughes, of the National Brotherhood of Operative Potters, three years ago to secure the adoption of the uniform price list by the Trenton manufacturing potters now prevails, as a result of the resolution introduced at last Tuesday night's meeting of the Enterprise Assembly Knights of Labor to merge its entire membership into the Brotherhood.

This movement has given to the public the first official announcement of the failure of the insurgent's cause coupled with the factional fights which now threaten its existence. Charges are being made against prominent insurgent leaders of playing into the hands of the Brotherhood for a monetary consideration, and a movement has been inaugurated to overthrow President John W. Morgan.

Charles W. Roland, who is the leader of the fight against Morgan, came to the newspaper offices yesterday with the statements bearing his signature, in which he charges Vice President Frank H. Hutchins with offering the Knights of Labor $50 to abandon its rebellious policy and unite with the Brotherhood, which has guaranteed to secure all the reforms needed in the various branches of the organization. Hutchins denies that any Brotherhood man has offered anybody any money.

While factional fights are ripping the Knights of Labor asunder, Trenton manufacturers refuse to lend their aid to adjust matters, and have cast their sympathies with the Brotherhood. The fight which now exists within the ranks of the Knights of Labor is only a sequel to their failure to obtain recognition from the manufacturers for the uniform price list which they submitted for the latter's approval last April. The jobbermen, who are the controlling element in the Knights of Labor, have been compelled to stand idly by and watch the Brotherhood secure concessions for its members, while they could do nothing.

A few weeks ago a movement was

According to one of the gentlemen present, the movement was inspired by a recent article in the News Review, which told of the wonderful good that had been wrought in a neighboring city solely through the influence of an association that started in to work improvement in one ward. The News Review was quoted at length by some of those present and the ideas which this paper has long and consistently advocated received emphatic endorsement.

It was made plain at the outset that the new organization is not to be a political one. Its main reliance will be on moral suasion as an agency to promote reform. The expressed determination is to work for good government; for economy in municipal expenditures; for the correction of abuses wherever they exist; for the improvement of the city; for the removal of eyesores and the general beautification of public and private property; for cleanliness and health and the encouragement of civic pride.

Enlisted in the movement are manufacturers, business and professional men, among the number being several of the most prominent citizens of East Liverpool. Slippery pavements and gloomy weather prevented a large attendance last night, but many who were not present sent word that they were heartily in favor of the movement and that their aid and co-operation could be counted upon. Another meeting will be held next week, when it is hoped to largely extend the membership and get the association into working order.

The success of similar societies in other cities gives the promoters the utmost encouragement. They announce that it is not their purpose to usurp the prerogatives of council or of any public official. They believe, however, that by consulting among their membership and studying civic and economic questions they may be able to offer useful suggestions. They disclaim all selfish motives and assert that their only object is to work for East Liverpool and the public good, and are confident that the field is wide enough to keep them busy.

COMPLAINTS MADE ABOUT CAR SERVICE

East End People Petition Council to Make the Street Railway Do Better.

Steps are being taken to bring about a change in the service now given by the East Liverpool street railway. Petitions are being circulated in the East End and among the employes of the river potteries which will be presented to council, asking that the company be compelled to give better service or that its franchise be revoked.

Complaints have been many and frequent in the past few weeks about the service given to the East End and also on all parts of the line. It is probable that these petitions will be in shape to be presented to council at its next regular meeting and some action of importance is expected.

Rolled Off a Roof.

Harry Johnston, aged about 16 years, was slightly injured about 2 o'clock this afternoon at his home between First and Virginia avenues. The young fellow who is employed as a newsboy by H. H. Young-Burgett.

At the residence of Rev. C. W. Huffer, pastor of the Christian church, in Sebring, occurred the wedding Wednesday of John W. Burgett and Miss Lucy L. Young. The young people were both from Salineville, and are numbered with the best people of that little city. Rev. Huffer was personally acquainted with the young people, having known the bride from the time of her early years. After an elegant dinner served by the pastor and his estimable wife, they visited the groom's cousin and family, Mr. and Mrs. Samuel Shaffer, on Indiana avenue, Sebring. They left on the afternoon train for Salem, for a brief bridal with friends there. They will make their future home at Salineville.

MAYOR ENTITLED TO PAY

Both as Police Magistrate And Executive When He Acts in Both Capacities—Three Councilmen at Large in Cities of Small Population.

From a Staff Correspondent.

Columbus, December 13.—In response to a request from City Solicitor Charles Boyd, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, has rendered an opinion eludiating disputed points of the new municipal code. He holds that a mayor who acts as a magistrate is entitled to additional compensation, and gives as his opinion that Wellsville is entitled to seven councilmen under the new code, four to be elected by wards, and three at large. He holds that president of council is a separate office and that he cannot be counted to make a quorum.

Appended is the full text of the opinion which is addressed to Solicitor Boyd:

"In reply to your first interrogatory, I would say that in the 8th, inst, I expressed an opinion on the question with regard to the mayor when acting as a magistrate, pursuant to the requirements of sections 1744 and 1745, may receive as compensation for such services, the fees due him as provided by chapter V, division 4, title XII, of the revised statutes, on this he may receive in addition to the salary fixed by the council for his services as mayor.

"As to the number of members of council in a city of your size, I am of the opinion that you are entitled to seven councilmen, four to be elected from wards, and three at large, this to be in addition to the president of council, and he is not counted in making up a quorum of council. In sections 128 and 132 of the new code, such officer is referred to as an executive officer. He is one of the officers in whom the executive power and authority of cities will be vested under the new code. He is really the vice mayor of the city, and in case of the death, resignation or removal of the mayor, shall become the mayor and serve for his unexpired term. He is not a legislative officer, although an officer presiding over the council. He only has a vote in case of a tie. Under old section 1676, R. S., the president of council was elected from the body of council, but now he is elected as the mayor is elected. The rule laid down in 45, O. S., 199, would not now be applicable to this officer, because his position and the method if his election is different.

"As to your suggestion as to the publication of opinions of this department, if you would suggest the same to the editor of the Bulletin, he might publish the same, although as yet he has made no inquiry of us for the same."

Special State Agent Talks of the Girls of East Liverpool And Their Good Wages.

Columbus, December 13.—(Special.)—Miss Veronica McLaughlin, special agent of the state department of labor, denied to a Columbus reporter that she had said that the girls of East Liverpool were the best paid class of females in Ohio. She did say, however, that many of them who are skilled workers, command good salaries, ranging from $1 to $2.50 per day, and that East Liverpool was the only town in the state where mothers and daughters work side by side. She declared that the girls were very ladylike and showed her respectful treatment.

Miss McLaughlin is gathering statistics on female employment under the direction of the state commissioner of labor.

RAPIDLY RISING RIVER LEADS TO PRECAUTIONS AGAINST FLOOD DAMAGE

Forecaster Ridgeway at Pittsburg Sends Out a Warning Which Is Being Duly Heeded Here.

Continued heavy rainfall and a warm temperature along the Allegheny and Monongahela river valleys all of yesterday afternoon and last night give every indication of another flood and have caused general alarm among river interests. The rains and warm temperature caused the snow in the mountains to melt, raising both of the upper rivers and their tributaries rapidly.

The river at Pittsburg was rising last night and this morning at the rate of a foot an hour, and there was an air of general activity all night long among the steamboatmen and those having interests along the river which was liable to be reached by the flood.

Forecaster Frank Ridgway sent out a general order last night to all points along the river below Pittsburg, notifying them of the alarming condition in the upper rivers and that if the rain continued through the night the danger of a flood was imminent.

This morning the second notice was sent out giving the probable stage the river would reach and notified all wharfmasters and owners of pertaining goods along the river to move their stuff to places of safety.

Ohio River Railroad Company Wants Street Railway And Electric Plant.

Salem, December 13.—Max P. Goodman, of Cleveland, the gentleman who is engineering the project of the Youngstown and Ohio River Railway and Light company, which was recently incorporated at Columbus with a capital stock of $10,000, and which proposes to build an electric railway line between Youngstown and East Liverpool was in town yesterday. With him was J. F. Spence, of Lisbon, the chief engineer.

Mr. Goodman stated that the company expected to erect a large and fully equipped power house near Teegarden, which will furnish the power for the entire system. The ground for this has already been purchased.

In case the direct route from this city to Canfield is decided upon, it is learned that the Youngstown and Ohio River Railway and Light company is already negotiating wth the Salem Electric Light company for the purchase of its lines, rolling stock and power plant at Salem.

MANY ACCIDENTS RESULT FROM ICE-COVERED STREETS LIFE AND LIMB IN PERIL

A Number of Broken Bones Received by Pedestrians On the Streets of the City.

Not since last winter have the sidewalks and streets of this city been in as dangerous condition as they were yesterday afternoon, and night and until 10 o'clock this morning. With the thermometer registering several degrees below the freezing point and an incessant downpour of rain, the drops congealing rapidly, traffic was greatly disturbed and numerous accidents to both man and beast have been reported.

Early in the afternoon the water as it fell to the streets began to freeze and before 5 o'clock much precaution was necessary on the part of the pedestrians to save their limbs. It was no uncommon sight to see a man fall sprawling on a pavement or horses falling on the streets. Motormen on the street cars had their hands full of trouble as a result of the slippery rails. They did not dare apply the usual amount of electricity, especially on the hills, as the cars were in imminent danger of becoming uncontrolable and a result few cars ran on schedule time, the Calcutta road line being abandoned entirely.

A most picturesque scene was displayed all along both car lines during the day and night, due to the continuous sparks of electricity flying into the air from the trolley poles.

The officer stopped the next car and placed the poor creature aboard and

CO-OPERATIVE STORE PROJECT

Will Be Successful If the Working People Give It Encouragement.

A COMMITTEE IS BUSY

Charles Kontnier And Fred Pennington, Both Well Known in Labor Circles, Have the Work of Soliciting Stock Well In Hand.

But little has been said of late with reference to the co-operative store project, which was taken up by a large number of operative potters several months ago. From the reports which have been made by the committee in charge of the soliciting department, it will not be the fault of these men nor of Trades and Labor Council if the hopes of the supporters of the enterprise are not fully realized.

When the subject was first mentioned by members of the several Brotherhood locals in this city, it was at once taken to the Trades Council. There is received favorable consideration, in that a committee was appointed to investigate the matter as to its practicability and report back.

There have been many obstacles in the way of an early report from the committee. At the last meeting of council the question was taken up, and when it was finally before the body was discussed thoroughly. The only conclusion that the membership could form at the time was that the plan was a good one, and simply lacked the proper amount of energetic agitation to make it an assured fact. It was thought that unionists of the city were not sufficiently posted upon the system adopted to induce them to subscribe, and the council by unanimous vote decided to employ solicitors and keep them in the field for the two weeks following the meeting.

Charles Kontiner, president of Assembly 52, of the Amalgamated association of Street Railway Employes and an organizer of the American Federation of Labor, in company with Fred Pennington, secretary of packers' local No. 25, was selected from the membership of the council and the gentlemen have been encouraged wherever they went.

A definite plan was formulated to govern the solicitors in their work, and no mistake was made in putting it into execution. The committee has been working steadily all of the present week and though scarcely half the territory which they expect to cover has been canvassed the returns have exceeded expectations. Between 300 and 400 shares of stock have been subscribed and by the next meeting of the council it is expected that fully 600 men will have been secured to take stock. This will insure the success of the project.

Officers and members of Trades Council are encouraged by the success attending the efforts of the solicitors, and now feel that their interest in the enterprise has been rewarded.

POTTERY INDUSTRY IN THIS STATE

STATISTICS FROM 75 FIRMS FOR THE YEAR 1901.

A Large Number of Employes And An Output of Over $9,000,000 Are Shown.

Columbus, December 13.—(Special)—State Labor Commissioner Ratchford has compiled statistics on the manufacture of pottery and stoneware for 1901, with comparisons for 1900. In the latter year reports were received but from three firms. During the year 1901, 75, an increase of 73. The number of males employed monthly, was 6,562, an increase of 6,040. The number of females employed was 2,706. Number of managers, office help, etc., employed, 605; amount of capital invested, $7,420,292. The value of goods manufactured was $9,378,761.49.

Value of goods sold, $9,074,490.09. Value of materials used, $2,550,354.25. Value of manufactured goods on hand at end of year, $447,684.19. Amount paid in wages for labor, $4,294,032.51. Amount paid managers, office help, etc., $707,348.28. Number affected by advance in wages, 1,023. Average per cent. advance in wages, 6.3.

These figures only cover the factories reporting. A large number failed to make returns.

FOR THE DEFENDANTS

Oral Householder Loses His Suit Against Jefferson County Commissioners.

The circuit court judges at Steubenville have upheld the decision of the common pleas court of Jefferson county in the case of Oral Householder, of Irondale, who sued the county commissioners for $5,000 damages. Householder while crossing the bridge in the north end of the county on a traction engine fell through to the creek below, the bridge giving away. It was claimed that the bridge was not substantial and Householder entered suit for $5,000. The case was fought in common pleas for two days, and after short deliberation the jury returned a verdict for the defendants. The verdict was not satisfactory to the plaintiff and on various grounds the case was carried to the circuit court.

Thursday afternoon the judges handed down their decision, affirming the decision of the lower courts with costs and no penalty. The plaintiff in error has excepted to the decision. W. F. Lones, of Wellsville, is one of the attorneys in the case. Householder, the plaintiff, is well known in this city.

White Rose Lodge Officers.

At a regular meeting of White Rose lodge No. 25, Daughters of St. George, officers for the next six months were installed as follows: President, Ada Hildritch; vice president, Ethel Greenwood; financial secretary, Ellen Lewis; recording secretary, Sarah H Harley; treasurer, Lucy Massey; chaplain, Ann Massey; conductresses, Emma Vincent and Ada Eardley; inside guard, Lizzie Sackerson; outside guard, Rose Lowe.

BOARD'S TASK NOW FINISHED

Equalization of Pennsylvania Assessments a Very Bad Job.

THE KICKING NOT ENDED

Though the Report Is Now Practically Ready to Be Sumbitted to Council. A Comprehensive And Careful Compilation.

After about three weeks of hard and careful work the Pennsylvania avenue equalization board, which is comprised of Attorney Hollis E. Grosshans, George Olnhausen and W. A. Calhoun, will have finished the memmoth undertaking this evening. For the past few days the board has worked overtime and last evening intended to prepare for making a final report to council by working until midnight, but were unable to do so on account of the sickness of Mr. Grosshans. Today the board spent most of the time in completing its report and the members state that, although it will be of considerable length und apparently complicated, it can be easily comprehended.

Every lot on either side of the avenue commencing on Robinson street on the west and ending at the state line on the east will be designated and it is the intention of the board to plainly show the exact benefit from a pecuniary standpoint that has been derived by the property owners through the improvement.

A number of the property holders, in possession of the fact that the work of the board was nearing an end, appeared at the city hall yesterday and asked that they be allowed to see how their property had been assessed. Upon being granted the permission all stated that the work had been done in a most satisfactory manner. However, the board does not expect to strike a popular chord with all of them. On the contrary it anticipates censure on the part of some. Notwithstanding that their work will be practically at an end this evening, its members do not hope to be cleared of further trouble by the simple filing of it.

As stated exclusively in the News Review, a very material change has been made in the assessment extending from the western limit to the East End school house and it is from the property holders between these two points that the board expects the registering of dissatisfaction.

Herbert Smith.

Herbert Smith, who was so badly injured by falling from a ladder at the LaBelle pottery, Wheeling, last week, died of his injuries in that city yesterday afternoon. He was 60 years old and long a resident of East Liverpool. The remains will be brought to the home of his son-in-law, William Hassell, in this city, this evening, at which place the funeral services will be held Monday afternoon. Interment will be made in Riverview.

Killed By a Train.

Alliance, December 13.—Elmer Culbertson, for many years employed on the railroad in Alliance, was killed yesterday. He was in the shop crew and was riding on a shifter when he was thrown off and under the wheels. He was 34 years old and leaves a family. He served in the Eighth O. V. I. during the Spanish-American war.

Pottery Incorporation.

Columbus, December 13.—(Special)—The Ziegler Filter and Pottery company, of Toledo, capital $10,000, has incorporated to make tiling and earthenware. Incorporators: Charles J. Ziegler, E. H. Taggart, E. E. Sarafford, F. C. Motter and Robert Bauer.

Trenton Excited Over the Proposition to Unite K. of L. and Brotherhood.

THE ORIGIN OF THE MOVE

Vice President Hutchins Says He Favors What He Knows the Insurgents—They Will Come In On the Same Terms As New Members.

From a Staff Correspondent.

Trenton, N. J., December 13.—The greatest excitement that has been aroused in pottery circles [illegible] since the visit of A. S. Hayden, of the National Brotherhood of Potters, three years ago to [illegible] adoption of the uniform [illegible] the Trenton manufacturers [illegible] now prevails, as a result of the action introduced at last Tuesday night's meeting of the Enterprise Assembly Knights of Labor to merge its entire membership into the Brotherhood.

This movement has given to the public the first official announcement of the failure of the insurgent's cause coupled with the factional fights which now threaten its existence. Charges are being made against prominent insurgent leaders of playing into the hands of the Brotherhood for a monetary consideration, and a movement has been inaugurated to overthrow President John W. Morgan.

Charles W. Roland, who is the leader of the fight against Morgan, came to the newspaper offices yesterday with the statements bearing his signature, in which he charges that President Frank H. Hutchins, while offering the Knights of Labor $50 to abandon its rebellious policy and unite with the Brotherhood, which has guaranteed to secure all the reforms needed in the various branches of the organization. Hutchins denies that any Brotherhood man has offered anybody any money.

While factional fights are ripping the Knights of Labor asunder, Trenton manufacturers refuse to lend their aid to adjust matters, and have cast their sympathies with the Brotherhood. The fight which now exists within the ranks of the Knights of Labor is only a sequel to their failure to secure recognition from the manufacturers for the uniform price list which was submitted for the latter's approval last April. The [illegible] the controlling element in the Knights of Labor, have been compelled to stand idly by and watch the Brotherhood secure concessions for its members, while they could do nothing.

WITH THE WORKMEN IN THE CLAY PLANTS

BRICK AND PIPE TRADE GOOD.

Toronto, December 13.—(Special)—The American Sewer Pipe company, has had a most prosperous year as regards the manufacture and sale of sewer pipe. The shipments from this particular portion have been unprecedented during the entire summer and fall, averaging over 1,000 cars per month and requiring the services of a special shifter from the Wellsville yards to clear away the traffic. The fact that but few of their plants have as yet been closed down as is usual for a month or so during the colder winter months, augurs well for the continuance of the trade with but little stoppage. A stop will only probably be made in case necessary repairs are required, but the American has been prosecuting these repairs right along, and when necessity required, other plants within the regime that were not in operation, were put into trim, and the production kept up equal to the demand for pipe. Especially have extensive repairs been made to the Western plants of the corporation, showing that they are alive to the wants of the big western trade as well as in the southwest. It is not probable that any great changes will be made at the plants in this section. Officials of the corporation on a recent visit seemed well satisfied with the present operation of their plants located here.

Independent sewer pipe concerns are rapidly springing up throughout the country, and are now nearly equal in number to those of the American. Quite a number equal in capacity and modern equipment some of the best plants in the American regime, and they will soon begin to prove an important factor in sewer pipe trade. More are also projected.

The fire brick trade of this section has also kept pace and was never greater than the traffic in sewer pipe the past season, but the rush with the brick plants is practically over, the demand having stopped for paving and building material. However, many of the yards will continue in operation until extreme cold weather compels them to desist. When this occurs, the mining of clay and coal will be pushed with every possible vigor and the spring months finds plenty of clay dumped ahead for the operation of the plants during the entire summer.

A POTTERY COMBINE.

A movement is on foot in the Staffordshire potteries, a Hanley correspondent writes, to effect an important combine in the china trade. Over thirty large manufacturers are included in the scheme, which is supported solidly by the large towns of Longton and Fenton. This is the center of the English cheap china trade, and recently the effects of American competition have been so keenly felt that the manufacturers find it necessary to combine in order to safeguard their existence, as year by year American pottery manufacturers are becoming more and more menace. Although the firms taking an active part in the project are allied with the English China Manufacturers' association, the enterprise is not run by that body, but is being worked as an entirely separate undertaking.

KEYSTONE IN OPERATION.

The Keystone Pottery company, of New Brighton, is now in full operation. This is a new semi-porcelain plant transformed out of the old Cooper stoneware or enameling plant by Hiram Rigby, formerly of this city. It has only two kilns at present, though they have in contemplation the erection of a large biscuit kiln which will nearly double their capacity. They are showing a good line of staple semi porcelain and propose to make a grade of goods that will stand on their merit.

WILL MAKE SPECIALTIES.

The American China company, at Toronto, is still at work on back orders for the regular lines of ware, but it is authentically stated that after January 1st, the pottery will work on nothing but specialties for a western cereal company, which will take the entire product of the plant throughout the year. The manufacture of regular lines, after January 1st, it is stated will be discontinued.

PIPE PLANTS CLOSED.

The Markle and Ohio Valley sewer pipe plants of the American Sewer Pipe company, have both been closed for the winter, and needed repairs will be made during the interval. The Calumet, Empire, Freeman's, Forest City, and Great Western plants of the American are still in operation, though extreme cold weather will cause a suspension, and likely a brief shut down will occur during the holidays.

ELECTION IN NO. 9.

Kilnmen's local No. 9 held its regular meeting last night at the Brotherhood hall. Regular routine business occupied the greater part of the time which was followed by the election of officers. The newly elected officers are as follows: President, Tom Neil; vice president, Allen Hayes; statistician, John Wood; treasurer, James Johnson; secretary, George Smith; one per cent. secretary, John Hester; financial secretary, Aaron Coleman.

BOOM AT TILTONVILLE.

The Tiltonville pottery is on the boom. The grade of goods made there is of the metallic finish with fancy decorations. It was rumored early in the summer that a grade of white would be made, but the firm is still producing the single fine art goods, with vases as the particular line. The large decorating kilns which were erected this summer, are being forced to their full capacity.

NEW OFFICERS CHOSEN.

Local union No. 44, of Sebring, elected the following officers for the ensuing year, at its last meeting: President, Charles Dorff; vice president, Clarence Miller; recording secretary, Walter Crowson; financial secretary, C. J. Blumenstein; treasurer, H. J. McMaster; one per cent. clerk, William Moulds; inspector, Homer Wollam; guard, Henry Blumenstein; statistician, Harry Green; trustee, David Watson.

NO DIVIDENDS.

In conversation with a large stockholder of a valuable sewer pipe plant located in Eastern Ohio, but since merged into the American Sewer Pipe company, the gentleman stated he had been in the habit of drawing dividends semi-annually while the plant was under an independent regime, but had so far failed to see any dividends forthcoming under the new regime.

MAYER POTTERY BUSY.

Everything is reported to be running smoothly at the Mayer pottery, Beaver Falls, Pa. They have adopted the nine-hour work day and dispensed with the half holiday on Saturday that they have been giving the past two years. They thus work till 5 o'clock on Saturday, except on paydays, when they close at 4 o'clock.

RUNNING ON NOVELTIES.

The Chesiea pottery at New Cumberland is now wholly employed on novelties and specialties, these latter for a big cereal company in the west, which is taking almost the entire product of the pottery. The pottery has had considerable difficulty in obtaining clay. A brief shut down will occur during the holidays.

PACKERS' LOCAL MEETING.

Packers' local held an interesting meeting in its hall last night. While several matters of importance were discussed no business out of the ordinary was transacted. At their meeting next week the election of officers to serve for the first six months of the new year will be held.

ANOTHER PLANT, PERHAPS.

From all parts of Trenton come reports of increased activity in the potting industry. Many of the plants are operating until midnight and 1 a. m., and in a few instances the rush of orders is so great that the shops are kept going all night.

NEW DESIGN.

The Wheeling Pottery company has designed a new semi-porcelain dinner set which is confidently expected to be a winner. The first samples were sent out this month and wherever introduced they have met with a cordial reception.

NEW SANITARY PLANT.

The new sanitary plant at Evansville, Ind., is being rushed to completion, 21 bricklayers being employed, to say nothing of the carpenters and laborers. The building is 90x300 feet and is now under roof.

FIRST KILN DRAWN.

The first bisque kiln of ware at the new China works in Sebring, was drawn Wednesday. The ware and the burning of it were a success in every particular.

POTTERY NOTES.

There are now about 75 Toronto people employed at the Chelsea pottery in New Cumberland.

The Myers Clay Manufacturing Company's (Independent) plant will probably be in operation the most of the winter.

Second Victim Dead.

Steubenville, December 13. — Mrs. Alfred Dray, who, with her husband, was struck by a Cleveland & Pittsburg passenger train Wednesday evening, died from her injuries at the Gill hospital yesterday and the crushed bodies of husband and wife repose side by side in a morgue awaiting a double interment.

HEALTHY WOMEN

Blood Wine Their Comfort

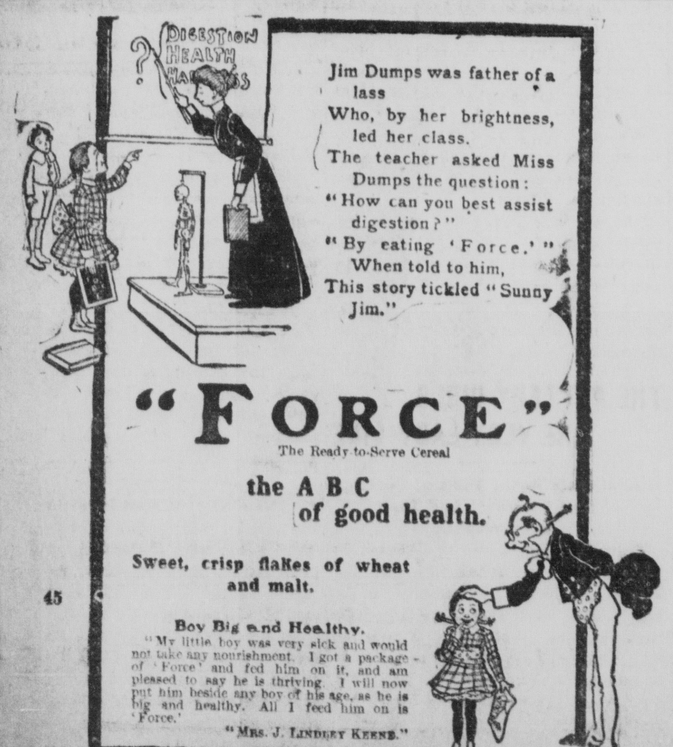

Women that are thin, pale, hollow-chested, sunken-cheeked, who are losing flesh, can't sleep, have foul breath, bad taste in the mouth, who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. "Blood Wine" cures all these symptoms as if by magic. It cures the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women are just now experiencing. Mrs. A. A. Hatch of 8 Park Avenue, Forest Hills, Mass., says:

"For a long time I was in a terrible run down condition with female troubles, which my physicians called different names. I suffered terribly at periods, and could get no relief. I heard of 'Blood Wine,' which a number of my neighbors were taking, every one of whom had some good report to make about it, so I got a bottle. It helped me at once, and I got another. After the second the pains left me, and my old periodical suffering came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain. I am gaining in strength and flesh every day. There is certainly nothing made that can equal 'Blood Wine.'"

It's all in the blood. You can have your blood examined and a true report recorded free of charge, by sending your name to the Louis Daudelin Co., Worcester, Mass.

If your health is bad get a bottle of "Blood Wine" For fifty cents.

A BIG COAL FLEET WAITING TO MOVE

PART OF IT ALREADY STARTED DOWN THE OHIO.

The Rest Will Wait Until the Danger of a Flood Is Past.

The movement to southern points of the immense coal fleet which has been awaiting shipment in the ports at Pittsburg for the past several months was started yesterday afternoon.

Considerable trouble was experienced by the rivermen in making up the tows, as the swift current coming out of the Monongahela river made it unsafe for many of the larger steamers to attempt to do any work. There was a stage of almost 20 feet of water at Pittsburg this morning and the Ohio river was rising at the rate of about one foot an hour. It is probable that the larger boats will not attempt to start out until the flood from the upper rivers recedes.

Between 8,000,000 and 10,000,000 bushels of coal was ready for shipment before the rise came, and of this only about 2,000,000 bushels was started out in small tows in charge of the smaller boats.

Most of the coal sent out last night and today will be distributed along the towns of the upper Ohio and very little of it will reach Cincinnati and the lower river ports until the larger tow boats get away.

The captains of the different boats were busy all day yesterday securing their crews and arranging the minor details which are necessary before they start out on their trips.

ELABORATE PRODUCTION OF THE DRUMMER BOY

The Popular Play to Be Put on in Better Style Than Ever Before.

The cast of characters for the production of "The Drummer Boy" held a rehearsal last evening, and with but a few exceptions the ladies and gentlemen taking part showed themselves masters of their respective parts.

A. F. Nail, of Mansfield, who directs the production, arrived in the city today and will be present at a rehearsal to be held tonight at Grand Army hall. The popular drama is to be staged here in its most elaborate form, and it is estimated that upwards of 100 persons have to the present been engaged to take part. Stage rehearsals will be commenced on Monday evening, and it is proposed to do some hard work for the three days previous to the first night's performance.

A POTTERY COMBINE.

A movement is on foot in the Staffordshire potteries, a Hanley correspondent writes, to effect an important combine in the china trade. Over thirty large manufacturers are included in the scheme, which is supported solidly by the large towns of Longton and Fenton. This is the center of the English cheap china trade, and recently the effects of American competition have been so keenly felt that the manufacturers find it necessary to combine in order to safeguard their existence, as year by year American pottery manufacturers are becoming more and more menace. Although the firms taking an active part in the project are allied with the English China Manufacturers' association, the enterprise is not run by that body, but is being worked as an entirely separate undertaking.

KEYSTONE IN OPERATION.

The Keystone Pottery company, of New Brighton, is now in full operation. This is a new semi-porcelain plant transformed out of the old Cooper stoneware or crameling plant by Hiram Rigby, formerly of this city. It has only two kilns at present, though they have in contemplation the erection of a large biscuit kiln which will nearly double their capacity. They are showing a good line of staple semi-porcelain and propose to make a grade of goods that will stand on their merit.

WILL MAKE SPECIALTIES.

The American China company, at Toronto, is still at work on back orders for the regular lines of ware, but it is authentically stated that after January 1st, the pottery will work on nothing but specialties for a western cereal company, which will take the entire product of the plant throughout the year. The manufacture of regular lines, after January 1st, it is stated will be discontinued.

PIPE PLANTS CLOSED.

The Markle and Ohio Valley sewer pipe plants of the American Sewer Pipe company, have both been closed for the winter, and needed repairs will be made during the interval. The Calumet, Empire, Freeman's, Forest City, and Great Western plants of the American are still in operation, though extreme cold weather will cause a suspension, and likely a brief shut down will occur during the holidays.

ELECTION IN NO. 9.

Kilmmen's local No. 9 held its regular meeting last night at the Brotherhood hall. Regular routine business occupied the greater part of the time which was followed by the election of officers. The newly elected officers are as follows: President, Tom Neil; vice president, Allen Hayes; statistician, John Wood; treasurer, James Johnson; secretary, George Smith; one per cent. secretary, John Hester; financial secretary, Aaron Coleman.

BOOM AT TILTONVILLE.

The Tiltonville pottery is on the boom. The grade of goods made there is of the metallic finish with fancy decorations. It was rumored early in the summer that a grade of white would be made, but the firm is still producing the single fine art goods, with vases as the particular line. The large decorating kilns which were erected this summer, are being forced to their full capacity.

NEW OFFICERS CHOSEN.

Local union No. 44, of Sebring, elected the following officers for the ensuing year, at its last meeting: President, Charles Dorff; vice president, Clarence Miller; recording secretary, Walter Crowson; financial secretary, C. J. Blumenstein; treasurer, H. J. McMaster; one per cent. clerk, William Moulds; inspector, Homer Wollam; guard, Henry Blumenstein; statistican, Harry Green; trustee, David Watson.

NO DIVIDENDS.

In conversation with a large stockholder of a valuable sewer pipe plant located in Eastern Ohio, but since merged into the American Sewer Pipe company, the gentleman stated he had been in the habit of drawing dividends semi-annually while the plant was under an independent regime, but had so far failed to see any dividends forthcoming under the new regime.

MAYER POTTERY BUSY.

Everything is reported to be running smoothly at the Mayer pottery, Beaver Falls, Pa. They have adopted the nine-hour work day and dispensed with the half holiday on Saturday that they have been giving the past two years. They thus work till 5 o'clock on Saturday, except on paydays, when they close at 4 o'clock.

RUNNING ON NOVELTIES.

The Chelsea pottery at New Cumberland is now wholly employed on novelties and specialties, these latter for a big cereal company in the west, which is taking almost the entire product of the pottery. The pottery has had considerable difficulty in obtaining clay. A brief shut down will occur during the holidays.

PACKERS' LOCAL MEETING.

Packers' local held an interesting meeting in its hall last night. While several matters of importance were discussed no business out of the ordinary was transacted. At their meeting next week the election of officers to serve for the first six months of the new year will be held.

ANOTHER PLANT, PERHAPS.

The recent increase in the capital stock of the East Palestine Pottery company from $40,000 to $120,000 is a pretty good evidence of the success that has attended the company. It is stated that another pottery will be built in East Palestine in the spring.

ALL NIGHT WORK.

From all parts of Trenton come reports of increased activity in the potting industry. Many of the plants are operating until midnight and 1 a. m., and in a few instances the rush of orders is so great that the shops are kept going all night.

NEW DESIGN.

The Wheeling Pottery company has designed a new semi-porcelain dinner set which is confidently expected to be a winner. The first samples were sent out this month and wherever introduced they have met with a cordial reception.

NEW SANITARY PLANT.

The new sanitary plant at Evansville, Ind., is being rushed to completion, 21 bricklayers being employed, to say nothing of the carpenters and laborers. The building is 90x300 feet and is now under roof.

FIRST KILN DRAWN.

The first bisque kiln of ware at the new China works in Sebring, was drawn Wednesday. The ware and the burning of it were a success in every particular.

POTTERY NOTES.

There are now about 75 Toronto people employed at the Chelsea pottery in New Cumberland.

The Myers Clay Manufacturing Company's (Independent) plant will probably be in operation the most of the winter.

Second Victim Dead.

Steubenville, December 13. — Mrs. Alfred Dray, who, with her husband, was struck by a Cleveland & Pittsburg passenger train Wednesday evening, died from her injuries at the Gill hospital yesterday and the crushed bodies of husband and wife repose side by side in a morgue awaiting a double interment.

HEALTHY WOMEN

Blood Wine Their Comfort

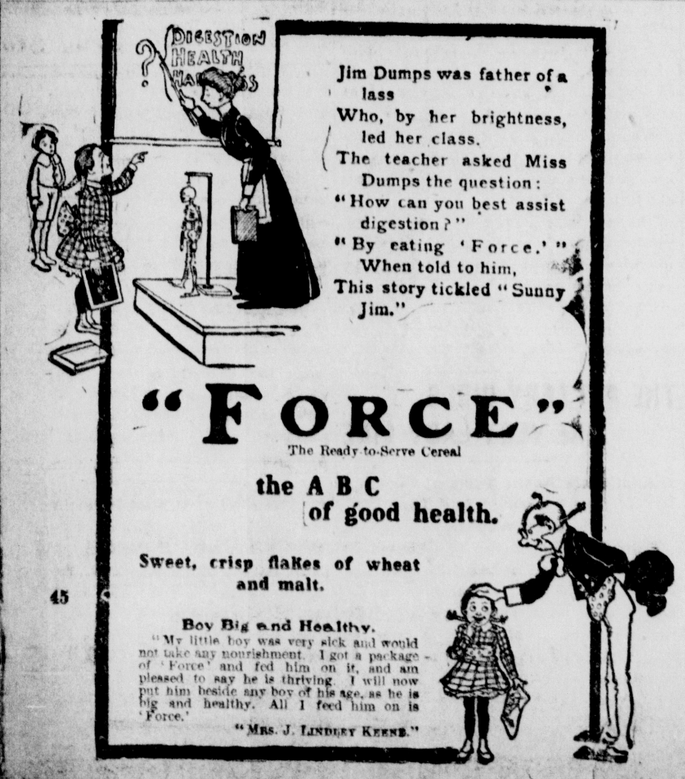

Women that are thin, pale, hollow-chested, sunken-cheeked, who are losing flesh, can't sleep, have foul breath, bad taste in the mouth, who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. "Blood Wine" cures all these symptoms as if by magic. It cures the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women are just now experiencing. Mrs. A. A. Hatch of 8 Park Avenue, Forest Hills, Mass., says:

"For a long time I was in a terrible run down condition with female troubles, which my physicians called different names. I suffered terribly at periods, and could get no relief. I heard of 'Blood Wine,' which a number of my neighbors were taking, every one of whom had some good report to make about it, so I got a bottle. It helped me at once, and I got another. After the second the pains left me, and my old periodical suffering came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain. I am gaining in strength and flesh every day. There is certainly nothing made that can equal 'Blood Wine.'"

It's all in the blood. You can have your blood examined and a true report recorded free of charge, by sending your name to the Louis Daudelin Co., Worcester, Mass.

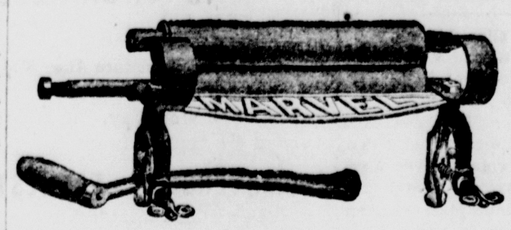

If your health is bad get a bottle of "Blood Wine" For fifty cents.

A BIG COAL FLEET WAITING TO MOVE

PART OF IT ALREADY STARTED DOWN THE OHIO.

The Rest Will Wait Until the Danger of a Flood Is Past.

The movement to southern points of the immense coal fleet which has been awaiting shipment in the ports at Pittsburg for the past several months was started yesterday afternoon.

Considerable trouble was experienced by the rivermen in making up the tows, as the swift current coming out of the Monongahela river made it unsafe for many of the larger steamers to attempt to do any work. There was a stage of almost 20 feet of water at Pittsburg this morning and the Ohio river was rising at the rate of about one foot an hour. It is probable that the larger boats will not attempt to start out until the flood from the upper rivers recedes.

Between 8,000,000 and 10,000,000 bushels of coal was ready for shipment before the rise came, and of this only about 2,000,000 bushels was started out in small tows in charge of the smaller boats.

Most of the coal sent out last night and today will be distributed along the towns of the upper Ohio and very little of it will reach Cincinnati and the lower river ports until the larger tow boats get away.

The captains of the different boats were busy all day yesterday securing their crews and arranging the minor details which are necessary before they start out on their trips.

ELABORATE PRODUCTION OF THE DRUMMER BOY

The Popular Play to Be Put on in Better Style Than Ever Before.

The cast of characters for the production of "The Drummer Boy" held a rehearsal last evening, and with but a few exceptions the ladies and gentlemen taking part showed themselves masters of their respective parts.

A. F. Nail, of Mansfield, who directs the production, arrived in the city today and will be present at a rehearsal to be held tonight at Grand Army hall. The popular drama is to be staged here in its most elaborate form, and it is estimated that upwards of 100 persons have to the present been engaged to take part. Stage rehearsals will be commenced on Monday evening, and it is proposed to do some hard work for the three days previous to the first night's performance.

WHAT IS GOING ON IN PUBLIC SCHOOLS

Notes of Interest About the Work of Pupils and Teachers in the City.

VERY ENTERTAINING TALKS

By Visitors to the High School During the Past Week—Pretty Christmas Decorations in Several of the School Rooms.

During the past week, among the visitors at the high school were Walter J. Blakely, Miss Edna Simms, Miss Euphemia Huston and N. A. Frederick. On Monday morning Mr. Blakely, of St. Louis, made interesting remarks in the chapel services. He spoke of the many years ago when he as a boy attended the first public school which was built on the present site of the central school building. Mr. Blakely's father, John S. Blakely, was at one time a member of the board of education, as well as an eminent citizen, and it was in the public schools of this city many years ago that Mr. Blakely received his early training.

Mr. Blakely's remarks were followed by Miss Euphemia Boyce Huston, former principal of the high school, who spoke briefly, but beautifully. Her theme was character-building and compared the beauty of Solomon's temple to nobility of character, saying that the pillars represented the strength and purity of character, while the lily fretwork above was symbolical of the little favors and courtesies of life which make it true pleasure. Furthermore she said that in returning on a visit to the high school it seemed to her that she was only coming home. After closing remarks this party of visitors by invitation of the principal, Miss Florence Updegraff, and Supt. R. E. Rayman, visited in other grades, among them the first primary, taught by Miss Lina Joseph and Miss Florence Harris. They also visited the fifth and sixth grades, where they heard excellent singing by the children of those grades.

On Friday morning Dr. E. E. Sparks spoke for an hour in the high school on the topic "A Tramp and a Trampess." His story was replete with interesting instruction, in which he told of his touring in the Hartz mountains of Germany, and personified himself as the tramp, while his wife, Mrs. Sparks, took the part of the trampess. he faculty and students considered themselves highly favored by so interesting and instructive a talk.

During the chapel exercises the high school octet, composed of William Rhodes, Ben Bennett, Will Cripps, Blaine Cochran, John Evans, Frank Gardner, Charles Gaston and Joe Young, rendered "Lead, Kindly Light,' and were highly complimented upon their singing by Dr. Sparks.

The B junior literature class, which is under the supervision of Miss Florence Updegraff, today presented to the principal some excellent essays upon subjects taken from the "Autocrat of the Breakfast Table." The productions were very creditable and are only typical of the work usually done in the class.

Miss Jessie Manley, a member of the high school faculty, was out of school Tuesday on account of the serious illness of her mother.

There are a host of friends in the educational business and social circles of this city who will be gratified to hear that Prof. R. E. Rayman, who has been ill for a day or so, will be in his office on Monday attending to duties.

Sixth Street Building.

Miss Howard utilized a pretty design in holly to decorate the words "Merry Christmas."

Miss Grace Morgan, who has the third grade at the building, delighted the children last week when she allowed them to make white paper Christmas baskets, and permitted them to take them home.

Miss Lena Howard, teacher of the fourth grade, has a forget-me-not honor roll where she has placed the names of the boys and girls who have never been absent from school this year yet. They are: Andrew Bennett, Earl Burbridge, Harry Carson, Emmett Gaston, Ralph Smith, Clude Wooley, Minnie Madduck, Francis Dunn, Juanita Harris,

Miss Martha Caliebe, teacher of the second grade, has a holly honor roll upon which the girls and boys are striving very hard to have their names placed. One day a short time ago Miss Caliebe had the girls and boys do some free hand cutting, the results of which were a number of paper peaches and pears, so realistic that the teacher mounted them and has made quite an attractive decoration of the mountings.

Miss Margaret Roach, teacher of the sixth grade at Sixth street, last week had some drawings appropriate for Christmas placed on the board. One winter scene which is is especially good was drawn by one of the pupils Miss Elizabeth Clark, who possesses a talent for such work. The room is known as the Frances Williard room, and the teacher and pupils are making preparations for a good program on next Friday.

Among the Pupils.

Harold Bulger is ill at his home on Sixth street.

Miss Ellen King, is ill at her home near Ralston's crossing.

Lee Williamson has returned to school after a short seige of sickness.

Goldie Tice, daughter of William Tice is ill at her home on Railroad street.

Sadie Hugo, of Mulberry street, East End, is detained from school by illness.

Minnie Kilmer has been absent for several weeks, due to illness in the family.

William Copestick, of Ohio avenue, East End, is detained from school by illness.

Harry Thompson, of Mulberry street, East End, is out of school on account of illness.

Miss Ollie Kerr, niece of Mrs. Frank Croxall, is in New Cumberland the guest of her sisters.

Bessie Bennett, daughter of John Bennett, is quite ill at her home on First avenue, East End.

Thomas Canne, son of Max Canne, of Ridgeway avenue, has returned to school after a short illness.

Colonel Scotten, son of Charles Scotten, of Elm street, East End, was absent from school on account of illness.

Third Street School.

Miss Mary Douglas, who has the second grade, has done some splendid paper work in the past week over which the children are very enthusiastic.

Miss Lena Blake has made her room very attractive by a holly border, a reindeer and a Santa Claus on a roof about ready to go down the chimney with a well filled pack.

The Third street school building have some very pretty decorations in the various rooms. In Miss Lizzie Griggs' room are drawings of Christmas bells and also a picture of Santa Claus ringing the Christmas bells.

Miss Andrews, teacher of the third grade at the Third street school, has delighted the little ones in her school with a large chimney place where Santa Claus is going down, while in other places of the room are drawings which please the children with the Christmas thought.

Horace Mann Building.

Several teachers at the Horace Mann building during the past week have been allowing the children to make Christmas booklets, with appropriate quotations. Miss Elma Croxall, teacher of the first grade, last week had the children do some paper cutting, which is used effectively for decorations.

Among the Teachers.

Misses Clara Beal and Emily Firth, who are teachers of the seventh and eighth grades at the central building, are making arrangements for a literary program to be held in their room on next Friday afternoon. There will be some excellent essays on the program.

COUNTY AND NEIGHBORHOOD

Nerves All Unstrung.

That describes the condition exactly. Children's noise, street sounds, little things that usually pass unnoticed annoy. A sudden sound, a call, you jump; a harsh word, a crying spell. The sleep is full of jerks and starts; trouble fills your dreams; you do not rest. Tired you go to bed, weary you rise. It's the unstrung nerves, weak, shattered, over sensitive, on edge. They need rest, quiet, strength, steadiness. Well-known people in your own city give you the cure in Dr. A. W. Chase's Nerve Pills—the most remarkably successful nerve medicine ever produced.

TORONTO, OHIO.

Mrs. W. C. Sine, of River street, Toronto, O., says: "As a medicine to quiet the nerves and give rest and sleep at night I can recommend Dr. A. W. Chase's Nerve Pills. When I began to use them I was nervous, sleepless and consequently debilitated. The medicine gave me strength, vitality, steady nerves and natural sleep. I am, as a matter of course, pleased with the result of the medicine."

A NERVE TONIC NEVER EQUALED

THIS SHAPED BOX - NO OTHER

SALEM, OHIO.

Mrs. Etta Wise, of No. 91 Howard street, Salem, Ohio, says:—"Dr. A. W. Chase's Nerve Pills are all they claim to be. I used a box that I got with splendid results for neuralgia of the head. It is the only medicine that touched it, and it has affected me for six years. It certainly made a hit with me and gave me restful sleep. A neighbor recently moved to Pittsburg, Pa., tells me the medicine in her case was a grand nerve tonic, steadying her nerves, giving her strength and sleep—something she needed badly, and at the same time curing a growing disposition to nervous headaches."

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strength-giving tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Miss Ellen King, is ill at her home near Ralston's crossing.

Lee Williamson has returned to school after a short seige of sickness.

Goldie Tice, daughter of William Tice, is ill at her home on Railroad street.

Sadie Hugo, of Mulberry street, East End, is detained from school by illness.

Minnie Kilmer has been absent for several weeks, due to illness in the family.

William Copestick, of Ohio avenue, East End, is detained from school by illness.

Harry Thompson, of Mulberry street, East End, is out of school on account of illness.

Miss Ollie Kerr, niece of Mrs. Frank Croxall, is in New Cumberland the guest of her sisters.

Bessie Bennett, daughter of John Bennett, is quite ill at her home on First avenue, East End.

Thomas Canne, son of Max Canne, of Ridgeway avenue, has returned to school after a short illness.

Colonel Scotten, son of Charles Scotten, of Elm street, East End, was absent from school on account of illness.

Third Street School.

Miss Mary Douglas, who has the second grade, has done some splendid paper work in the past week over which the children are very enthusiastic.

Miss Lena Blake has made her room very attractive by a holly border, a reindeer and a Santa Claus on a roof about ready to go down the chimney with a well filled pack.

The Third street school building have some very pretty decorations in the various rooms. In Miss Lizzie Griggs' room are drawings of Christmas bells and also a picture of Santa Claus ringing the Christmas bells.

Miss Andrews, teacher of the third grade at the Third street school, has delighted the little ones in her school with a large chimney place where Santa Claus is going down, while in other places of the room are drawings which please the children with the Christmas thought.

Horace Mann Building.

Several teachers at the Horace Mann building during the past week have been allowing the children to make Christmas booklets, with appropriate quotations. Miss Elma Croxall, teacher of the first grade, last week had the children do some paper cutting, which is used effectively for decorations.

Among the Teachers.

Misses Clara Beal and Emily Firth, who are teachers of the seventh and eighth grades at the central building, are making arrangements for a literary program to be held in their room on next Friday afternoon. There will be some excellent essays on the program.

Nerves All Unstrung.

That describes the condition exactly. Children's noise, street sounds, little things that usually pass unnoticed annoy. A sudden sound, a call, you jump; a harsh word, a crying spell. The sleep is full of jerks and starts; trouble fills your dreams; you do not rest. Tired you go to bed, weary you rise. It's the unstrung nerves, weak, shattered, over sensitive, on edge. They need rest, quiet, strength, steadiness. Well-known people in your own city give you the cure in Dr. A. W. Chase's Nerve Pills—the most remarkably successful nerve medicine ever produced.

TORONTO, OHIO.

Mrs. W. C. Sine, of River street, Toronto, O., says: "As a medicine to quiet the nerves and give rest and sleep at night I can recommend Dr. A. W. Chase's Nerve Pills. When I began to use them I was nervous, sleepless and consequently debilitated. The medicine gave me strength, vitality, steady nerves and natural sleep. I am, as a matter of course, pleased with the result of the medicine."

SALEM, OHIO.

Mrs. Etta Wise, of No. 91 Howard street, Salem, Ohio, says:—"Dr. A. W. Chase's Nerve Pills are all they claim to be. I used a box that I got with splendid results for neuralgia of the head. It is the only medicine that touched it, and it has affected me for six years. It certainly made a hit with me and gave me restful sleep. A neighbor recently moved to Pittsburg, Pa., tells me the medicine in her case was a grand nerve tonic, steadying her nerves, giving her strength and sleep—something she needed badly, and at the same time curing a growing disposition to nervous headaches."

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strength-giving tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle.

IN THE SCHOOLS.

WHAT IS GOING ON IN PUBLIC SCHOOLS

Notes of Interest About the Work of Pupils and Teachers in the City.

VERY ENTERTAINING TALKS

By Visitors to the High School During the Past Week—Pretty Christmas Decorations in Several of the School Rooms.

During the past week, among the visitors at the high school were Walter J. Blakely, Miss Edna Simms, Miss Euphemia Huston and N. A. Frederick. On Monday morning Mr. Blakely, of St. Louis, made interesting remarks in the chapel services. He spoke of the many years ago when he as a boy attended the first public school which was built on the present site of the central school building. Mr. Blakely's father, John S. Blakely, was at one time a member of the board of education, as well as an eminent citizen, and it was in the public schools of this city many years ago that Mr. Blakely received his early training.

Mr. Blakely's remarks were followed by Miss Euphemia Boyce Huston, former principal of the high school, who spoke briefly, but beautifully. Her theme was character-building and compared the beauty of Solomon's temple to nobility of character, saying that the pillars represented the strength and purity of character, while the lily fretwork above was symbolical of the little favors and courtesies of life which make it true pleasure. Furthermore she said that in returning on a visit to the high school it seemed to her that she was only coming home. After closing remarks this party of visitors by invitation of the principal, Miss Florence Updegraff, and Supt. R. E. Rayman, visited in other grades, among them the first primary, taught by Miss Lina Joseph and Miss Florence Harris. They also visited the fifth and sixth grades, where they heard excellent singing by the children of those grades.

On Friday morning Dr. E. E. Sparks spoke for an hour in the high school on the topic "A Tramp and a Trampess." His story was replete with interesting instruction, in which he told of his touring in the Hartz mountains of Germany, and personified himself as the tramp, while his wife, Mrs. Sparks, took the part of the trampess. he faculty and students considered themselves highly favored by so interesting and instructive a talk.

During the chapel exercises the high school octet, composed of William Rhodes, Ben Bennett, Will Cripps, Blaine Cochran, John Evans, Frank Gardner, Charles Gaston and Joe Young, rendered "Lead, Kindly Light," and were highly complimented upon their singing by Dr. Sparks.

The B junior literature class, which is under the supervision of Miss Florence Updegraff, today presented to the principal some excellent essays upon subjects taken from the "Autocrat of the Breakfast Table." The productions were very creditable and are only typical of the work usually done in the class.

Miss Jessie Manley, a member of the high school faculty, was out of school Tuesday on account of the serious illness of her mother.

There are a host of friends in the educational business and social circles of this city who will be gratified to hear that Prof. R. E. Rayman, who has been ill for a day or so, will be in his office on Monday attending to duties.

Sixth Street Building.

Miss Howard utilized a pretty design in holly to decorate the words "Merry Christmas."

Miss Grace Morgan, who has the third grade at the building, delighted the children last week when she allowed them to make white paper Christmas baskets, and permitted them to take them home.

Miss Lena Howard, teacher of the fourth grade, has a forget-me-not honor roll where she has placed the names of the boys and girls who have never been absent from school this year yet. They are: Andrew Bennett, Earl Burbridge, Harry Carson, Emmett Gaston, Ralph Smith, Clude Wooley, Minnie Madduck, Francis Dunn, Juanita Harris.

Miss Martha Caliebe, teacher of the second grade, has a holly honor roll upon which the girls and boys are striving very hard to have their names placed. One day a short time ago Miss Caliebe had the girls and boys do some free hand cutting, the results of which were a number of paper peaches and pears, so realistic that the teacher mounted them and has made quite an attractive decoration of the mountings.

Miss Margaret Roach, teacher of the sixth grade at Sixth street, last week had some drawings appropriate for Christmas placed on the board. One winter scene which is is especially good was drawn by one of the pupils Miss Elizabeth Clark, who possesses a talent for such work. The room is known as the Frances Williard room, and the teacher and pupils are making preparations for a good program on next Friday.

SATURDAY, DECEMBER 13, 1902.

America is on guard as regards the Venezuelan situation. Nobody need fear that the British and German fleets which are in Venezuelan waters will upset the Monroe doctrine before they get through with Castro. There is a far bigger and far more formidable collection of war vessels in the vicinity of the disturbed district than these two nations have on the ground. These vessels are flying the American flag. They are under the command of men who have had much more experience in actual war than any persons in either the British or the German naval service at this time. At the head of these men is Admiral Dewey.

Why the imitation war vessels which constituted part of the assets of their Venezuelan creditor upon the sea should have been destroyed by the European debt collectors is another mystery added to the profound depths of grand diplomacy. The boats were as harmless as pop guns in the presence of the invading fleet even before they were captured, and after their capture they were not only powerless to do any injury whatsoever, but might have served as security to the amount of their value to the imperial governments and their subjects.

Chairman Burton, of the rivers and harbors committee, represents only a small section of Ohio in his opposition to steps calculated to promote river improvement. If it becomes necessary to wait for another congress to act, the people of the state will do well to see to it that only champions of river improvement are elected.

A census of the candidates for municipal office in East Liverpool would certainly indicate that there is no general fear of the new code. The city has no lack of good material to fill the offices, and if the people see to it that only good men are selected all will be well.

A southern railroad engineer is reported to have discovered how to toot the tune, "The Sweet Bye and Bye," with his engine whistle. It must require abnormal courage to attempt such an experiment in the lynching belt.

Allegheny county, Pa., has a record of 91 murders thus far this year and expects to record 100 before the month ends. Hanging seems to be played out over there.

OBITUARY

Mrs Joseph Caldwell.

Mrs. Joseph Caldwell, 75 years of age, of Eighteenth street, West End, died last night. She leaves a husband, two sons, a daughter and one sister, the latter, of Cleveland. The daughter resides with her husband at Ironsale. Funeral services will be held Sunday afternoon. Monday morning the remains will be taken to New Somerset for interment. She formerly lived in Knoxville.

CANDLE DECORATION

Paraffine Beauties Succeed the Tallow Dip of Ye Olden Days.

Like many other quaint accessory of our forefathers, the candle is again coming in vogue, not only as an article of household necessity, but as a means of beautifying the home, drawing room candles now being considered an almost indispensible factor of decoration for the five o'clock tea, the dinner party or formal reception. Of course the candle of modern make, with its rich veneer of color, is a far different product than the old tallow dip with its ill-smelling smoke that taxed the eyes of our ancestors. The decorative candle of today is an accurately proportioned stick of pure paraffine that burns with a light as clear and white as the gleam of the evening star. Clothed in a tinted shade of shimmering silk, or even paper, it enhances the beauty of a room or table a hundred fold.

From the custom of decorating the house with candles has sprung the present day fad of decorating candles with appropriate designs. There is no end to the beautiful effects and suggestive emblems with which a candle can be ornamented, a little paint, a small brush, and a gift of originality being the only requisites to success. Every holiday can be made the subject of emblematic designs while every dinner party of function has many special features that can be illustrated by candles.

At some of the select functions given at New York City recently the decorations on the candles were masterpieces of artistic skill, greatly admired by the guests, many of whom are collectors of decorated candles.

The fact that in nearly every family there is someone with more or less artistic ability makes candle decoration a popular pastime, and it is not surprising that candle parties are as popular as birthday parties. For those who have not the time or do not care to take the trouble to do the work themselves, candles already beautifully decrated can be secured at the shops.—The Decorator.

STYLISH LETTERS

RAPIDLY RISING RIVER

Continued from First Page.

The former boat is a favorite with East Liverpool rivermen. She has stormed the waters for many years, and though she has a record for many disasters they generally amount to nothing but the loss of money and not lives.

An old riverman of the city last evening, in talking over the prospects for a lasting stage of water, said notwithstanding the famous weather prognosticators of the country had predicted a cold winter and little rain, he has not seen in years the signs so favorable for several months of good boating. "You see," said he, "these wise men talk about what is going to happen in regard to the weather, and do it with all of the confidence in the world. They scoff at us old sea dogs and ridicule us for basing our predictions on signs of the moon and numerous others known best to us. I won't dispute that these great men hit it once in a while, but where they hit it once we hit it a dozen times."

AT THE THEATER

"he Christian" has been called "Hall Caine's great play." The only objection to that compliment is that it is too limited in scope. "The Christian" should be called "the people's great play," for certainly no more skillfully constructed, admirably written stage piece has been presented to the theater-goers and certainly no other play has attained a greater degree of success than that enjoyed by "The Christian." The play is a sermon of the most influential kind, and while under its influences the auditor feels removed from the earthly things of this cold, calculating earth to the ethereal heights. By this is not meant that the play is gloomy, for it is not. It is just simply intensely interesting, and is filled with life's sidelights, many of them joyous and amusing and all exquisitely pictured.

America is on guard as regards the Venezuelan situation. Nobody need fear that the British and German fleets which are in Venezuelan waters will upset the Monroe doctrine before they get through with Castro. There is a far bigger and far more formidable collection of war vessels in the vicinity of the disturbed district than these two nations have on the ground. These vessels are flying the American flag. They are under the command of men who have had much more experience in actual war than any persons in either the British or the German naval service at this time. At the head of these men is Admiral Dewey.

Why the imitation war vessels which constituted part of the assets of their Venezuelan creditor upon the seas should have been captured by the European debt collectors is another mystery added to the profound depths of grand diplomacy. The boats were as harmless as pop guns in the presence of the invading fleets. Even before they were captured, and after their capture they were not only powerless to do any injury whatsoever, but might be served as security to the amount of their value to the imperial armaments and their subjects.

Chairman Burton, of the rivers and harbors committee, represents only a small section of Ohio in his opposition to steps calculated to promote river improvement. If it becomes necessary to wait for another congress to act, the people of the state will do well to see to it that only champions of river improvement are elected.

A census of the candidates for municipal office in East Liverpool would certainly indicate that there is no general fear of the new code. The city has no lack of good material to fill the offices, and if the people see to it that only good men are selected all will be well.

A southern railroad engineer is reported to have discovered how to toot the tune, "The Sweet Bye and Bye," with his engine whistle. It must require abnormal courage to attempt such an experiment in the lynching belt.

Holiday trade is the best the country ever had, according to trade reports. The same story comes from every quarter. Monotonous tales are usually wearisome, but this one is of absorbing interest to busy millions.

Allegheny county, Pa., has a record of 91 murders thus far this year and expects to record 100 before the month ends. Hanging seems to be played out over there.

The university extension movement has been a success in the city this season and has undoubtedly paved the way for greater effort and greater success in the future.

Sidewalks coated with ashes may save broken limbs. Those who use coal can easily prove themselves philanthropists while the icy season lasts.

A law enacted in Belgium which prohibits the use of indecent language in public place or meeting may have been aimed at the king.

Of course the candle of modern make, with its rich veneer of color, is a far different product than the old tallow dip with its ill-smelling smoke that irked the eyes of our ancestors. The decorative candle of today is an accurately proportioned stick of pure paraffine that burns with a light as clear and white as the gleam of the evening star. Clothed in a tinted shade of shimmering silk, or even paper, it enhances the beauty of a room or table a hundred fold.

From the custom of decorating the home with candles has sprung the present day fad of decorating candles with appropriate designs. There is no limit to the beautiful effects and suggestive emblems with which a candle can be ornamented, a little paint, a small brush, and a gift of originality being the only requisites to success. Every holiday can be made the subject of emblematic designs while every dinner party of function has many special features that can be illustrated by candles.

At some of the select functions given in New York City recently the decorations on the candles were masterpieces of artistic skill, greatly admired by the guests, many of whom are collectors of decorated candles.

The fact that in nearly every family there is someone with more or less artistic ability makes candle decoration a popular pastime, and it is not surprising that candle parties are as popular as birthday parties. For those who have not the time or do not care to take the trouble to do the work themselves, candles already beautifully decrated can be secured at the shops.—The Decorator.

STYLISH LETTERS

Do you write a nice letter? Half that makes a letter look nice is the paper on which it is written. Of course, slovenly lead pencil scratches will spoil the looks of the best paper; but when written neatly with ink, there's nothing more stylish than our New Boxed Papers, with Envelopes to Match. Look in our north window and see how dainty and elegant these Writing Papers are.

RAPIDLY RISING RIVER

Continued from First Page.

The former boat is a favorite with East Liverpool rivermen. She has stormed the waters for many years, and though she has a record for many disasters they generally amount to nothing but the loss of money and not lives.

An old riverman of the city last evening, in talking over the prospects for a lasting stage of water, said notwithstanding the famous weather prognosticators of the country had predicted a cold winter and little rain, he has not seen in years the signs so favorable for several months of good boating. "You see," said he, "these wise men talk about what is going to happen in regard to the weather, and do it with all of the confidence in the world. They scoff at us old sea dogs and ridicule us for basing our predictions on signs of the moon and numerous others known best to us. I won't dispute that these great men hit it once in a while, but where they hit it once we hit it a dozen times."

AT THE THEATER

"he Christian" has been called "Hall Caine's great play." The only objection to that compliment is that it is too limited in scope. "The Christian" should be called "the people's great play," for certainly no more skillfully constructed, admirably written stage piece has been presented to the theater-goers and certainly no other play has attained a greater degree of success than that enjoyed by "The Christian." The play is a sermon of the most influential kind, and while under its influences the auditor feels removed from the earthly things of this cold, calculating earth to the ethereal heights. By this is not meant that the play is gloomy, for it is not. It is just simply intensely interesting, and is filled with life's sidelights, many of them joyous and amusing and all exquisitely pictured.

SUNDAY SCHOOL WORK

Discussed by Able Speeches at a Convention in Fairview This Week.

The thirty-sixth annual convention of the Hancock County Sunday School association was held Thursday and Friday in the Presbyterian church at Fairview. The attendance at this meeting was smaller than had been expected, owing to the disagreeable weather at the time. The program was very interesting and many points in regard to Sunday school work that will be of great value to the teachers were brought out. The program yesterday was as follows:

Devotional services, Rev. W. A. Curfman; "Organized Sunday School Work," Rev. H. E. Lloyd; "Qualifications of a Teacher," Armour Cooper; "How to Teach a Class," Rev. J. S. Pomeroy; "Round Table," General Secretary Shaffer; "The Teacher a Soul Winner," Rev. J. S. Hamilton.

The evening service concluded the meeting and the program follows:

Devotional services, Rev. Mr. Lindsey; music, male quartet; "A Call to Action," George Allison; music, quartet; address, General Secretary Shaffer.

A NEW SEWER

Ordered Placed in Carolina Avenue to Protect Property.

The present condition of the streets in Chester could not be much worse than it is. Where the paving has been finished the streets are not so bad but in places they are almost impassible. At present the cold weather has made them temporarily unfit for travel, although they are very rough. Should the weather moderate for a day or two the mud would be knee deep on teams. Water has backed up in many cellars and the street committee will have plenty of work for a few days keeping the town free from suits liable to arise from damage to property.

This morning a sewer was ordered to be put in in the alley south of Carolina avenue between First and Second streets. Water had collected in the cellars of four or five houses near by and was damaging considerable property. As soon as the street committee ordered this sewer put in a force of men began work on it.

Big Pay at Tin Mill.

Today is pay day at the tin mill in Chester. During the past two weeks the mill has been running remarkably full and few if any persons have laid off more than a day or two. The amount that will be paid out this afternoon will reach nearly $20,000. This sum of money will be diverted to the different business men more than pays heretofore, on account of the time being so near Christmas. Everything has been running smoothly for some time at the mill and prospects are for a good line of work all through the winter season.

Looking For Driftwood.

Already considerable drift has started down the river since the recent big raise in the river. A number of parties are now on the lookout for valuable drift and this morning E. S. Good was rewarded by securing two loads of new white pine lumber. He managed to land the lumber at Newell and later in the day hauled it to Chester.

CHESTER NOTES.

Jones Jackson, of Irondale, is visiting his sons in Chester.

W. F. Brown, of Brownsdale, was a business visitor in Chester yesterday.

Miss Bertha Fowler, of near Asbury, is the guest of her brother, Tom Fowler, of Chester.

Miss Mary Jenkins attended the funeral of John Fisher yesterday at New Cumberland.

Dr. J. Howard Davis, of East Liverpool, was a business visitor in Hookstown yesterday.

Mrs. Clark McCutcheon has returned home after a short visit with friends at Roney's Point, W. Va.

Mr. and Mrs. W. P. McClain, of Beaver Falls, Pa., are the guests of Mrs. Thomas Ward, of Carolina avenue.

Joe Maxwell, the little son of J. Howard Maxwell, of Chester, is suffering with an attack of the mumps.

Mrs. W. B. Smith, of Xenia, O., who is the guest of her sister Mrs. W. B. Gillis, is confined to the house with the grip.

A valuable horse belonging to O. O. Allison was seriously disabled by running a rusty nail in its hoof. It is feared that blood poisoning may set in and cause the animal's death.

SUNDAY SCHOOL WORK

Discussed by Able Speeches at a Convention in Fairview This Week.

The thirty-sixth annual convention of the Hancock County Sunday School association was held Thursday and Friday in the Presbyterian church at Fairview. The attendance at this meeting was smaller than had been expected, owing to the disagreeable weather at the time. The program was very interesting and many points in regard to Sunday school work that will be of great value to the teachers were brought out. The program yesterday was as follows:

Devotional services, Rev. W. A. Curfman; "Organized Sunday School Work," Rev. H. E. Lloyd; "Qualifications of a Teacher," Armour Cooper; "How to Teach a Class," Rev. J. S. Pomeroy; "Round Table," General Secretary Shaffer; "The Teacher a Soul Winner," Rev. J. S. Hamilton.

The evening service concluded the meeting and the program follows:

Devotional services, Rev. Mr. Lindsey; music, male quartet; "A Call to Action," George Allison; music, quartet; address, General Secretary Shaffer.

A NEW SEWER

Ordered Placed in Carolina Avenue to Protect Property.

The present condition of the streets in Chester could not be much worse than it is. Where the paving has been finished the streets are not so bad but in places they are almost impassible. At present the cold weather has made them temporarily unfit for travel, although they are very rough. Should the weather moderate for a day or two the mud would be knee deep on teams. Water has backed up in many cellars and the street committee will have plenty of work for a few days keeping the town free from suits liable to arise from damage to property.

This morning a sewer was ordered to be put in in the alley south of Carolina avenue between First and Second streets. Water had collected in the cellars of four or five houses near by and was damaging considerable property. As soon as the street committee ordered this sewer put in a force of men began work on it.

Big Pay at Tin Mill.

Today is pay day at the tin mill in Chester. During the past two weeks the mill has been running remarkably full and few if any persons have laid off more than a day or two. The amount that will be paid out this afternoon will reach nearly $20,000. This sum of money will be diverted to the different business men more than pays heretofore, on account of the time being so near Christmas. Everything has been running smoothly for some time at the mill and prospects are for a good line of work all through the winter season.

Looking For Driftwood.

Already considerable drift has started down the river since the recent big raise in the river. A number of parties are now on the lookout for valuable drift and this morning E. S. Good was rewarded by securing two loads of new white pine lumber. He managed to land the lumber at Newell and later in the day hauled it to Chester.

CHESTER NOTES.

Jones Jackson, of Irondale, is visiting his sons in Chester.

W. F. Brown, of Brownsdale, was a business visitor in Chester yesterday.

Miss Bertha Fowler, of near Asbury, is the guest of her brother, Tom Fowler, of Chester.

Miss Mary Jenkins attended the funeral of John Fisher yesterday at New Cumberland.

Dr. J. Howard Davis, of East Liverpool, was a business visitor in Hookstown yesterday.

Mrs. Clark McCutcheon has returned home after a short visit with friends at Roney's Point, W. Va.

Mr. and Mrs. W. P. McClain, of Beaver Falls, Pa., are the guests of Mrs. Thomas Ward, of Carolina avenue.

Joe Maxwell, the little son of J. Howard Maxwell, of Chester, is suffering with an attack of the mumps.

Mrs. W. B. Smith, of Xenia, O., who is the guest of her sister Mrs. W. B. Gillis, is confined to the house with the grip.

A valuable horse belonging to O. O. Allison was seriously disabled by running a rusty nail in its hoof. It is feared that blood poisoning may set in and cause the animal's death.

WELLSVILLE

CONFERENCE HELD ON NEW SWITCH

RAILROAD OFFICIALS CONSULT WITH CITY OFFICIALS.

Contemplated Improvement Means Great Things to Wellsville Manufacturers.

General Superintendent A. M. Schroyer, of Pittsburg, and Superintendent W. H. Scriven, of Cleveland, of the Pennsylvania lines, together with their attorneys and engineers, came to this city yesterday in the private vestibuled car of the general superintendent.

In the afternoon they held a secret conference with the railroad committee of council and also the railroad committee of the old council, relative to the terms of the ordinance granting the railroad company a franchise to build a switch back of the [illegible] to tap the several industries located in that section of town.

Those present were Messrs. [illegible]renman, Turner, Whitacre, Shoub, [illegible]ver, City Solicitor Boyd, and W. L. [illegible]ith, of East Liverpool, who is interested in one of the potteries which would be tapped by the proposed switch.

The afternoon was spent in [illegible]king over the terms of the ordinance. [illegible]here were several clauses in the ord[illegible]nce which the railroad officials wanted changed to suit their own ideas and there were also clauses which the city wanted changed. A thorough [illegible]derstanding between the committee of council and the officials of the railroad has not been reached and a compromised ordinance will be at once prepared. It will be passed upon by council Monday evening and it will then be up to the railroad officials to accept the same.

The new switch is a slow matter with the railroad company, as it is a very difficult switch to construct. It means an expenditure to them of $40,000.

It was originally contemplated by the city to run the switch from Second street to Twelth street, but it is now figured that the switch will be divided into two sections and will start east from the Buckeye brick works. The second section of the switch will extend west from Second street as far as Twelfth. City Solicitor Boyd stated that if this switch is built it will be the making of Wellsville.

Three different concerns wish to locate in this city and will do so and on land along the proposed route of the new switch if the switch is built. Each of these firms will employ in the neighborhood of 40 people. One is a Cincinnati concern. Another is a brick works. The latter has discovered a superior grade of Bolivar clay in an upper vein in one of the hills north of the city. The clay will make first-class fire brick that is similar to the Mount Savage brick. The clay has been tested and has proven satisfactory.

All of the potteries back of the city wish to enlarge their plants and will do so as soon as the new switch is built. The only thing that is shutting out these new industries is the lack of shipping facilities. It can therefore be easily seen what an important matter the building of the new switch will be to this city.

A city official stated: "The switch ought to be put clear through the city, and will be unless the project is retarded by a few of the old citizens of the town who have on several occasions blocked all such important improvements. I am of the opinion that the town will have to concede something in order to get something." The new switch, if put in, would no doubt send the prices of real estate up sky high.

FERRYBOAT ALMOST SUNK

The Little Ida Has Her Troubles And Narrowly Avoids a Serious Mishap.

The new ferry boat Ida, which was brought to this city from Steubenville a week or so ago, and which is propelled by a small gas engine, has had its troubles ever since it arrived here. The boat is a very small one and it is tied to a flat boat which is used for the purpose of carrying vehicles backwards and forward between Congo and this city.

A few days ago while the Ida was tied to the Congo landing a large tow boat came down the river, making waves several feet in height. When these struck the ferry boat, it was torn away from its landing and was bounced around on the water like so much cork. Several of the waves overlapped its deck and would have no doubt sunk it had it not been for the quick work of the two men in charge. As it was, with the aid of a small skiff, the men succeeded in pulling the boat safely into shore where the water was afterwards pumped out of its hull.

When the large packet Virginia landed at the Wellsville wharf, yesterday the Ida was again torn away from its moorings and took a jaunt down the river about eight blocks where she was finally again pulled into shore by the two men in charge. The ferry boat was nearly sunk, its hull being partially filled with water that had swept over its decks.

It seems that the gas engine used to propel the Ida has not power enough to control the little boat and it therefore has to suffer the consequences. People who travel in the boat and who have noticed its recent pranks are almost afraid to ride in it.

WELLSVILLE CHURCH NEWS

Coming Presbytery Meeting—Evangelical Church Renovated—Revival Meetings.

The coming church event will be the meeting of the Steubenville presbytery opening Monday evening. The program is given elsewhere.

Through the efforts of the pastor, Rev. W. A. Vandersall, the First United Evangelical church, has recently undergone a number of improvements which add greatly to the appearance of the church edifice both in exterior and interior.

A new slate roof has been put on the building, new eaves, troughs and spouting have been placed on the building, the interior has been entirely renovated and new wall paper, which was donated by J. W. Grubbs, a member of the church, has been put on, giving the place a new aspect. The personage has also been repainted.

At the Third street Bethel mission, Rev. Mr. Vandersall has laid plans for a Christmas entertainment. It will be held in the chapel on Christmas eve. An excellent program has been prepared.

At the Methodist Episcopal church Sunday Rev. E. S. Durham, of Delaware, who has just concluded a series of revival meetings will occupy the pulpit both morning and evening. Rev. Mr. Clark, the pastor, will assist in the services.

The series of revival meetings which have been held every evening for the past two weeks at the Christian church will close Sunday evening.

Trades Council Ball.

The Wellsville Trades and Labor council has already issued 400 invitations for their dance to be held on New Year's eve at the city hall. More invitations are being printed and will be sent out at once. A very large crowd is expected at the dance. A first class orchestra from East Liverpool has been engaged for the occasion and an extra car for East Liverpool will no doubt be chartered. The dancing will start at 8 o'clock and will continue till midnight. A floor committee will be in charge of the hall and the best of order will be maintained.

Funeral of a Child.

The funeral of the two months old child of Mr. and Mrs. Howard Barnes, of Sebring, who died Thursday and whose body was brought yesterday to the home of Mr and Mrs. Harry Brown, relatives, on Commerce street, was held at 2 o'clock this afternoon at the Brown residence. Rev. Lemoine C. Wells, of the M. P. church, officiated and interment was made in Spring Hill cemetery.

Carpenters' Meeting.

The Carpenters and Joiners of America, Local union No. 405, held its regular meeting last evening in Potters' hall. Only a few members were present, but the regular business of the evening was transacted. A report was recently made to the effect that the union would hold a dance in the near future, but at present No. 405 has no such intention.

Declared a Dream.

A report published in an East Liverpool daily giving a sensational account of a plot to blow up the safe in the office of Judge P. M. Smith, in this city has been denied by the mayor and several of the police officers of the city. They declare it a "pipe" dream.

WELLSVILLE SHORT STORIES.

W. G. Stewart, of Main street, was in Pittsburg yesterday.

Frank Brannan, of Main street, is reported on the sick list.

Miss Nightingale, of Irondale, visited friends in the city yesterday.

Mrs. William Davidson, of Ninth and Main streets, is very ill.

Mrs. William Householder, of Irondale, was in the city yesterday.

Homer Saltsman, of Center street, is out of school on account of illness.

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:—

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take **Lydia E. Pinkham's Vegetable Compound,** and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City."—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

CURING a COLD

A common Cold is often the beginning of severe disorders, and its treatment and actual cure is of more importance than is usually believed by both laymen and physicians. The resulting irritation develops latent diseases and creates disturbances in nutrition and excretion. Of course, the weakest point shows the first signs of distress. If there is an active disease already present the Cold will increase its activity, and if a latent disease is in the system it will start it into action. The medical practice of the past has been very productive of suppressed or latent diseases, which are but smoldering like the quiescent volcano, ready to break forth at the first exciting cause. In the true cure of a Cold, Cough, Catarrh, Neuralgia or Rheumatism, no other medicines approach, in any degree

WELLSVILLE

CONFERENCE HELD ON NEW SWITCH

RAILROAD OFFICIALS CONSULT WITH CITY OFFICIALS.

Contemplated Improvement Means Great Things to Wellsville Manufacturers.

General Superintendent J. M. Schroyer, of Pittsburg, and Superintendent W. H. Scriven, of Cleveland, of the Pennsylvania lines, together with their attorneys and engineers, came to this city yesterday in the private vestibuled car of the general superintendent.

In the afternoon they held a secret conference with the railroad committee of council and also the railroad committee of the old council, relative to the terms of the ordinance granting the railroad company a franchise to build a switch back of the mills to tap the several industries located in that section of town.

Those present were Messrs. Brenneman, Turner, Whitacre, Shoub, Silver, City Solicitor Boyd, and W. L. Smith, of East Liverpool, who is interested in one of the potteries which would be tapped by the proposed switch.

The afternoon was spent in discussing over the terms of the ordinance. There were several clauses in the ordinance which the railroad officials wanted changed to suit their own ideas and there were also clauses which the city wanted changed. A thorough understanding between the committee of council and the officials of the railroad has not been reached and a compromised ordinance will be at once prepared. It will be passed upon by council Monday evening and it will then be up to the railroad officials to accept the same.

The new switch is a new matter with the railroad company, as it is a very difficult switch to construct. It means an expenditure to them of $40,000.

It was originally contemplated by the city to run the switch from Second street to Twelth street, but it is now figured that the switch will be divided into two sections and will start east from the Buckeye brick works. The second section of the switch will extend west from Second street as far as Twelfth. City Solicitor Boyd stated that if this switch is built it will be the making of Wellsville.

Three different concerns wish to locate in this city and will do so and on land along the proposed route of the new switch if the switch is built. Each of these firms will employ in the neighborhood of 40 people. One is a Cincinnati concern. Another is a brick works. The latter has discovered a superior grade of Bolivar clay in an upper vein in one of the hills north of the city. The clay will make first-class fire brick that is similar to the Mount Savage brick. The clay has been tested and has proven satisfactory.

All of the potteries back of the city wish to enlarge their plants and will do so as soon as the new switch is built. The only thing that is shutting out these new industries is the lack of shipping facilities. It can therefore be easily seen what an important matter the building of the new switch will be to this city.

A city official stated: "The switch ought to be put clear through the city, and will be unless the project is retarded by a few of the old citizens of the town who have on several occasions blocked all such important improvements. I am of the opinion that the town will have to concede something in order to get something." The new switch, if put in, would no doubt send the prices of real estate up sky high.

FERRYBOAT ALMOST SUNK

The Little Ida Has Her Troubles And Narrowly Avoids a Serious Mishap.

The new ferry boat Ida, which was brought to this city from Steubenville a week or so ago, and which is propelled by a small gas engine, has had its troubles ever since it arrived here. The boat is a very small one and it is tied to a flat boat which is used for the purpose of carrying vehicles backwards and forward between Congo and this city.

A few days ago while the Ida was tied to the Congo landing a large tow boat came down the river, making waves several feet in height. When these struck the ferry boat, it was torn away from its landing and was bounced around on the water like so much cork. Several of the waves overlapped its deck and would have no doubt sunk it had it not been for the quick work of the two men in charge. As it was, with the aid of a skiff, the men succeeded in getting the boat safely into shore where it was afterwards pumped out.

When the large packet Virginia landed at the Wellsville wharf, yesterday the Ida was again torn away from its moorings and took a jaunt down the river about eight blocks where she was finally again pulled into shore by the two men in charge. The ferry boat was nearly sunk, its hull being partially filled with water that had swept over its decks.

It seems that the gas engine used to propel the Ida has not power enough to control the little boat and it therefore has to suffer the consequences. People who travel in the boat and who have noticed its recent pranks are almost afraid to ride in it.

WELLSVILLE CHURCH NEWS

Coming Presbytery Meeting—Evangelical Church Renovated—Revival Meetings.

The coming church event will be the meeting of the Steubenville presbytery opening Monday evening. The program is given elsewhere.

Through the efforts of the pastor, Rev. W. A. Vandersall, the First United Evangelical church, has recently undergone a number of improvements which add greatly to the appearance of the church edifice both in exterior and interior.

A new slate roof has been put on the building, new eaves, troughs and spouting have been placed on the building, the interior has been entirely renovated and new wall paper, which was donated by J. W. Grubbs, a member of the church, has been put on, giving the place a new aspect. The personage has also been repainted.

At the Third street Bethel mission, Rev. Mr. Vandersall has laid plans for a Christmas entertainment. It will be held in the chapel on Christmas eve. An excellent program has been prepared.

At the Methodist Episcopal church Sunday Rev. E. S. Durham, of Delaware, who has just concluded a series of revival meetings will occupy the pulpit both morning and evening. Rev. Mr. Clark, the pastor, will assist in the services.

The series of revival meetings which have been held every evening for the past two weeks at the Christian church will close Sunday evening.

Trades Council Ball.

The Wellsville Trades and Labor council has already issued 400 invitations for their dance to be held on New Year's eve at the city hall. More invitations are being printed and will be sent out at once. A very large crowd is expected at the dance. A first class orchestra from East Liverpool has been engaged for the occasion and an extra car for East Liverpool will no doubt be chartered. The dancing will start at 8 o'clock and will continue till midnight. A floor committee will be in charge of the hall and the best of order will be maintained.

Funeral of a Child.

The funeral of the two months old child of Mr. and Mrs. Howard Barnes, of Sebring, who died Thursday and whose body was brought yesterday to the home of Mr and Mrs. Harry Brown, relatives, on Commerce street, was held at 2 o'clock this afternoon at the Brown residence. Rev. Lemoine C. Wells, of the M. P. church, officiated and interment was made in Spring Hill cemetery.

Carpenters' Meeting.

The Carpenters and Joiners of America, Local union No. 405, held its regular meeting last evening in Potters' hall. Only a few members were present, but the regular business of the evening was transacted. A report was recently made to the effect that the union would hold a dance in the near future, but at present No. 405 has no such intention.

Declared a Dream.

A report published in an East Liverpool daily giving a sensational account of a plot to blow up the safe in the office of Judge P. M. Smith, in this city has been denied by the mayor and several of the police officers of the city. They declare it a "pipe" dream.

WELLSVILLE SHORT STORIES.

W. G. Stewart, of Main street, was in Pittsburg yesterday.

Frank Brannan, of Main street, is reported on the sick list.

Miss Nightingale, of Irondale, visited friends in the city yesterday.

Mrs. William Davidson, of Ninth and Main streets, is very ill.

Mrs. William Householder, of Irondale, was in the city yesterday.

Walter Saltsman, of Center street, is out of school on account of illness.

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:—

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take **Lydia E. Pinkham's Vegetable Compound**, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City."—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

CURING a COLD

A common Cold is often the beginning of severe disorders, and its treatment and actual cure is of more importance than is usually believed by both laymen and physicians. The resulting irritation develops latent diseases and creates disturbances in nutrition and excretion. Of course, the weakest point shows the first signs of distress. If there is an active disease already present the Cold will increase its activity, and if a latent disease is in the system it will start it into action. The medical practice of the past has been very productive of suppressed or latent diseases, which are but smoldering like the quiescent volcano, ready to break forth at the first exciting cause. In the true cure of a Cold, Cough, Catarrh, Neuralgia or Rheumatism, no other medicines approach, in any degree.

CONFERENCE HELD ON NEW SWITCH

RAILROAD OFFICIALS CONSULT WITH CITY OFFICIALS.

Contemplated Improvement Means Great Things to Wellsville Manufacturers.

General Superintendent A. M. Schroyer, of Pittsburg, and Superintendent W. H. Scriven, of Cleveland, of the Pennsylvania lines, together with their attorneys and engineers, came to this city yesterday in the private vestibuled car of the general superintendent.

In the afternoon they held a secret conference with the railroad committee of council and also the railroad committee of the old council, relative to the terms of the ordinance granting the railroad company a franchise to build a switch back of the depot to tap the several industries located in that section of town.

Those present were Messrs. Brenneman, Turner, Whitacre, Shoub, Weaver, City Solicitor Boyd, and W. L. Smith, of East Liverpool, who is interested in one of the potteries which would be tapped by the proposed switch.

Several of the waves overlapped its deck and would have no doubt sunk it had it not been for the quick work of the two men in charge. As it was, with the aid of a small skiff, the men succeeded in pulling the boat safely into shore where the water was afterwards pumped out of its hull.

When the large packet Virginia landed at the Wellsville wharf, yesterday the Ida was again torn away from its moorings and took a jaunt down the river about eight blocks where she was finally again pulled into shore by the two men in charge. The ferry boat was nearly sunk, its hull being partially filled with water that had swept over its decks.

It seems that the gas engine used to propel the Ida has not power enough to control the little boat and it therefore has to suffer the consequences. People who travel in the boat and who have noticed its recent pranks are almost afraid to ride in it.

WELLSVILLE CHURCH NEWS

Coming Presbytery Meeting—Evangelical Church Renovated—Revival Meetings.

The coming church event will be the meeting of the Steubenville presbytery opening Monday evening. The program is given elsewhere.

Through the efforts of the pastor, Rev. W. A. Vandersall, the First United Evangelical church, has recently undergone a number of improvements which add greatly to the appearance of the church edifice both in exterior and interior.

A new slate roof has been put on the building, new eaves, troughs and spouting have been placed on the building, the interior has been entirely renovated and new wall paper, which was donated by J. W. Grubbs, a member of the church, has been put on, giving the place a new aspect. The personage has also been repainted.

At the Third street Bethel mission, Rev. Mr. Vandersall has laid plans for a Christmas entertainment. It will be held in the chapel on Christmas eve. An excellent program has been prepared.

At the Methodist Episcopal church Sunday Rev. E. S. Durham, of Delaware, who has just concluded a series of revival meetings will occupy the pulpit both morning and evening. Rev. Mr. Clark, the pastor, will assist in the services.

The series of revival meetings which have been held every evening for the past two weeks at the Christian church will close Sunday evening.

Trades Council Ball.

The Wellsville Trades and Labor council has already issued 400 invitations for their dance to be held on New Year's eve at the city hall. More invitations are being printed and will be sent out at once. A very large crowd is expected at the dance. A first class orchestra from East Liverpool has been engaged for the occasion and an extra car for East Liverpool will no doubt be chartered. The dancing will start at 8 o'clock and will continue till midnight. A floor committee will be in charge of the hall and the best of order will be maintained.

Funeral of a Child.

The funeral of the two months old child of Mr. and Mrs. Howard Barnes, of Sebring, who died Thursday and whose body was brought yesterday to the home of Mr and Mrs. Harry Brown, relatives, on Commerce street, was held at 2 o'clock this afternoon at the Brown residence. Rev. Lemoine C. Wells, of the M. P. church, officiated and interment was made in Spring Hill cemetery.

Carpenters' Meeting.

The Carpenters and Joiners of America, Local union No. 405, held its regular meeting last evening in Potters' hall. Only a few members were present, but the regular business of the evening was transacted. A report was recently made to the effect that the union would hold a dance in the near future, but at present No. 405 has no such intention.

Declared a Dream.

A report published in an East Liverpool daily giving a sensational account of a plot to blow up the safe in the office of Judge P. M. Smith, in this city has been denied by the mayor and several of the police officers of the city. They declare it a "pipe" dream.

WELLSVILLE SHORT STORIES.

W. G. Stewart, of Main street, was in Pittsburg yesterday.

Frank Brannan, of Main street, is reported on the sick list.

Miss Nightingale, of Irondale, visited friends in the city yesterday.

Mrs. William Davidson, of Ninth and Main streets, is very ill.

Homer Saltsman, of Center street, is out of school on account of illness.

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:—

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take **Lydia E. Pinkham's Vegetable Compound,** and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City."—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

CURING a COLD

A common Cold is often the beginning of severe disorders, and its treatment and actual cure is of more importance than is usually believed by both laymen and physicians. The resulting irritation develops latent diseases and creates disturbances in nutrition and excretion. Of course, the weakest point shows the first signs of distress. If there is an active disease already present the Cold will increase its activity, and if a latent disease is in the system it will start it into action. The medical practice of the past has been very productive of suppressed or latent diseases, which are but smoldering like the quiescent volcano, ready to break forth at the first exciting cause. In the true cure of a Cold, Cough, Catarrh, Neuralgia or Rheumatism, no other medicines approach, in any degree.

PARK

Park, December 13.—Rev. Mr. Lewis, of Rogers, is holding a series of revival meetings at the First M. E. church here.

Miss Edna Davis entertained her young friends at dinner yesterday.

Quite a number of young folks attended the chicken supper given at Clarkson church Thursday evening.

Mrs. Frank Conkle, assisted by Mrs. Alf Moore and Mrs. Jessie Lones, of Harmony, entertained the L. O. T. M., Golden Rod Hive No. 20, of East Liverpool, and Clarkson No. 356, recently. The evening was delightfully spet. An oyster supper was served, after which some fine piano selections were rendered by Missis Maude and Helen Conkle. H. Cope, of Rogers, addressed the ladies in a delightful manner.

Mr. and Mrs. Thomas Henry have started to housekeeping in East Liverpool, where they lately moved.

REALM OF SPORTS

BOWLING CONTEST

Much Interested in the Weekly Match on the Imperial Alleys Last Evening.

The regular weekly series of games bowled by the East Liverpool Bowling association were witnessed by a large crowd of interested spectators at the Imperial alleys last evening. The Ralstons defeated the Walkovers by only 11 pins. Following are the individual scores:

Ralstons — Gass, 199,171, 162; J. Herbert, 153, 127, 107; Russell, 105, 115, 123; R. Hall, 128, 128, 128; Spencer, 89, 122, 133.

Walkovers—Hancock, 152, 205, 117; Silcott, 130, 130, 130; Lewis, 120, 161, 113; S. Herbert, 112, 133, 119; C. Hall, 110, 118, 106.

Queen's Quality—Rayl, 125, 101, 123; Sample, 133, 136, 122; Davis, 137, 137, 137; Firth, 145, 125, 171; Oliver, 134, 81, 92.

Regals—Lawrence, 138, 114, 115; Kelly, 132, 132, 132; McCurdy, 101, 125, 161; Chambers, 123, 134, 134; C. F. Crain, 93, 95, 92.

RUHLIN IS EAGER

The Akron Giant Willing to Meet Either Fitzsimmons Or Jeffries.

New York, December 13.—Robert Fitzsimmons's recent announcement that he is ready to fight again has brought forth a quick reply from Billy Madden, manager of Gus Ruhlin.

Madden says Fitzsimmons can get Ruhlin and get $2,500 from the Penn Art club, of Philadelphia, for a six round bout. The offer holds good for Jeffries. Bof Fitzsimmons, according to report, is busy writing a play, in which he and his wife are to appear. Fitz has written several productions during the last few years, but this is the first of standard dimensions. Fitz refuses to tell either the title or the plot of the drama.

Joe Choynski Hurt.

Joe Choynski broke a bone in one of his hands while working a few days ago and as a consequence has lost a match with Tommy West. Manager Herman, of the Fort Erie International club, asked P. J. Carroll to make the match, but Choynski could not accept. The bout was to have taken place January 1, the same date on which the McCoy-Gardner fight is now scheduled.

Four in One Family.

The Bezenah family is probably the only one in America that has four professional pugilists. Louis, the eldest, who was killed by "Kid" Dugan four years ago, was once backed by Billy Muldoon for the lightweight championship of the United States. Eugene, Gus and Andrew are at present engaged actively in fistic affairs. The Bezenahs belong in Covington, Ky.

Anaconda Sold for $8,000.

Anaconda, the great pacer, has been sold to J. Florence Brownson, of New Haven, by E. E. Rice, of Boston, for $8,000 and will be shipped from Trenton to New Haven. He will be quartered in Mr. Brownson's stable and next year will be campaigned. Anaconda was offered for sale at the recent sale at Madison Square Garden, but was bid in by his owner.

Blushes for the Old Game.

George Wright, one of the greatest of the old time ball players, has this to say about the present condition of the game: "The contract jumper will contaminate any club or community, and there is no place on earth where his weakness will be played upon more than in New York. I blush for the old game where the contract jumper is welcomed."

Out of Politics.

Julius Fleischmann, mayor of Cincinnati, principal owner of the Cincinnati base ball club and owner of several high-class thoroughbreds, announced lately that he would devote a great deal of his personal attention to racing next year.

New Driving Record.

At a meeting of the state Y. M. C. A., at Tacoma, Washington, the world's record for the long drive has been broken by David Grant, of Seattle. He dived a distance of 15 feet, 3 inches, breaking the former record by 7 inches.

ELECTION TO BE HELD

Street Railway Men Will Vote at the Meeting December 27.

East Liverpool assembly No. 52, Amalgamated Association of Street Railway Employes, will hold its regular meeting December 27. The organization has a great deal of business to attend to and among other matters will hold its election and installation of officers.

President Charles Kontnier, who has guided the affairs of the union for the past year, can boast of one of the most successful administrations in the history of No. 52, and it is possible the members will ask him to succeed himself.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

GEORGE WASHINGTON'S PLACE IN HISTORY

An Entertaining University Extension Lecture By Dr. Sparks on the First President.

The theme of the Dr. E. E. Sparks concluding lecture last evening was "George Washington, the First President of the Republic and the Constitution in Operation."

The lecture was replete with interest and stories of history which were received with appreciation by a very large audience. The speaker told of how the constitution went into operation, the criticisms by a few fault-finders, and the ascendency and final triumph of the great lawmaking bodies. There were petty disturbances which first arose between the house of representatives and the senate, in that the latter body wished to maintain the supremacy.

Dr. Sparks spoke in particular of the sacrifice it meant for Washington to leave his peaceful home at Mt. Vernon, to take upon himself an office of political strife and peril, for Washington was much criticized because he was not democratic in his manner of daily life.

When time for the inauguration of the first president came, it was not with pomp and splendor that the event was celebrated, but the oath of office was taken in a very simple manner without any display whatever. Washington returned to his quiet life at Mt. Vernon and lived for only two years longer, when Fame and Death met each other on the very doorsill and neither had the opportunity to bid the other a last farewell.

At the close of the lecture hearty applause was given Dr. Sparks which more fully exemplified the fact that the lectures which have brought them more fully in touch with events of American history.

Confined to Bed. Doctors Failed,

But Dr. Miles' Nervine Cured Permanently.

"Some six years ago I completely broke down from evangelistic work. I suffered from nervous prostration and stomach trouble and was confined to my bed and room for months. While I had as good a physician as this city affords he failed to pull me out, and I tried many remedies and they were so hard on my stomach that I could not take them. At last I found Dr. Miles' Nervine. Ah, that was a nail in a sure place and enabled me to cry out 'Eureka.' I was soon able to be out and at work. I consider Dr. Miles' Nervine the thing for nerve and stomach trouble. I also use in my family most of Dr. Miles' Medicines, as household remedies."
Rev. Geo. W. Draper, Danville, Ill.

"About a year ago I failed in health and my case was said to be nervous derangement and heart trouble. My stomach was also affected and I suffered from a variety of symptoms such as wind on the stomach, shortness of breath, smothering spells, pain around the heart and left shoulder. My ankles were frequently swollen and my face was often feverish. There were little puffs under my eyes at times and I had headache almost constantly. I wrote to you for advice and in addition to general directions as to taking care of myself you prescribed Restorative Nervine, Heart Cure and Nerve and Liver Pills. DISPUTED ACCOUNTS

The Cause of a Suit Between Local Parties Heard in Court Yesterday.

Lisbon, December 13.—(Special)—The cases of Stephen Hague against George Perry and Jennie Hague against George Perry, all the parties living between East Liverpool and Wellsville, were given one hearing yesterday afternoon. The defendant in each case are the same, and the plaintiffs being man and wife. The dispute was over accounts for mutual services rendered by the parties, the accounts of one of the litigants off setting that of the other by a small margin.

The jury returned a verdict last evening of $8 for the plaintiff and $1.50 for the defendant in the second instance.

Lisbon, December 13.—(Special)—Sheriff Leonard brought Joe Bratt here from East Liverpool yesterday afternoon. Bratt is suffering from one of his periodical attacks of insanity brought on by excessive drinking.

EAST END

SHOULDER DISLOCATED

Mrs. James Hanley Badly Hurt By a Fall on the Icy Streets.

Mrs. James Hanley, of Pennsylvania avenue, was the first person in the East End to receive any injuries on account of the extremely slippery condition of the streets and sidewalks. Yesterday evening when she stepped from the house on an errand she slipped and fell, striking her right shoulder.

Her shoulder was dislocated by the fall and she will be unable to be around for several weeks.

An Ancient $5 Bill.

One of the business men of the East End yesterday took in a $5 bill which has seen years of service and is quite a curiosity. The bill was issued in 1858 by the Monongahela Valley bank of McKeesport, Pa., and is in a fair state of preservation, considering the length of time it has been in circulation. The indorsements on the back of the bill are nearly obliterated, but traces of them can still be seen. The bill was given in payment for a small number of goods and is undoubtedly of considerable value to a collector of old money and coins.

Cox-Carman.

Justice Carman, of Mulberry street, has received the wedding announcement of his nephew, Ora Ross Carman, of Wellsburg, W. Va. Mr. Carman is an influential young man in Wellsburg and is well known both in the East End and Chester. His wedding took place December 10 at the home of his bride, Miss Cora Lee Cox, also of Wellsburg. The young couple expect to spend the balance of the month in New York, Philadelphia, Baltimore, and Washington, D. C. After January 1, they will be at home to their friends at Wellsburg.

Special Services.

The special services last night at the Second U. P. church, preparatory to the sacrament of the Lord's supper Sunday was well attended. Rev. Jones, of the M. P. church, of East Liverpool, preached an interesting sermon. Sunday Rev. Mr. McQuiston will have charge of the services, and the regular missionary collection for the year will be taken.

Helped Hold a Revival.

Rev. C. W. Orcutt returned home this morning from Costonia, O., a mile below Toronto, where he has been all week assisting in a series of revival services. Considerable interest was aroused at these meetings. Rev. Mr. Orcutt will preach both morning and evening at the Erie street M. E. church Sunday as usual.

Got a Hard Fall.

Fred Hall, of the East End, was another victim of the slippery sidewalks yesterday evening. He received a hard fall on his head and shoulders on Mulberry street, and for a time it was thought that he was seriously hurt. After he recovered from the shock of the fall it was found he was not seriously hurt.

Returns to the South.

Rev. W. J. Powell left this morning for Chattanooga, Tenn., where he will spend the holidays. He expected to go Thursday, but owning to pressing business matters was unable to leave till today. Rev. Mr. Powell is financial agent of the Grant university, which is located at Chattanooga.

EAST END AFFAIRS.

Charles Goodballet was a business visitor in Pittsburg today.

Harlon McAfee has accepted a position with the T. B. Murphy & Son's establishment in the city.

The Nonpareil club will hold another dance tonight at the Larkins & Ferguson hall on First avenue.

Viola Smith, the little daughter of Mr. and Mrs. J. G. Smith, of Pennsylvania avenue, is confined to the house with a severe attack of the mumps.

Attorney W. E. Warren, of this city, left this morning for Youngstown, where he will appear as one of the attorneys for the defense in the celebrated Cox murder trial which will begin this coming week.

Red Men's Election.

The following officers have been elected to serve Iriquois Tribe of Red Men, No. 40, for the next six months: Frank Witherow, prophet; John A. Tolbert, sachem; John L. Curran, senior sagamore; Otto Phoner, junior sagamore; George Eisenhurth, alternate and collector of wampum; Logan Zane, keeper of wampum; A. E. Massey, trustee; Charles Reark, chief of records; William Hall, Jr., representative to great council, which meets at Circleville, on the second Tuesday in May.

Gentlemen,—For two years I have been troubled with biliousness, caused by inactivity of the liver. I had dizzy spells at times, pains across my back, and a tired, heavy feeling, with loss of appetite and nervousness. Our family physician prescribed some liver tablets which certainly did not help me in the least. I took Apollinaris and other mineral waters, but my complexion became more yellow and my general health worse. Reading one of your little booklets, I decided to give

Dr. Caldwell's (Laxative) Syrup Pepsin

a trial, and am so glad that I did. One bottle did more for me than $100.00 worth of other remedies. I knew at once I had the right remedy. I kept taking it for seven weeks, when I considered myself completely cured. My skin is white and smooth as a baby's, and I feel in excellent health and spirits, thanks to your Syrup Pepsin.

REALM OF SPORTS

BOWLING CONTEST

Much Interested in the Weekly Match on the Imperial Alleys Last Evening.

The regular weekly series of games bowled by the East Liverpool Bowling association were witnessed by a large crowd of interested spectators at the Imperial alleys last evening. The Ralstons defeated the Walkovers by only 11 pins. Following are the individual scores:

Ralstons — Gass, 199,171, 162; J. Herbert, 153, 127, 107; Russell, 105, 115, 123; R. Hall, 128, 128, 128; Spencer, 89, 122, 133.

Walkovers—Hancock, 152, 205, 117; Silcott, 130, 130, 130; Lewis, 120, 161, 113; S. Herbert, 142, 133, 119; C. Hall, 110, 118, 106.

Queen's Quality—Rayl, 125, 101, 123; Sample, 133, 136, 122; Davis, 137, 137, 137; Firth, 145, 125, 171; Oliver, 134, 81, 92.

Regals—Lawrence, 138, 114, 115; Kelly, 132, 132, 132; McCurdy, 101, 125, 161; Chambers, 123, 134, 134; C. F. Craig, 93, 95, 92.

RUHLIN IS EAGER

The Akron Giant Willing to Meet Either Fitzsimmons Or Jeffries.

New York, December 13.—Robert Fitzsimmons's recent announcement that he is ready to fight again has brought forth a quick reply from Billy Madden, manager of Gus Ruhlin.

Madden says Fitzsimmons can get Ruhlin and get $2,500 from the Penn Art club, of Philadelphia, for a six round bout. The offer holds good for Jeffries. Bof Fitzsimmons, according to report, is busy writing a play, in which he and his wife are to appear. Fitz has written several productions during the last few years, but this is the first of standard dimensions. Fitz refuses to tell either the title or the plot of the drama.

Joe Choynski Hurt.

Joe Choynski broke a bone in one of his hands while working a few days ago and as a consequence has lost a match with Tommy West. Manager Herman, of the Fort Erie International club, asked P. J. Carroll to make the match, but Choynski could not accept. The bout was to have taken place January 1, the same date on which the McCoy-Gardner fight is now scheduled.

Four in One Family.

The Bezenah family is probably the only one in America that has four professional pugilists. Louis, the eldest, who was killed by "Kid" Dugan four years ago, was once backed by Billy Muldoon for the lightweight championship of the United States. Eugene, Gus and Andrew are at present engaged actively in fistic affairs. The Bezenahs belong in Covington, Ky.

Mrs. James Hanley, of Pennsylvania avenue, was the first person in the East End to receive any injuries on account of the extremely slippery condition of the streets and sidewalks. Yesterday evening when she stepped from the house on an errand she slipped and fell, striking her right shoulder.

Her shoulder was dislocated by the fall and she will be unable to be around for several weeks.

An Ancient $5 Bill.

One of the business men of the East End yesterday took in a $5 bill which has seen years of service and is quite a curiosity. The bill was issued in 1858 by the Monongahela Valley bank of McKeesport, Pa., and is in a fair state of preservation, considering the length of time it has been in circulation. The indorsements on the back of the bill are nearly obliterated, but traces of them can still be seen. The bill was given in payment for a small number of goods and is undoubtedly of considerable value to a collector of old money and coins.

Cox-Carman.

Justice Carman, of Mulberry street, has received the wedding announcement of his nephew, Ora Ross Carman, of Wellsburg, W. Va. Mr. Carman is an influential young man in Wellsburg and is well known both in the East End and Chester. His wedding took place December 10 at the home of his bride, Miss Cora Lee Cox, also of Wellsburg. The young couple expect to spend the balance of the month in New York, Philadelphia, Baltimore, and Washington, D. C. After January 1, they will be at home to their friends at Wellsburg.

Special Services.

The special services last night at the Second U. P. church, preparatory to the sacrament of the Lord's supper Sunday was well attended. Rev. Jones, of the M. P. church, of East Liverpool, preached an interesting sermon. Sunday Rev. Mr. McQuiston will have charge of the services, and the regular missionary collection for the year will be taken.

Helped Hold a Revival.

Rev. C. W. Orcutt returned home this morning from Costonia, O., a mile below Toronto, where he has been all week assisting in a series of revival services. Considerable interest was aroused at these meetings. Rev. Mr. Orcutt will preach both morning and evening at the Erie street M. E. church Sunday as usual.

Got a Hard Fall.

Fred Hall, of the East End, was another victim of the slippery sidewalks yesterday evening. He received a hard fall on his head and shoulders on Mulberry street, and for a time it was thought that he was seriously hurt. After he recovered from the shock of the fall it was found he was not seriously hurt.

Returns to the South.

Rev. W. J. Powell left this morning for Chattanooga, Tenn., where he will spend the holidays. He expected to go Thursday, but owning to pressing business matters was unable to leave till today. Rev. Mr. Powell is financial agent of the Grant university, which is located at Chattanooga.

EAST END AFFAIRS.

Charles Goodballet was a business visitor in Pittsburg today.

Harlon McAfee has accepted a position with the T. B. Murphy & Son's establishment in the city.

The Nonpareil club will hold another dance tonight at the Larkins & Ferguson hall on First avenue.

Viola Smith, the little daughter of Mr. and Mrs. J. G. Smith, of Pennsylvania avenue, is confined to the house with a severe attack of the mumps.

Attorney W. E. Warren, of this city, left this morning for Youngstown, where he will appear as one of the attorneys for the defense in the celebrated Cox murder trial which will begin this coming week.

Red Men's Election.

The following officers have been elected to serve Iriquois Tribe of Red Men, No. 40, for the next six months: Frank Witherow, prophet; John A. Tolbert, sachem; John L. Curran, senior sagamore; Otto Phoner, junior sagamore; George Eisenhurth, alternate and collector of wampum; Logan Zane, keeper of wampum; A. E. Massey, trustee; Charles Reark, chief of records; William Hall, Jr., representative to great council, which meets at Circleville, on the second Tuesday in May.

Gentlemen.—For two years I have been troubled with biliousness, caused by inactivity of the liver. I had dizzy spells at times, pains across my back, and a tired, heavy feeling, with loss of appetite and nervousness. Our family physician prescribed some liver tablets which certainly did not help me in the least. I took Apollinaris and other mineral waters, but my complexion became more yellow and my general health worse. Reading one of your little booklets, I decided to give

Dr. Caldwell's (Laxative) Syrup Pepsin

a trial, and am so glad that I did. One bottle did more for me than $10.00 worth of other remedies. I knew at once I had the right remedy. PARK

Park, December 13.—Rev. Mr. Lewis, of Rogers, is holding a series of revival meetings at the First M. E. church here.

Miss Edna Davis entertained her young friends at dinner yesterday.

Quite a number of young folks attended the chicken supper given at Clarkson church Thursday evening.

Mrs. Frank Conkie, assisted by Mrs. Alf Moore and Mrs. Jessie Lones, of Harmony, entertained the L. O. T. M., Golden Rod Hive No. 29, of East Liverpool, and Clarkson No. 356, recently. The evening was delightfully spet. An oyster supper was served, after which some fine piano selections were rendered by Missis Maude and Helen Conkle. H. Cope, of Rogers, addressed the ladies in a delightful manner.

Mr. and Mrs. Thomas Henry have started to housekeeping in East Liverpool, where they lately moved.

REALM OF SPORTS

BOWLING CONTEST

Much Interested in the Weekly Match on the Imperial Alleys Last Evening.

The regular weekly series of games bowled by the East Liverpool Bowling association were witnessed by a large crowd of interested spectators at the Imperial alleys last evening. The Ralstons defeated the Walkovers by only 11 pins. Following are the individual scores:

Ralstons — Gass, 199,171, 162; J. Herbert, 153, 127, 107; Russell, 105, 115, 123; R. Hall, 128, 128, 128; Spencer, 89, 122, 133.

Walkovers—Hancock, 152, 205, 117; Silcott, 130, 130, 130; Lewis, 120, 161, 113; S. Herbert, 112, 133, 119; C. Hall, 110, 118, 106.

Queen's Quality—Rayl, 125, 101, 123; Sample, 133, 136, 122; Davis, 137, 137, 137; Firth, 145, 125, 171; Oliver, 134, 81, 92.

Regals—Lawrence, 138, 114, 115; Kelly, 132, 132, 132; McCurdy, 101, 125, 161; Chambers, 123, 134, 134; C. F. Craig, 93, 95, 92.

RUHLIN IS EAGER

The Akron Giant Willing to Meet Either Fitzsimmons Or Jeffries.

New York, December 13.—Robert Fitzsimmons's recent announcement that he is ready to fight again has brought forth a quick reply from Billy Madden, manager of Gus Ruhlin.

Madden says Fitzsimmons can get Ruhlin and get $2,500 from the Penn Art club, of Philadelphia, for a six round bout. The offer holds good for Jeffries. Bof Fitzsimmons, according to report, is busy writing a play, in which he and his wife are to appear. Fitz has written several productions during the last few years, but this is the first of standard dimensions. Fitz refuses to tell either the title or the plot of the drama.

Joe Choynski Hurt.

Joe Choynski broke a bone in one of his hands while working a few days ago and as a consequence has lost a match with Tommy West. Manager Herman, of the Fort Erie International club, asked P. J. Carroll to make the match, but Choynski could not accept. The bout was to have taken place January 1, the same date on which the McCoy-Gardner fight is now scheduled.

Four in One Family.

The Bezenah family is probably the only one in America that has four professional pugilists. Louis, the eldest, who was killed by "Kid" Dugan four years ago, was once backed by Billy Muldoon for the lightweight championship of the United States. Eugene, Gus and Andrew are at present engaged actively in fistic affairs. The Bezenahs belong in Covington, Ky.

Blushes for the Old Game.

George Wright, one of the greatest of the old time ball players, has this to say about the present condition of the game: "The contract jumper will contaminate any club or community, and there is no place on earth where his weakness will be played upon more than in New York. I blush for the old game where the contract jumper is welcomed."

Out of Politics.

Julius Fleischmann, mayor of Cincinnati, principal owner of the Cincinnati base ball club and owner of several high-class thoroughbreds, announced lately that he would devote a great deal of his personal attention to racing next year.

New Driving Record.

ELECTION TO BE HELD

Street Railway Men Will Vote at the Meeting December 27.

East Liverpool assembly No. 52, Amalgamated Association of Street Railway Employes, will hold its regular meeting December 27. The organization has a great deal of business to attend to and among other matters will hold its election and installation of officers.

President Charles Kontnier, who has guided the affairs of the union for the past year, can boast of one of the most successful administrations in the history of No. 52, and it is possible the members will ask him to succeed himself.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

GEORGE WASHINGTON'S PLACE IN HISTORY

An Entertaining University Extension Lecture By Dr. Sparks on the First President.

The theme of the Dr. E. E. Sparks concluding lecture last evening was "George Washington, the First President of the Republic and the Constitution in Operation."

The lecture was replete with interest and stories of history which were received with appreciation by a very large audience. The speaker told of how the constitution went into operation, the criticisms by a few faultfinders, and the ascendency and final triumph of the great lawmaking bodies. There were petty disturbances which first arose between the house of representatives and the senate, in that the latter body wished to maintain the supremacy.

Dr. Sparks spoke in particular of the sacrifice it meant for Washington to leave his peaceful home at Mt. Vernon, to take upon himself an office of political strife and peril, for Washington was much criticized because he was not democratic in his manner of daily life.

When time for the inauguration of the first president came, it was not with pomp and splendor that the event was celebrated, but the oath of office was taken in a very simple manner without any display whatever. Washington returned to his quiet life at Mt. Vernon and lived for only two years longer, when Fame and Death met each other on the very doorsill and neither had the opportunity to bid the other a last farewell.

At the close of the lecture hearty applause was given Dr. Sparks which more fully exemplified the fact that the lectures which have brought them more fully in touch with events of American history.

THE GAMBLE CONCERT

Pleasing Musical Event in the High School Entertainment Course.

The Ernest Gamble company was last evening greeted at the opera house by a large audience. The company consisted of Ernest Gamble, who has a bass voice of rich tone; Miss Edna L. Dow, a talented violinist, and Frederick B. Morley, an accomplished pianist.

The selections rendered were of classical music, and were received with applause, while the company was liberal in their response to encores. Especially favored was Miss Dow, an artist of remarkable talent and ability.

Broke

Down With Nervous Prostration.

Confined to Bed. Doctors Failed,

But Dr. Miles' Nervine Cured Permanently.

"Some six years ago I completely broke down from evangelistic work. I suffered from nervous prostration and stomach trouble and was confined to my bed and room for months. While I had as good a physician as this city affords he failed to pull me out, and I tried many remedies and they were so hard on my stomach that I could not take them. At last I found Dr. Miles' Nervine. Ah, that was a nail in a sure place and enabled me to cry out 'Eureka.' I was soon able to be out and at work. I consider Dr. Miles' Nervine the thing for nerve and stomach trouble. I also use in my family most of Dr. Miles' Medicines, as household remedies."
Rev. Geo. W. Draper, Danville, Ill.

"About a year ago I failed in health and my case was said to be nervous derangement and heart trouble. My stomach was also affected and I suffered from a variety of symptoms such as wind on the stomach, shortness of breath, smothering spells, pain around the heart and left shoulder. My ankles were frequently swollen and my face was often feverish. There were little puffs under my eyes at times and I had headache almost constantly. I wrote to you for advice and in addition to general directions as to taking care of myself you prescribed Restorative Nervine, Heart Cure and Nerve and Liver Pills. I will state that my complete and permanent return to health followed."—Miss Josephine Kern, Galena, Ill.

DISPUTED ACCOUNTS

The Cause of a Suit Between Local Parties Heard in Court Yesterday.

Lisbon, December 13.—(Special)—The cases of Stephen Hague against George Perry and Jennie Hague against George Perry, all the parties living between East Liverpool and Wellsville, were given one hearing yesterday afternoon. The defendant in each case are the same, and the plaintiffs being man and wife. The dispute was over accounts for mutual services rendered by the parties, the accounts of one of the litigants offsetting that of the other by a small margin.

The jury returned a verdict last evening of $8 for the plaintiff and $1.50 for the defendant in the second instance.

Salvation Army—The special meetings which are being conducted by Adjutant Goodhall and staff at the Salvation army hall are attracting general interest. Special programs have been arranged for the meetings tonight, tomorrow and Monday evening.

Blamed It On the Ice—A. K. Adams, when arraigned before Mayor Davidson this morning for being found drunk last night by Officers Dunn and McDermott, pleaded guilty to the charge but insisted that he should have never been pulled. "I will admit that I was a little drunk," he said, "but I never would have fallen down had it not been for the slippery streets."

begun to relieve Morgan of the leadership. He got wind of the move and tendered his resignation as a member of the organization. It was voted down by the opposing faction which, according to some of its members, has planned to remove Morgan by compulsion rather than let him out.

Supporters of the Brotherhood got their heads together and drafed the resolution to affiliate, the opposition which was introduced at last Tuesday night's meeting. The presence of such a resolution is denied by Roland and his following. On the other hand, the supporters of the movement say that the matter was laid over until next week for final action.

The members of the Knights of Labor who are desirous of joining the Brotherhood have had several consultations with Vice President Hutchins during the past week in an endeavor to obtain special terms for those desiring to become members. No concessions will be made and if the Knights of Labor join the Brotherhood they will have to pay in the customary $3 initiation fee and go through the same form of ceremony as when they first became members.

The Brotherhood has made gains in spite of the efforts of the Knights of Labor," said Vice President Hutchins. "We organized the saggermakers recently and a large part of their membership was recruited from the insurgent ranks In organizing the saggermakers' local we were very careful to obtain a good representation of the followers of that branch of the trade to overbalance any movement shown by the Knights of Labor when the saggermakers in the Knights of Labor learned that we were organizing a local they came to us without any solicitation on our part and were admitted like the others.

"The trouble with the Knights of Labor is that they are jealous over the success we have obtained in the face of their failure to force the adoption of a uniform price list for jiggermen. I will safely say that such a list will never be adopted by the manufacturers as long as the Knights of Labor are behind it.

"A certain prominent manufacturer came to my office the other day to discuss the status of the Knights of Labor and the reasonableness of their demands for concessions. He said that he considered the present list for jiggermen a very fair one and the manufacturers would not consent to a change without trouble.

"The failure of the uniform price list in Trenton," continued Mr. Hutchins, "was due entirely to the fact that the local potters were not educated up to such a departure. I am now, happily, able to say that in the last year, as a result of the success the potters have attained in the west under the new list, much of the prejudice has disappeared. I think in a few years the feeling will wear itself out and Trenton potters will demand the installation of a uniform price list as the only means of bettering their condition."

MANY ACCIDENTS RESULT

she started on her way home to Wellsville. It is not known how badly she was injured by her fall but it is thought she sustained a broken limb.

PRONG OF A RAKE

Penetrated the Foot of Mrs. George Tomlinson, Who Fell On the Ice.

While walking from her home on Fenton street to the coal house at the rear of the yard, Miss Mary Tomlinson, daughter of Mr. and Mrs. George Tomlinson, met with a serious accident early last evening. Stepping on an ice-covered board, she slipped and fell violently to the ground. Her right foot struck a prong of a rake with force sufficient to cause it to penetrate the sole of the shoe through the foot to the top covering of the shoe.

The unfortunate young lady suffered much pain during the night and it is feared that owing to the prong being rusty that the wound may develop blood poisoning.

LEG BROKEN BY FALL

Mrs. Ellen Hester Slipped On the Icy Pavement With Serious Results.

As a result of the slippery condition of the streets last evening Mrs. Ellen Hester, of the West End, is confined to her home suffering acute pain. She had been shopping in the central portion of the city and was going home via West Market street when she fell with great force and broke a leg.

A number of passersby witnessed the accident and realizing that she had been seriously hurt went immediately to her assistance. They found that she was unable to arise and a buggy was summoned from a nearby livery barn and the woman was removed to her home on Chestnut street.

UNABLE TO MOVE

Joe Richards, a Cobbler, Badly Hurt By a Fall On the Wharf.

Joe Richards, a cobbler, who until recently was employed in a shop on Market street, fell last evening while walking down the wharf, breaking his left arm and otherwise bruising himself. He would not allow a physician to be called.

Fell Down Stairs.

Little Helen Gorrell, the 18 months old daughter of Rev. J. W. Gorrell and wife, fell down a flight of six steps at her home yesterday afternoon and sustained painful bruises. She was walking down the stairs with a brass ruler in her hand when she accidently tripped and fell to the bottom, the sharp edge of the rule cutting her cheek badly in the speedy descent. Dr. Hobbs was called and relieved the child of pain.

The Christmas Dinner.

In spite of the fact that the word **dyspepsia** means literally **bad cook**, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook. The disease dyspepsia indicates a **bad** stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

AGAIN IN THE RACE

R. G. Boyd, of This City, Announces His Candidacy for County Commissioner.

"R. G. Boyd, a well known and substantial citizen of Liverpool township, was in the city Thursday, meeting some of his old friends and reminding them that he will be in the field for the Republican nomination for county commissioner next spring. In the last race Mr. Boyd made a splendid showing, and he is now confident, with good reason for the faith that is in him, that the land lies in such a way as to assure his success in the next heat. Mr. Boyd certainly possesses the elements which should make him a good official."

The above was taken from the Salem News of Thursday, December 11, and refers to R. G. Boyd, our esteemed townsman. Mr. Boyd was the choice of the Republicans of Liverpool township one year ago, and this portion of the county will go solidly for him at the next primary. His friends are legion and they will stand by him to a man. Mr. Boyd has demonstrated by his excellent business ability in conducting his own affairs that he would make a county commissioner of whom his constituents could well be proud.

Mr. Boyd has been a resident of the city and township for many years and has a reputation for integrity and fair dealing which places him among the very best citizens in the community.

she started on her way home to Wellsville. It is not known how badly she was injured by her fall but it is thought she sustained a broken limb.

PRONG OF A RAKE

Penetrated the Foot of Mrs. George Tomlinson, Who Fell On the Ice.

While walking from her home on Fenton street to the coal house at the rear of the yard, Miss Mary Tomlinson, daughter of Mr. and Mrs. George Tomlinson, met with a serious accident early last evening. Stepping on an ice-covered board, she slipped and fell violently to the ground. Her right foot struck a prong of a rake with force sufficient to cause it to penetrate the sole of the shoe through the foot to the top covering of the shoe.

The unfortunate young lady suffered much pain during the night and it is feared that owing to the prong being rusty that the wound may develop blood poisoning.

LEG BROKEN BY FALL

Mrs. Ellen Hester Slipped On the Icy Pavement With Serious Results.

As a result of the slippery condition of the streets last evening Mrs. Ellen Hester, of the West End, is confined to her home suffering acute pain. She had been shopping in the central portion of the city and was going home via West Market street when she fell with great force and broke a leg.

A number of passersby witnessed the accident and realizing that she had been seriously hurt went immediately to her assistance. They found that she was unable to arise and a buggy was summoned from a nearby livery barn and the woman was removed to her home on Chestnut street.

UNABLE TO MOVE

Joe Richards, a Cobbler, Badly Hurt By a Fall On the Wharf.

Joe Richards, a cobbler, who until recently was employed in a shop on Market street, fell last evening while walking down the wharf, breaking his left arm and otherwise bruising himself. He would not allow a physician to be called.

Fell Down Stairs.

Little Helen Gorrell, the 18 months old daughter of Rev. J. W. Gorrell and wife, fell down a flight of six steps at her home yesterday afternoon and sustained painful bruises. She was walking down the stairs with a brass ruler in her hand when she accidently tripped and fell to the bottom, the sharp edge of the rule cutting her cheek badly in the speedy descent. Dr. Hobbs was called and relieved the child of pain.

The Christmas Dinner.

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook. The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

AGAIN IN THE RACE

R. G. Boyd, of This City, Announces His Candidacy for County Commissioner.

"R. G. Boyd, a well known and substantial citizen of Liverpool township, was in the city Thursday, meeting some of his old friends and reminding them that he will be in the field for the Republican nomination for county commissioner next spring. In the last race Mr. Boyd made a splendid showing, and he is now confident, with good reason for the faith that is in him, that the land lies in such a way as to assure his success in the next heat. Mr. Boyd certainly possesses the elements which should make him a good official."

The above was taken from the Salem News of Thursday, December 11, and refers to R. G. Boyd, our esteemed townsman. Mr. Boyd was the choice of the Republicans of Liverpool township one year ago, and this portion of the county will go solidly for him at the next primary. His friends are legion and they will stand by him to a man. Mr. Boyd has demonstrated by his excellent business ability in conducting his own affairs that he would make a county commissioner of whom his constituents could well be proud.

Mr. Boyd has been a resident of the city and township for many years and has a reputation for integrity and fair dealing which places him among the very best citizens in the community.

begun to relieve Morgan of the leadership. He got wind of the move and tendered his resignation as a member of the organization. It was voted down by the opposing faction which, according to some of its members, has planned to remove Morgan by compulsion rather than let him out.

Supporters of the Brotherhood got their heads together and draied the resolution to affiliate, the opposition which was introduced at last Tuesday night's meeting. The presence of such a resolution is denied by Roland and his following. On the other hand, the supporters of the movement say that the matter was laid over until next week for final action.

The members of the Knights of Labor who are desirous of joining the Brotherhood have had several consultations with Vice President Hutchins during the past week in an endeavor to obtain special terms for those desiring to become members. No concessions will be made and if the Knights of Labor join the Brotherhood they will have to pay in the customary $3 initiation fee and go through the same form of ceremony as when they first became members.

The Brotherhood has made gains in spite of the efforts of the Knights of Labor," said Vice President Hutchins. "We organized the saggermakers recently and a large part of their membership was recruited from the insurgent ranks In organizing the saggermakers' local we were very careful to obtain a good representation of the followers of that branch of the trade to overbalance any movement shown by the Knights of Labor when the saggermakers in the Knights of Labor learned that we were organizing a local they came to us without any solicitation on our part and were admitted like the others.

"The trouble with the Knights of Labor is that they are jealous over the success we have obtained in the face of their failure to force the adoption of a uniform price list for jiggermen. I will safely say that such a list will never be adopted by the manufacturers as long as the Knights of Labor are behind it.

"A certain prominent manufacturer came to my office the other day to discuss the status of the Knights of Labor and the reasonableness of their demands for concessions. He said that he considered the present list for jiggermen a very fair one and the manufacturers would not consent to a change without trouble.

"The failure of the uniform price list in Trenton," continued Mr. Hutchins, "was due entirely to the fact that the local potters were not educated up to such a departure. I am now, happily, able to say that in the last year, as a result of the success the potters have attained in the west under the new list, much of the prejudice has disappeared. I think in a few years the feeling will wear itself out and Trenton potters will demand the installation of a uniform price list as the only means of bettering their condition."

MANY ACCIDENTS RESULT FROM ICE-COVERED STREETS LIFE AND LIMB IN PERIL

A Number of Broken Bones Received by Pedestrians On the Streets of the City.

Not since last winter have the sidewalks and streets of this city been in as dangerous condition as they were yesterday afternoon, and night and until 10 o'clock this morning. With the thermometer registering several degrees below the freezing point and an incessant downpour of rain, the drops congealing rapidly, traffic was greatly disturbed and numerous accidents to both man and beast have been reported.

Early in the afternoon the water as it fell to the streets began to freeze and before 5 o'clock much precaution was necessary on the part of the pedestrians to save their limbs. It was no uncommon sight to see a man fall sprawling on a pavement or horses falling on the streets. Motormen on the street cars had their hands full of trouble as a result of the slippery rails. They did not dare apply the usual amount of electricity, especially on the hills, as the cars were in imminent danger of becoming uncontrolable and a result few cars ran on schedule time, the Calcutta road line being abandoned entirely.

A most picturesque scene was displayed all along both car lines during the day and night, due to the continuous sparks of electricity flying into the air from the trolley poles.

BROKE HIS ARM

Strange Woman Injured By a Fall Stood In One Spot For An Hour.

Weeping piteously and standing with her head downcast an unknown woman attracted the attention of Officer Dawson at Sixth street and Broadway about 9 o'clock last evening.

Upon inquiry the officer learned that she had been in the same position for nearly an hour and his sympathies were deeply moved when she with a strenuous effort told him that while trying to hail a street car that she had fallen on the icy bricks and as a result was unable to move.

The officer stopped the next car and placed the poor creature aboard and

CO-OPERATIVE STORE PROJECT

Will Be Successful If the Working People Give It Encouragement.

A COMMITTEE IS BUSY

Charles Kontnier And Fred Pennington, Both Well Known in Labor Circles, Have the Work of Soliciting Stock Well In Hand.

But little has been said of late with reference to the co-operative store project, which was taken up by a large number of operative potters several months ago. From the reports which have been made by the committee in charge of the soliciting department, it will not be the fault of these men nor of Trades and Labor Council if the hopes of the supporters of the enterprise are not fully realized.

When the subject was first mentioned by members of the several Brotherhood locals in this city, it was at once taken to the Trades Council. There is received favorable consideration, in that a committee was appointed to investigate the matter as to its practicability and report back.

There have been many obstacles in the way of an early report from the committee. At the last meeting of council the question was taken up, and when it was finally before the body was discussed thoroughly. The only conclusion that the membership could form at the time was that the plan was a good one, and simply lacked the proper amount of energetic agitation to make it an assured fact. It was thought that unionists of the city were not sufficiently posted upon the system adopted to induce them to subscribe, and the council by unanimous vote decided to employ solicitors and keep them in the field for the two weeks following the meeting.

Charles Kontiner, president of Assembly 52, of the Amalgamated association of Street Railway Employes and an organizer of the American Federation of Labor, in company with Fred Pennington, secretary of packers' local No. 25, was selected from the membership of the council and the gentlemen have been encouraged wherever they went.

A definite plan was formulated to govern the solicitors in their work, and no mistake was made in putting it into execution. The committee has been working steadily all of the present week and though scarcely half the territory which they expect to cover has been canvassed the returns have exceeded expectations. Between 300 and 400 shares of stock have been subscribed and by the next meeting of the council it is expected that fully 600 men will have been secured to take stock. This will insure the success of the project.

Officers and members of Trades Council are encouraged by the success attending the efforts of the solicitors, and now feel that their interest in the enterprise has been rewarded.

POTTERY INDUSTRY IN THIS STATE

STATISTICS FROM 75 FIRMS FOR THE YEAR 1901.

A Large Number of Employes And An Output of Over $9,000,000 Are Shown.

Columbus, December 13.—(Special)—State Labor Commissioner Ratchford has compiled statistics on the manufacture of pottery and stoneware for 1901, with comparisons for 1900. In the latter year reports were received but from three firms. During the year 1901, 75, an increase of 73. The number of males employed monthly, was 6,562, an increase of 6,040. The number of females employed was 2,706. Number of managers, office help, etc., employed, 605; amount of capital invested, $7,420,292. The value of goods manufactured was $9,378,761.49.

Value of goods sold, $9,074,490.09. Value of materials used, $2,550,354.25. Value of manufactured goods on hand at end of year, $447,684.19. Amount paid in wages for labor, $4,294,032.51. Amount paid managers, office help, etc., $707,348.28. Number affected by advance in wages, 1,023. Average per cent. advance in wages, 6.3.

These figures only cover the factories reporting. A large number failed to make returns.

FOR THE DEFENDANTS

Oral Householder Loses His Suit Against Jefferson County Commissioners.

The circuit court judges at Steubenville have upheld the decision of the common pleas court of Jefferson county in the case of Oral Householder, of Irondale, who sued the county commissioners for $5,000 damages. Householder while crossing the bridge in the north end of the county on a traction engine fell through to the creek below, the bridge giving away. It was claimed that the bridge was not substantial and Householder entered suit for $5,000. The case was fought in common pleas for two days, and after short deliberation the jury returned a verdict for the defendants. The verdict was not satisfactory to the plaintiff and on various grounds the case was carried to the circuit court.

Thursday afternoon the judges handed down their decision, affirming the decision of the lower courts with costs and no penalty. The plaintiff in error has excepted to the decision. W. F. Lones, of Wellsville, is one of the attorneys in the case. Householder, the plaintiff, is well known in this city.

White Rose Lodge Officers.

At a regular meeting of White Rose lodge No. 25, Daughters of St. George, officers for the next six months were installed as follows: President, Ada Hildritch; vice president, Ethel Greenwood; financial secretary, Ellen Lewis; recording secretary, Sarah H Harley; treasurer, Lucy Massey; chaplain, Ann Massey; conductresses, Emma Vincent and Ada Eardley; inside guard, Lizzie Sackerson; outside guard, Rose Lowe.

BOARD'S TASK NOW FINISHED

Equalization of Pennsylvania Assessments a Very Bad Job.

THE KICKING NOT ENDED

Though the Report Is Now Practically Ready to Be Sumbitted to Council. A Comprehensive And Careful Compilation.

After about three weeks of hard and careful work the Pennsylvania avenue equalization board, which is comprised of Attorney Hollis E. Grosshans, George Olnhausen and W. A. Calhoun, will have finished the memmoth undertaking this evening. For the past few days the board has worked overtime and last evening intended to prepare for making a final report to council by working until midnight, but were unable to do so on account of the sickness of Mr. Grosshans. Today the board spent most of the time in completing its report and the members state that, although it will be of considerable length and apparently complicated, it can be easily comprehended.

Every lot on either side of the avenue commencing on Robinson street on the west and ending at the state line on the east will be designated and it is the intention of the board to plainly show the exact benefit from a pecuniary standpoint that has been derived by the property owners through the improvement.

A number of the property holders, in possession of the fact that the work of the board was nearing an end, appeared at the city hall yesterday and asked that they be allowed to see how their property had been assessed. Upon being granted the permission all stated that the work had been done in a most satisfactory manner. However, the board does not expect to strike a popular chord with all of them. On the contrary it anticipates censure on the part of some. Notwithstanding that their work will be practically at an end this evening, its members do not hope to be cleared of further trouble by the simple filing of it.

As stated exclusively in the News Review, a very material change has been made in the assessment extending from the western limit to the East End school house and it is from the property holders between these two points that the board expects the registering of dissatisfaction.

Herbert Smith.

Herbert Smith, who was so badly injured by falling from a ladder at the LaBelle pottery, Wheeling, last week, died of his injuries in that city yesterday afternoon. He was 60 years old and long a resident of East Liverpool. The remains will be brought to the home of his son-in-law, William Hassell, in this city, this evening, at which place the funeral services will be held Monday afternoon. Interment will be made in Riverview.

Killed By a Train.

Alliance, December 13.—Elmer Culbertson, for many years employed on the railroad in Alliance, was killed yesterday. He was in the shop crew and was riding on a shifter when he was thrown off and under the wheels. He was 34 years old and leaves a family. He served in the Eighth O. V. I. during the Spanish-American war.

Pottery Incorporation.

Columbus, December 13.—(Special)—The Ziegler Filter and Pottery company, of Toledo, capital $10,000, has incorporated to make tiling and earthenware. Incorporators: Charles J. Ziegler, E. H. Taggart, E. E. Safford, F. C. Motter and Robert Bauer.

CIVIC SOCIETY IS ORGANIZED

Movement to Promote the Welfare of East Liverpool Under Way.

PROMOTERS IN EARNEST

Believe There Is a Field for Their Efforts And Will Try to Fill It—Moral Suasion to Be Used And Civic Pride Cultivated.

Twenty-five or 30 well known citizens held a meeting last evening and inaugurated a movement that may have an important influence upon the future of the city. They discussed the necessity of a city improvement association and concluded their deliberations by effecting a temporary organization for the East Liverpool Civic & Improvement association.

According to one of the gentlemen present, the movement was inspired by a recent article in the News Review, which told of the wonderful good that had been wrought in a neighboring city solely through the influence of an association that started in to work improvement in one ward. The News Review was quoted at length by some of those present and the ideas which this paper has long and consistently advocated received emphatic endorsement.

It was made plain at the outset that the new organization is not to be a political one. Its main reliance will be on moral suasion as an agency to promote reform. The expressed determination is to work for good government; for economy in municipal expenditures; for the correction of abuses wherever they exist; for the improvement of the city; for the removal of eyesores and the general beautification of public and private property; for cleanliness and health and the encouragement of civic pride.

Enlisted in the movement are manufacturers, business and professional men, among the number being several of the most prominent citizens of East Liverpool. Slippery pavements and gloomy weather prevented a large attendance last night, but many who were not present sent word that they were heartily in favor of the movement and that their aid and co-operation could be counted upon. Another meeting will be held next week, when it is hoped to largely extend the membership and get the association into working order.

The success of similar societies in other cities gives the promoters the utmost encouragement. They announce that it is not their purpose to usurp the prerogatives of council or of any public official. They believe, however, that by consulting among their membership and studying civic and economic questions they may be able to offer useful suggestions. They disclaim all selfish motives and assert that their only object is to work for East Liverpool and the public good, and are confident that the field is wide enough to keep them busy.

COMPLAINTS MADE ABOUT CAR SERVICE

East End People Petition Council to Make the Street Railway Do Better.

Steps are being taken to bring about a change in the service now given by the East Liverpool street railway. Petitions are being circulated in the East End and among the employes of the river potteries which will be presented to council, asking that the company be compelled to give better service or that its franchise be revoked.

Complaints have been many and frequent in the past few weeks about the service given to the East End and also on all parts of the line. It is probable that these petitions will be in shape to be presented to council at its next regular meeting and some action of importance is expected.

Rolled Off a Roof.

Harry Johnston, aged about 16 years, was slightly injured about 2 o'clock this afternoon at his home between First and Virginia avenues. The young fellow who is employed as a newsboy by H. H. Meanor, was on the roof of a house and slipped on the ice, falling to the ground. No bones were broken and he is suffering only from bruises.

Young-Burgett.

At the residence of Rev. C. W. Huffer, pastor of the Christian church, in Sebring, occurred the wedding Wednesday of John W. Burgett and Miss Lucy L. Young. The young people were both from Salineville, and are numbered with the best people of that little city. Rev. Huffer was personally acquainted with the young people, having known the bride from the time of her early years. After an elegant dinner served by the pastor and his estimable wife, they visited the groom's cousin and family, Mr. and Mrs. Samuel Shaffer, on Indiana avenue, Sebring. They left on the afternoon train for Salem, for a brief bridal with friends there. They will make their future home at Salineville.

DISPUTED POINTS ARE CLEARED UP

Puzzles Under New Code Solved by a High Legal Authority.

MAYOR ENTITLED TO PAY

Both as Police Magistrate And Executive When He Acts in Botn Capacities—Three Councilmen at Large in Cities of Small Population.

From a Staff Correspondent.

Columbus, December 13.—In response to a request from City Solicitor Charles Boyd, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, has rendered an opinion eludiating disputed points of the new municipal code. He holds that a mayor who acts as a magistrate is entitled to additional compensation, and gives as his opinion that Wellsville is entitled to seven councilmen under the new code, four to be elected by wards, and three at large. He holds that president of council is a separate office and that he cannot be counted to make a quorum.

Appended is the full text of the opinion which is addressed to Solicitor Boyd:

"In reply to your first interrogatory, I would say that in the 8th, inst, I expressed an opinion on the question with regard to the mayor when acting as a magistrate, pursuant to the requirements of sections 1744 and 1745, may receive as compensation for such services, the fees due him as provided by chapter V, division 4, title XII, of the revised statutes, on this he may receive in addition to the salary fixed by the council for his services as mayor.

"As to the number of members of council in a city of your size, I am of the opinion that you are entitled to seven councilmen, four to be elected from wards, and three at large, this to be in addition to the president of council, and he is not counted in making up a quorum of council. In sections 128 and 132 of the new code, such officer is referred to as an executive officer. He is one of the officers in whom the executive power and authority of cities will be vested under the new code. He is really the vice mayor of the city, and in case of the death, resignation or removal of the mayor, shall become the mayor and serve for his unexpired term. He is not a legislative officer, although an officer presiding over the council. He only has a vote in case of a tie. Under old section 1676, R. S., the president of council was elected from the body of council, but now he is elected as the mayor is elected. The rule laid down in 45, O. S., 199, would not now be applicable to this officer, because his position and the method if his election is different.

"As to your suggestion as to the publication of opinions of this department, if you would suggest the same to the editor of the Bulletin, he might publish the same, although as yet he has made no inquiry of us for the same."

THE POTTERY GIRLS ARE VERY LADY LIKE

Special State Agent Talks of the Girls of East Liverpool And Their Good Wages.

Columbus, December 13.—(Special.)—Miss Veronica McLaughlin, special agent of the state department of labor, denied to a Columbus reporter that she had said that the girls of East Liverpool were the best paid class of females in Ohio. She did say, however, that many of them who are skilled workers, command good salaries, ranging from $1 to $2.50 per day, and that East Liverpool was the only town in the state where mothers and daughters work side by side. She declared that the girls were very ladylike and showed her respectful treatment.

Miss McLaughlin is gathering statistics on female employment under the direction of the state commissioner of labor.

A BOMBARDMENT NOW SEEMS CERTAIN

WARSHIPS FORM LINE OF BATTLE BEFORE LA GUAYRA.

Gastro's Reply to Ultimatum Is Refusal to Yield on Any Point.

La Guayra, Venezuela, December 13.—(Special.)—One British and two German cruisers have just taken a position in line of battle in the harbor. A bombardment of the city now seems certain.

New York, December 13.—(Special.)—A bulletin says President Castro's reply to the German ultimatum is a refusal to yield on any point.

AFTER SALEM LINES

Ohio River Railroad Company Wants Street Railway And Electric Plant.

Salem, December 13.—Max. P. Goodman, of Cleveland, the gentleman who is engineering the project of the Youngstown and Ohio River Railway and Light company, which was recently incorporated at Columbus with a capital stock of $10,000, and which proposes to build an electric railway line between Youngstown and East Liverpool was in town yesterday. With him was J. F. Spence, of Lisbon, the chief engineer.

Mr. Goodman stated that the company expected to erect a large and fully equipped power house near Teegarden, which will furnish the power for the entire system. The ground for this has already been purchased.

In case the direct route from this city to Canfield is decided upon, it is learned that the Youngstown and Ohio River Railway and Light company is already negotiating wth the Salem Electric Light company for the purchase of its lines, rolling stock and power plant at Salem.

New Bank at East Palestine.

A special to a Columbus paper from Washington says that East Palestine is to have a national bank, the application having been approved. The capital will be $25,000, and W. C. Wallace, president of the East Palestine Pottery company, will be at the head of the institution. Other incorporators are William Johnston, W. Harmon, Ulrich Winter and B. A. McClelland.

RAPIDLY RISING RIVER LEADS TO PRECAUTIONS AGAINST FLOOD DAMAGE

Forecaster Ridgeway at Pittsburg Sends Out a Warning Which Is Being Duly Heeded Here.

Continued heavy rainfall and a warm temperature along the Allegheny and Monongahela river valleys all of yesterday afternoon and last night give every indication of another flood and have caused general alarm among river interests. The rains and warm temperature caused the snow in the mountains to melt, raising both of the upper rivers and their tributaries rapidly.

The river at Pittsburg was rising last night and this morning at the rate of a foot an hour, and there was an air of general activity all night long among the steamboatmen and those having interests along the river which was liable to be reached by the flood.

Forecaster Frank Ridgway sent out a general order last night to all points along the river below Pittsburg, notifying them of the alarming condition in the upper rivers and that if the rain continued through the night the danger of a flood was imminent.

This morning the second notice was sent out giving the probable stage the river would reach and notified all wharfmasters and owners of perishable goods along the river to move their stuff to places of safety.

In this city everything is in good condition except the river potteries, several of which may suffer to a certain extent by the water backing into their cellars. The wharf has been cleared of all freight and a force of men at the wharfboat and the different coal yards kept them in good condition.

In anticipation of several months' steady work fully 20 men left this city yesterday on the noon and evening trains for Pittsburg to secure berths in the numerous towboats which have been making preparations to leave port for two days. It is expected that there will be sufficient water by the time the boats reach Louisville to allow the southern crafts to continue on to New Orleans. Of the delegation that left East Liverpool the majority will board the southern boats if possible.

Among those which the Pittsburg coal company is desirous of having depart for the warm climate on the present rise are the Boaz and Sam Brown.

A LIVELY PERIOD IN LABOR CIRCLES

Trenton Excited Over the Proposition to Unite K. of L. and Brotherhood.

THE ORIGIN OF THE MOVE

Vice President Hutchins Says No Favors Will Be Shown the Insurgents—They Must Come In On the Same Terms As New Members.

From a Staff Correspondent.

Trenton, N. J., December 13.—The greatest excitement that has been aroused in pottery circles in this city since the visit of A. S. Hughes, of the National Brotherhood of Operative Potters, three years ago to secure the adoption of the uniform price list by the Trenton manufacturing potters now prevails, as a result of the resolution introduced at last Tuesday night's meeting of the Enterprise Assembly Knights of Labor to merge its entire membership into the Brotherhood.

This movement has given to the public the first official announcement of the failure of the insurgent's cause coupled with the factional fights which now threaten its existence. Charges are being made against prominent insurgent leaders of playing into the hands of the Brotherhood for a monetary consideration, and a movement has been inaugurated to overthrow President John W. Morgan.

Charles W. Roland, who is the leader of the fight against Morgan, came to the newspaper offices yesterday with the statements bearing his signature, in which he charges Vice President Frank H. Hutchins with offering the Knights of Labor $50 to abandon its rebellious policy and unite with the Brotherhood, which has guaranteed to secure all the reforms needed in the various branches of the organization. Hutchins denies that any Brotherhood man has offered anybody any money.

While factional fights are ripping the Knights of Labor asunder, Trenton manufacturers refuse to lend their aid to adjust matters, and have cast their sympathies with the Brotherhood. The fight which now exists within the ranks of the Knights of Labor is only a sequel to their failure to obtain recognition from the manufacturers for the uniform price list which they submitted for the latter's approval last April. The jingermen, who are the controlling element in the Knights of Labor, have been compelled to stand idly by and watch the Brotherhood secure concessions for its members, while they could do nothing.

A few weeks ago a movement was

WITH THE WORKMEN IN THE CLAY PLANTS

BRICK AND PIPE TRADE GOOD.

Toronto, December 13.—(Special)—The American Sewer Pipe company, has had a most prosperous year as regards the manufacture and sale of sewer pipe. The shipments from this particular portion have been unprecedented during the entire summer and fall, averaging over 1,000 cars per month and requiring the services of a special shifter from the Wellsville yards to clear away the traffic. The fact that but few of their plants have as yet been closed down as is usual for a month or so during the colder winter months, augurs well for the continuance of the trade with but little stoppage. A stop will only probably be made in case necessary repairs are required, but the American has been prosecuting these repairs right along, and when necessity required, other plants within the regime that were not in operation, were put into trim, and the production kept up equal to the demand for pipe. Especially have extensive repairs been made to the Western plants of the corporation, showing that they are alive to the wants of the big western trade as well as in the southwest. It is not probable that any great changes will be made at the plants in this section. Officials of the corporation on a recent visit seemed well satisfied with the present operation of their plants located here.

Independent sewer pipe concerns are rapidly springing up throughout the country, and are now nearly equal in number to those of the American. Quite a number equal in capacity and modern equipment some of the best plants in the American regime, and they will soon begin to prove an important factor in sewer pipe trade. More are also projected.

The fire brick trade of this section has also kept pace and was never greater than the traffic in sewer pipe the past season, but the rush with the brick plants is practically over, the demand having stopped for paving and building material. However, many of the yards will continue in operation until extreme cold weather compels them to desist. When this occurs, the mining of clay and coal will be pushed with every possible vigor and the spring months finds plenty of clay dumped ahead for the operation of the plants during the entire summer.

A POTTERY COMBINE.

A movement is on foot in the Staffordshire potteries, a Hanley correspondent writes, to effect an important combine in the china trade. Over thirty large manufacturers are included in the scheme, which is supported solidly by the large towns of Longton and Fenton. This is the center of the English cheap china trade, and recently the effects of American competition have been so keenly felt that the manufacturers find it necessary to combine in order to safeguard their existence, as year by year American pottery manufacturers are becoming more and more menace. Although the firms taking an active part in the project are allied with the English China Manufacturers' association, the enterprise is not run by that body, but is being worked as an entirely separate undertaking.

KEYSTONE IN OPERATION.

The Keystone Pottery company, of New Brighton, is now in full operation. This is a new semi-porcelain plant transformed out of the old Cooper stoneware or enameling plant by Hiram Rigby, formerly of this city. It has only two kilns at present, though they have in contemplation the erection of a large biscuit kiln which will nearly double their capacity. They are showing a good line of staple semi porcelain and propose to make a grade of goods that will stand on their merit.

WILL MAKE SPECIALTIES.

The American China company, at Toronto, is still at work on back orders for the regular lines of ware, but it is authentically stated that after January 1st, the pottery will work on nothing but specialties for a western cereal company, which will take the entire product of the plant throughout the year. The manufacture of regular lines, after January 1st, it is stated, will be discontinued.

PIPE PLANTS CLOSED.

The Markle and Ohio Valley sewer pipe plants of the American Sewer Pipe company, have both been closed for the winter, and needed repairs will be made during the interval. The Calumet, Empire, Freeman's, Forest City, and Great Western plants of the American are still in operation, though extreme cold weather will cause a suspension, and likely a brief shut down will occur during the holidays.

ELECTION IN NO. 9.

Kilnmen's local No. 9 held its regular meeting last night at the Brotherhood hall. Regular routine business occupied the greater part of the time which was followed by the election of officers. The newly elected officers are as follows: President, Tom Neil; vice president, Allen Hayes; statistician, John Wood; treasurer, James Johnson; secretary, George Smith; one per cent. secretary, John Hester; financial secretary, Aaron Coleman.

BOOM AT TILTONVILLE.

The Tiltonville pottery is on the boom. The grade of goods made there is of the metallic finish with fancy decorations. It was rumored early in the summer that a grade of white would be made, but the firm is still producing the single fine art goods, with vases as the particular line. The large decorating kilns which were erected this summer, are being forced to their full capacity.

NEW OFFICERS CHOSEN.

Local union No. 44, of Sebring, elected the following officers for the ensuing year, at its last meeting: President, Charles Dorff; vice president, Clarence Miller; recording secretary, Walter Crowson, financial secretary, C. J. Blumensteil; treasurer, H. J. McMaster; one per cent. clerk, William Moulds; inspector, Homer Wollam; guard, Henry Blumenstein; statistican, Harry Green; trustee, David Watson.

NO DIVIDENDS.

In conversation with a large stockholder of a valuable sewer pipe plant located in Eastern Ohio, but since merged into the American Sewer Pipe company, the gentleman stated he had been in the habit of drawing dividends semi-annually while the plant was under an independent regime, but had so far failed to see any dividends forthcoming under the new regime.

MAYER POTTERY BUSY.

Everything is reported to be running smoothly at the Mayer pottery, Beaver Falls, Pa. They have adopted the nine-hour work day and dispensed with the half holiday on Saturday that they have been giving the past two years. They thus work till 5 o'clock on Saturday, except on paydays, when they close at 4 o'clock.

RUNNING ON NOVELTIES.

The Chelsea pottery at New Cumberland is now wholly employed on novelties and specialties, these latter for a big cereal company in the west, which is taking almost the entire product of the pottery. The pottery has had considerable difficulty in obtaining clay. A brief shut down will occur during the holidays.

PACKERS' LOCAL MEETING.

Packers' local held an interesting meeting in its hall last night. While several matters of importance were discussed no business out of the ordinary was transacted. At their meeting next week the election of officers to serve for the first six months of the new year will be held.

ANOTHER PLANT, PERHAPS.

The recent increase in the capital stock of the East Palestine Pottery company from $40,000 to $120,000 is a pretty good evidence of the success that has attended the company. It is stated that another pottery will be built in East Palestine in the spring.

ALL NIGHT WORK.

From all parts of Trenton come reports of increased activity in the potting industry. Many of the plants are operating until midnight and 1 a. m., and in a few instances the rush of orders is so great that the shops are kept going all night.

NEW DESIGN.

The Wheeling Pottery company has designed a new semi-porcelain dinner set which is confidently expected to be a winner. The first samples were sent out this month and wherever introduced they have met with a cordial reception.

NEW SANITARY PLANT.

The new sanitary plant at Evansville, Ind., is being rushed to completion, 21 bricklayers being employed, to say nothing of the carpenters and laborers. The building is 90x300 feet and is now under roof.

FIRST KILN DRAWN.

The first bisque kiln of ware at the new China works in Sebring, was drawn Wednesday. The ware and the burning of it were a success in every particular.

POTTERY NOTES.

There are now about 75 Toronto people employed at the Chelsea pottery in New Cumberland.

The Myers Clay Manufacturing Company's (Independent) plant will probably be in operation the most of the winter.

Second Victim Dead.

Steubenville, December 13. — Mrs. Alfred Dray, who, with her husband, was struck by a Cleveland & Pittsburg passenger train Wednesday evening, died from her injuries at the Gill hospital yesterday and the crushed bodies of husband and wife repose side by side in a morgue awaiting a double interment.

HEALTHY WOMEN

Blood Wine Their Comfort

Women that are thin, pale, hollow-chested, sunken-cheeked, who are losing flesh, can't sleep, have foul breath, bad taste in the mouth, who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. "Blood Wine" cures all these symptoms as if by magic. It cures the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women are just now experiencing. Mrs. A. A. Hatch of 8 Park Avenue, Forest Hills, Mass., says:

"For a long time I was in a terrible run down condition with female troubles, which my physicians called different names. I suffered terribly at periods, and could get no relief. I heard of 'Blood Wine,' which a number of my neighbors were taking, every one of whom had some good report to make about it, so I got a bottle. It helped me at once, and I got another. After the second the pains left me, and my old periodical suffering came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain. I am gaining in strength and flesh every day. There is certainly nothing made that can equal 'Blood Wine.'"

It's all in the blood. You can have your blood examined and a true report recorded free of charge, by sending your name to the Louis Daudelin Co., Worcester, Mass.

A BIG COAL FLEET WAITING TO MOVE

PART OF IT ALREADY STARTED DOWN THE OHIO.

The Rest Will Wait Until the Danger of a Flood Is Past.

The movement to southern points of the immense coal fleet which has been awaiting shipment in the ports at Pittsburg for the past several months was started yesterday afternoon.

Considerable trouble was experienced by the rivermen in making up the tows, as the swift current coming out of the Monongahela river made it unsafe for many of the larger steamers to attempt to do any work. There was a stage of almost 20 feet of water at Pittsburg this morning and the Ohio river was rising at the rate of about one foot an hour. It is probable that the larger boats will not attempt to start out until the flood from the upper rivers recedes.

Between 8,000,000 and 10,000,000 bushels of coal was ready for shipment before the rise came, and of this only about 2,000,000 bushels was started out in small tows in charge of the smaller boats.

Most of the coal sent out last night and today will be distributed along the towns of the upper Ohio and very little of it will reach Cincinnati and the lower river ports until the larger tow boats get away.

The captains of the different boats were busy all day yesterday securing their crews and arranging the minor details which are necessary before they start out on their trips.

ELABORATE PRODUCTION OF THE DRUMMER BOY

The Popular Play to Be Put on in Better Style Than Ever Before.

The cast of characters for the production of "The Drummer Boy" held a rehearsal last evening, and with but a few exceptions the ladies and gentlemen taking part showed themselves masters of their respective parts.

A. F. Nail, of Mansfield, who directs the production, arrived in the city today and will be present at a rehearsal to be held tonight at Grand Army hall. The popular drama is to be staged here in its most elaborate form, and it is estimated that upwards of 100 persons have to the present been engaged to take part. Stage rehearsals will be commenced on Monday evening, and it is proposed to do some hard work for the three days previous to the first night's performance.

COURT FINISHED THE WEEK'S LIST

Trial of Indicted Salem Saloon Man Goes Over, a Witness Being Absent.

Lisbon, December 13.—(Special.)—The court finished the week's assignment yesterday in good time with nearly all the cases disposed of. In the case of John Conners and Oscar Hendricks, Salem saloonists under indictment for selling to an habitual drunkard, the prosecuting witness being out of the state, the case was continued until the middle of the next term.

The case of Emil Scheestel versus Joseph Girard et al was settled at the defendant's cost.

Grove's Black Root Liver Pills

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 179

Wedded at St. Mary's.

A special from St. Mary's, W. Va., says: On Thursday, December 4, a strange couple arrived in town in the morning and later in the day they appeared at the clerk's office and applied for a marriage license, giving as their names James P. Handlon and Rena Pullins, both of Columbiana county, O. After procuring the license they repaired to the M. P. parsonage, where they were united in marriage by Rev. M. D. Helmick. Their departure was as unostentatious as their arrival.

IN THE SCHOOLS.

WHAT IS GOING ON IN PUBLIC SCHOOLS

Notes of Interest About the Work of Pupils and Teachers in the City.

VERY ENTERTAINING TALKS

By Visitors to the High School During the Past Week—Pretty Christmas Decorations in Several of the School Rooms.

During the past week, among the visitors at the high school were Walter J. Blakely, Miss Edna Simms, Miss Euphemia Huston and N. A. Frederick. On Monday morning Mr. Blakely, of St. Louis, made interesting remarks in the chapel services. He spoke of the many years ago when he as a boy attended the first public school which was built on the present site of the central school building. Mr. Blakely's father, John S. Blakely, was at one time a member of the board of education, as well as an eminent citizen, and it was in the public schools of this city many years ago that Mr. Blakely received his early training.

Mr. Blakely's remarks were followed by Miss Euphemia Boyce Huston, former principal of the high school, who spoke briefly, but beautifully. Her theme was character-building and compared the beauty of Solomon's temple to nobility of character, saying that the pillars represented the strength and purity of character, while the lily fretwork above was symbolical of the little favors and courtesies of life which make it true pleasure. Furthermore she said that in returning on a visit to the high school it seemed to her that she was only coming home. After closing remarks this party of visitors by invitation of the principal, Miss Florence Updegraff, and Supt. R. E. Rayman, visited in other grades, among them the first primary, taught by Miss Lina Joseph and Miss Florence Harris. They also visited the fifth and sixth grades, where they heard excellent singing by the children of those grades.

On Friday morning Dr. E. E. Sparks spoke for an hour in the high school on the topic "A Tramp and a Trampess." His story was replete with interesting instruction, in which he told of his touring in the Hartz mountains of Germany, and personified himself as the tramp, while his wife, Mrs. Sparks, took the part of the trampess. he faculty and students considered themselves highly favored by so interesting and instructive a talk.

During the chapel exercises the high school octet, composed of William Rhodes, Ben Bennett, Will Cripps, Blaine Cochran, John Evans, Frank Gardner, Charles Gaston and Joe Young, rendered "Lead, Kindly Light," and were highly complimented upon their singing by Dr. Sparks.

The B junior literature class, which is under the supervision of Miss Florence Updegraff, today presented to the principal some excellent essays upon subjects taken from the "Autocrat of the Breakfast Table." The productions were very creditable and are only typical of the work usually done in the class.

Miss Jessie Manley, a member of the high school faculty, was out of school Tuesday on account of the serious illness of her mother.

There are a host of friends in the educational business and social circles of this city who will be gratified to hear that Prof. R. E. Rayman, who has been ill for a day or so, will be in his office on Monday attending to duties.

Sixth Street Building.

Miss Howard utilized a pretty design in holly to decorate the words "Merry Christmas."

Miss Grace Morgan, who has the third grade at the building, delighted the children last week when she allowed them to make white paper Christmas baskets, and permitted them to take them home.

Miss Lena Howard, teacher of the fourth grade, has a forget-me-not honor roll where she has placed the names of the boys and girls who have never been absent from school this year yet. They are: Andrew Bennett, Earl Burbridge, Harry Carson, Emmett Gaston, Ralph Smith, Clude Wooley, Minnie Madduck, Francis Dunn, Juanita Harris.

Miss Martha Caliebe, teacher of the second grade, has a holly honor roll upon which the girls and boys are striving very hard to have their names placed. One day a short time ago Miss Caliebe had the girls and boys do some free hand cutting, the results of which were a number of paper peaches and pears, so realistic that the teacher mounted them and has made quite an attractive decoration of the mountings.

Miss Margaret Roach, teacher of the sixth grade at Sixth street, last week had some drawings appropriate for Christmas placed on the board. One winter scene which is is especially good was drawn by one of the pupils Miss Elizabeth Clark, who possesses a talent for such work. The room is known as the Frances Willard room, and the teacher and pupils are making preparations for a good program on next Friday.

Among the Pupils.

Harold Bulger is ill at his home on Sixth street.

Miss Ellen King, is ill at her home near Ralston's crossing.

Lee Williamson has returned to school after a short seige of sickness.

Goldie Tice, daughter of William Tice, is ill at her home on Railroad street.

Sadie Hugo, of Mulberry street, East End, is detained from school by illness.

Minnie Kilmer has been absent for several weeks, due to illness in the family.

William Copestick, of Ohio avenue, East End, is detained from school by illness.

Harry Thompson, of Mulberry street, East End, is out of school on account of illness.

Miss Ollie Kerr, niece of Mrs. Frank Croxall, is in New Cumberland the guest of her sisters.

Bessie Bennett, daughter of John Bennett, is quite ill at her home on First avenue, East End.

Thomas Canne, son of Max Canne, of Ridgeway avenue, has returned to school after a short illness.

Colonel Scotten, son of Charles Scotten, of Elm street, East End, was absent from school on account of illness.

Third Street School.

Miss Mary Douglas, who has the second grade, has done some splendid paper work in the past week over which the children are very enthusiastic.

Miss Lena Blake has made her room very attractive by a holly border, a reindeer and a Santa Claus on a roof about ready to go down the chimney with a well filled pack.

The Third street school building have some very pretty decorations in the various rooms. In Miss Lizzie Griggs' room are drawings of Christmas bells and also a picture of Santa Claus ringing the Christmas bells.

Miss Andrews, teacher of the third grade at the Third street school, has delighted the little ones in her school with a large chimney place where Santa Claus is going down, while in other places of the room are drawings which please the children with the Christmas thought.

Horace Mann Building.

Several teachers at the Horace Mann building during the past week have been allowing the children to make Christmas booklets, with appropriate quotations. Miss Elma Croxall, teacher of the first grade, last week had the children do some paper cutting, which is used effectively for decorations.

Among the Teachers.

Misses Clara Beal and Emily Firth, who are teachers of the seventh and eighth grades at the central building, are making arrangements for a literary program to be held in their room on next Friday afternoon. There will be some excellent essays on the program.

COUNTY AND NEIGHBORHOOD

Lizzie B. Chalfant, a Sebring milliner, has assigned for the benefit of her creditors.

George Shaffer, of Wayne township, celebrated his ninety-first birthday by butchering two hogs and doing other farm work.

C. P. Rothwell and others, of East Palestine, charged with killing game out of season, were exonerated at a hearing before Justice Lyon.

Elder James Calvin, the marrying parson of Youngstown, is 90. He never ate any breakfast foods and attributes his longevity to dieting.

Dr. F. D. Davis, of Minerva, who sued the Lake Erie, Alliance & Wheeling railroad for damages for being struck by a train was awarded $3,500.

Rev. Henry McCook, who has been pastor of the Tabernacle Presbyterian church at Philadelphia, will retire from ministerial work this month. Dr. McCook was born and raised in Lisbon and served in the civil and Spanish wars.

The question of township high schools is being agitated in different localities in Beaver county, Pa. One was recently put in operation in one of the townships as an experiment and now one is being talked of for Raccoon township.

Rev. Foster Anderson, pastor of the Grace church in Cleveland, son of Rev. T. W. Anderson, of the M. E. church at Damascus, was married at Warren to Miss Ora Robins, daughter of Rev. J. W. Robins, presiding elder of the Akron district of the M. E. church.

Local Freights Annulled.

The regular local freights on the river division of the C. & P. were annulled this week, the engines being wanted to relieve the freight congestion at points along the river division and main line.

Nerves All Unstrung.

That describes the condition exactly. Children's noise, street sounds, little things that usually pass unnoticed annoy. A sudden sound, a call, you jump; a harsh word, a crying spell. The sleep is full of jerks and starts; trouble fills your dreams; you do not rest. Tired you go to bed, weary you rise. It's the unstrung nerves, weak, shattered, over sensitive, on edge. They need rest, quiet, strength, steadiness. Well-known people in your own city give you the cure in Dr. A. W. Chase's Nerve Pills—the most remarkably successful nerve medicine ever produced.

TORONTO, OHIO.

Mrs. W. C. Sine, of River street, Toronto, O., says: "As a medicine to quiet the nerves and give rest and sleep at night I can recommend Dr. A. W. Chase's Nerve Pills. When I began to use them I was nervous, sleepless and consequently debilitated. The medicine gave me strength, vitality, steady nerves and natural sleep. I am, as a matter of course, pleased with the result of the medicine."

A NERVE TONIC NEVER EQUALED

THIS SHAPE IS BOX—NO OTHER

SALEM, OHIO.

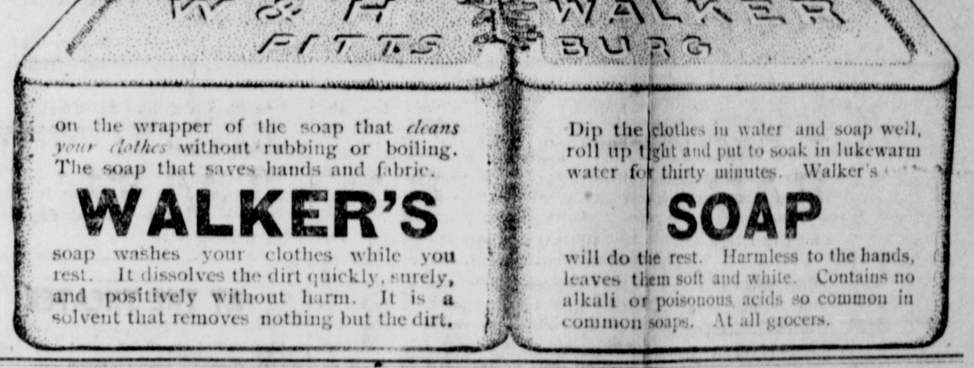

Mrs. Etta Wise, of No. 91 Howard street, Salem, Ohio, says:—"Dr. A. W. Chase's Nerve Pills are all they claim to be. I used a box that I got with splendid results for neuralgia of the head. It is the only medicine that touched it, and it has affected me for six years. It certainly made a hit with me and gave me restful sleep. A neighbor recently moved to Pittsburg, Pa., tells me the medicine in her case was a grand nerve tonic, steadying her nerves, giving her strength and sleep—something she needed badly, and at the same time curing a growing disposition to nervous headaches."

Beware of imitations.—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co., 257 Washington street, Buffalo, N. Y.

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strength-giving tonic which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle.

SATURDAY, DECEMBER 13, 1902.

America is on guard as regards the Venezuelan situation. Nobody need fear that the British and German fleets which are in Venezuelan waters will upset the Monroe doctrine before they get through with Castro. There is a far bigger and far more formidable collection of war vessels in the vicinity of the disturbed district than these two nations have on the ground. These vessels are flying the American flag. They are under the command of men who have had much more experience in actual war than any persons in either the British or the German naval service at this time. At the head of these men is Admiral Dewey.

Why the imitation war vessels which constituted part of the assets of their Venezuelan creditor upon the sea should have been destroyed by the European debt collectors is another mystery added to the profound depths of grand diplomacy. The boats were as harmless as pop guns in the presence of the invading fleet even before they were captured, and after their capture they were not only powerless to do any injury whatsoever, but might have served as security to the amount of their value to the imperial governments and their subjects.

Chairman Burton, of the rivers and harbors committee, represents only a small section of Ohio in his opposition to steps calculated to promote river improvement. If it becomes necessary to wait for another congress to act, the people of the state will do well to see to it that only champions of river improvement are elected.

A census of the candidates for municipal office in East Liverpool would certainly indicate that there is no general fear of the new code. The city has no lack of good material to fill the offices, and if the people see to it that only good men are selected all will be well.

A southern railroad engineer is reported to have discovered how to toot the tune, "The Sweet Bye and Bye," with his engine whistle. It must require abnormal courage to attempt such an experiment in the lynching belt.

Holiday trade is the best the country ever had, according to trade reports. The same story comes from every quarter. Monotonous tales are usually wearisome, but this one is of absorbing interest to busy millions.

Allegheny county, Pa., has a record of 91 murders thus far this year and expects to record 100 before the month ends. Hanging seems to be played out over there.

The university extension movement has been a success in the city this season and has undoubtedly paved the way for greater effort and greater success in the future.

Sidewalks coated with ashes may save broken limbs. Those who use coal can easily prove themselves philanthropists while the icy season lasts.

A law enacted in Belgium which prohibits the use of indecent language in a public place or meeting may have been aimed at the king.

Tom L. Johnson has succeeded, by his efforts in the recent campaign in getting into comic opera. That beats nothing.

It begins to look as if Santa Claus would have to hitch on extra reindeers this season.

Venezuela is discovering that it is far easier to provoke trouble than to stop it.

OBITUARY

Mrs Joseph Caldwell.

Mrs. Joseph Caldwell, 75 years of age, of Eighteenth street, West End, died last night. She leaves a husband, two sons, a daughter and one sister, the latter, of Cleveland. The daughter resides with her husband at Ironsale. Funeral services will be held Sunday afternoon. Monday morning the remains will be taken to New Somerset for interment. She formerly lived in Knoxville.

CANDLE DECORATION

Paraffine Beauties Succeed the Tallow Dip of Ye Olden Days.

Like many other quaint accessory of our forefathers, the candle is again coming in vogue, not only as an article of household necessity, but as a means of beautifying the home, drawing room candles now being considered an almost indispensible factor of decoration for the five o'clock tea, the dinner party or formal reception. Of course the candle of modern make, with its rich veneer of color, is a far different product than the old tallow dip with its ill-smelling smoke that fixed the eyes of our ancestors. The decorative candle of today is an accurately proportioned stick of pure paraffine that burns with a light as clear and white as the gleam of the evening star. Clothed in a tinted shade of shimmering silk, or even paper, it enhances the beauty of a room or table a hundred fold.

From the custom of decorating the house with candles has sprung the present day fad of decorating candles with appropriate designs. There is no end to the beautiful effects and suggestive emblems with which a candle can be ornamented, a little paint, a small brush, and a gift of originality being the only requisites to success. Every holiday can be made the subject of emblematic designs while every dinner party of function has many special features that can be illustrated by candles.

At some of the select functions given at New York City recently the decorations on the candles were masterpieces of artistic skill, greatly admired by the guests, many of whom are collectors of decorated candles.

The fact that in nearly every family there is someone with more or less artistic ability makes candle decoration a popular pastime, and it is not surprising that candle parties are as popular as birthday parties. For those who have not the time or do not care to take the trouble to do the work themselves, candles already beautifully decrated can be secured at the shops.—The Decorator.

RAPIDLY RISING RIVER

Continued from First Page.

The former boat is a favorite with East Liverpool rivermen. She has stormed the waters for many years, and though she has a record for many disasters they generally amount to nothing but the loss of money and not lives.

An old riverman of the city last evening, in talking over the prospects for a lasting stage of water, said notwithstanding the famous weather prognosticators of the country had predicted a cold winter and little rain, he has not seen in years the signs so favorable for several months of good boating. "You see," said he, "these wise men talk about what is going to happen in regard to the weather, and do it with all of the confidence in the world. They scoff at us old sea dogs and ridicule us for basing our predictions on signs of the moon and numerous others known best to us. I won't dispute that these great men hit it once in a while, but where they hit it once we hit it a dozen times."

AT THE THEATER

"he Christian" has been called "Hall Caine's great play." The only objection to that compliment is that it is too limited in scope. "The Christian" should be called "the people's great play," for certainly no more skillfully constructed, admirably written stage piece has been presented to the theater-goers and certainly no other play has attained a greater degree of success than that enjoyed by "The Christian." The play is a sermon of the most influential kind, and while under its influences the auditor feels removed from the earthly things of this cold, calculating earth to the ethereal heights. By this is not meant that the play is gloomy, for it is not. It is just simply intensely interesting, and is filled with life's sidelights, many of them joyous and amusing and all exquisitely pictured.

PRESBYTERY MEETING

Interesting Program for the Session Which Convenes at Wellsville Monday Evening.

The next meeting of the Steubenville presbytery will be held at the Second Presbyterian church in Wellsville next Monday and Tuesday. On Monday evening a moderator will be elected, and the sacrament of the Lord's supper will be administered by Rev. Dr. Reid, of Steubenville, and Rev. J. N. Swan, of East Liverpool, two of the oldest ministers in the presbytery. Rev. J. M. Potter will preach the sermon.

On Tuesday morning there will be a devotional half hour from 8 to 8:30 o'clock, followed by a business session. On Tuesday afternoon Rev. E. A. Hodil will speak on the subject, "Can I Be a Soul Winner?" and Rev. W. B. Irwin will conduct a conference on soul saving work. Reports will be presented on young people's work, minutes of synod and historical committee.

On Tuesday evening Prof. H. F. McLaughlin, teacher of music in the public schools of East Liverpool, will speak on "Good Church Music, What Is It and How Can It Be Had?" Rev. C. G. Jordan, of East Liverpool, will speak on "How to Prepare for Gospel Meetings." Special music will be furnished at all the sessions.

SUNDAY SCHOOL WORK

Discussed by Able Speeches at a Convention in Fairview This Week.

The thirty-sixth annual convention of the Hancock County Sunday School association was held Thursday and Friday in the Presbyterian church at Fairview. The attendance at this meeting was smaller than had been expected, owing to the disagreeable weather at the time. The program was very interesting and many points in regard to Sunday school work that will be of great value to the teachers were brought out. The program yesterday was as follows:

Devotional services, Rev. W. A. Curfman; "Organized Sunday School Work," Rev. H. E. Lloyd; "Qualifications of a Teacher," Armour Cooper; "How to Teach a Class," Rev. J. S. Pomeroy; "Round Table," General Secretary Shaffer; "The Teacher a Soul Winner," Rev. J. S. Hamilton.

The evening service concluded the meeting and the program follows:

Devotional services, Rev. Mr. Lindsey; music, male quartet; "A Call to Action," George Allison; music, quartet; address, General Secretary Shaffer.

A NEW SEWER

Ordered Placed in Carolina Avenue to Protect Property.

The present condition of the streets in Chester could not be much worse than it is. Where the paving has been finished the streets are not so bad but in places they are almost impassible. At present the cold weather has made them temporarily unfit for travel, although they are very rough. Should the weather moderate for a day or two the mud would be knee deep on teams. Water has backed up in many cellars and the street committee will have plenty of work for a few days keeping the town free from suits liable to arise from damage to property.

This morning a sewer was ordered to be put in in the alley south of Carolina avenue between First and Second streets. Water had collected in the cellars of four or five houses near by and was damaging considerable property. As soon as the street committee ordered this sewer put in a force of men began work on it.

Big Pay at Tin Mill.

Today is pay day at the tin mill in Chester. During the past two weeks the mill has been running remarkably full and few if any persons have laid off more than a day or two. The amount that will be paid out this afternoon will reach nearly $20,000. This sum of money will be diverted to the different business men more than pays heretofore, on account of the time being so near Christmas. Everything has been running smoothly for some time at the mill and prospects are for a good line of work all through the winter season.

Looking For Driftwood.

Already considerable drift has started down the river since the recent big raise in the river. A number of parties are now on the lookout for valuable drift and this morning E. S. Good was rewarded by securing two loads of new white pine lumber. He managed to land the lumber at Newell and later in the day hauled it to Chester.

CHESTER NOTES.

Jones Jackson, of Irondale, is visiting his sons in Chester.

W. F. Brown, of Brownsdale, was a business visitor in Chester yesterday.

Miss Bertha Fowler, of near Asbury, is the guest of her brother, Tom Fowler, of Chester.

Miss Mary Jenkins attended the funeral of John Fisher yesterday at New Cumberland.

Dr. J. Howard Davis, of East Liverpool, was a business visitor in Hookstown yesterday.

Mrs. Clark McCutcheon has returned home after a short visit with friends at Roney's Point, W. Va.

Mr. and Mrs. W. P. McClain, of Beaver Falls, Pa., are the guests of Mrs. Thomas Ward, of Carolina avenue.

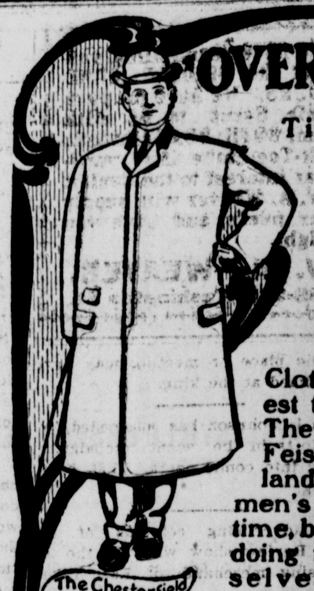

Joe Maxwell, the little son of J. Howard Maxwell, of Chester, is suffering with an attack of the mumps.

Mrs. W. B. Smith, of Xenia, O., who is the guest of her sister Mrs. W. B. Gillis, is confined to the house with the grip.

A valuable horse belonging to O. O. Allison was seriously disabled by running a rusty nail in its hoof. It is feared that blood poisoning may set in and cause the animal's death.

WELLSVILLE

CONFERENCE HELD ON NEW SWITCH

RAILROAD OFFICIALS CONSULT WITH CITY OFFICIALS.

Contemplated Improvement Means Great Things to Wellsville Manufacturers.

General Superintendent A. M. Schroyer, of Pittsburg, and Superintendent W. H. Scriven, of Cleveland, of the Pennsylvania lines, together with their attorneys and engineers, came to this city yesterday in the private vestibuled car of the general superintendent.

In the afternoon they held a secret conference with the railroad committee of council and also the railroad committee of the old council, relative to the terms of the ordinance granting the railroad company a franchise to build a switch back of the city to tap the several industries located in that section of town.

Those present were Messrs. Brennan, Turner, Whitacre, Shoub, [illegible]ver, City Solicitor Boyd, and W. L. [illegible]ith, of East Liverpool, who is interested in one of the potteries which would be tapped by the proposed switch.

The afternoon was spent in discussing over the terms of the ordinance. There were several clauses in the ordinance which the railroad officials wanted changed to suit their own ideas and there were also clauses which the city wanted changed. A thorough understanding between the committee of council and the officials of the railroad has not been reached and a compromised ordinance will be at once prepared. It will be passed upon by council Monday evening and it will then be up to the railroad officials to accept the same.

The new switch is a slow matter with the railroad company, as it is a very difficult switch to construct. It means an expenditure to them of $40,000.

It was originally contemplated by the city to run the switch from Second street to Twelfth street, but it is now figured that the switch will be divided into two sections and will start east from the Buckeye brick works. The second section of the switch will extend west from Second street as far as Twelfth. City Solicitor Boyd stated that if this switch is built it will be the making of Wellsville.

Three different concerns wish to locate in this city and will do so and on land along the proposed route of the new switch if the switch is built. Each of these firms will employ in the neighborhood of 40 people. One is a Cincinnati concern. Another is a brick works. The latter has discovered a superior grade of Bolivar clay in an upper vein in one of the hills north of the city. The clay will make first-class fire brick that is similar to the Mount Savage brick. The clay has been tested and has proven satisfactory.

All of the potteries back of the city wish to enlarge their plants and will do so as soon as the new switch is built. The only thing that is shutting out these new industries is the lack of shipping facilities. It can therefore be easily seen what an important matter the building of the new switch will be to this city.

A city official stated: "The switch ought to be put clear through the city, and will be unless the project is retarded by a few of the old citizens of the town who have on several occasions blocked all such important improvements. I am of the opinion that the town will have to concede something in order to get something." The new switch, if put in, would no doubt send the prices of real estate up sky high.

FERRYBOAT ALMOST SUNK

The Little Ida Has Her Troubles And Narrowly Avoids a Serious Mishap.

The new ferry boat Ida, which was brought to this city from Steubenville a week or so ago, and which is propelled by a small gas engine, has had its troubles ever since it arrived here. The boat is a very small one and it is tied to a flat boat which is used for the purpose of carrying vehicles backwards and forward between Congo and this city.

A few days ago while the Ida was tied to the Congo landing a large tow boat came down the river, making waves several feet in height. When these struck the ferry boat, it was torn away from its landing and was bounced around on the water like so much cork. Several of the waves overlapped its deck and would have no doubt sunk it had it not been for the quick work of the two men in charge. As it was, with the aid of a small skiff, the men succeeded in pulling the boat safely into shore where the water was afterwards pumped out of its hull.

When the large packet Virginia landed at the Wellsville wharf, yesterday the Ida was again torn away from its moorings and took a jaunt down the river about eight blocks where she was finally again pulled into shore by the two men in charge. The ferry boat was nearly sunk, its hull being partially filled with water that had swept over its decks.

It seems that the gas engine used to propel the Ida has not power enough to control the little boat and it therefore has to suffer the consequences. People who travel in the boat and who have noticed its recent pranks are almost afraid to ride in it.

WELLSVILLE CHURCH NEWS

Coming Presbytery Meeting—Evangelical Church Renovated—Revival Meetings.

The coming church event will be the meeting of the Steubenville presbytery opening Monday evening. The program is given elsewhere.

Through the efforts of the pastor, Rev. W. A. Vandersall, the First United Evangelical church, has recently undergone a number of improvements which add greatly to the appearance of the church edifice both in exterior and interior.

A new slate roof has been put on the building, new eaves, troughs and spouting have been placed on the building, the interior has been entirely renovated and new wall paper, which was donated by J. W. Grubbs, a member of the church, has been put on, giving the place a new aspect. The personage has also been repainted.

At the Third street Bethel mission, Rev. Mr. Vandersall has laid plans for a Christmas entertainment. It will be held in the chapel on Christmas eve. An excellent program has been prepared.

At the Methodist Episcopal church Sunday Rev. E. S. Durham, of Delaware, who has just concluded a series of revival meetings will occupy the pulpit both morning and evening. Rev. Mr. Clark, the pastor, will assist in the services.

The series of revival meetings which have been held every evening for the past two weeks at the Christian church will close Sunday evening.

Trades Council Ball.

The Wellsville Trades and Labor council has already issued 400 invitations for their dance to be held on New Year's eve at the city hall. More invitations are being printed and will be sent out at once. A very large crowd is expected at the dance. A first class orchestra from East Liverpool has been engaged for the occasion and an extra car for East Liverpool will no doubt be chartered. The dancing will start at 8 o'clock and will continue till midnight. A floor committee will be in charge of the hall and the best of order will be maintained.

Funeral of a Child.

The funeral of the two months old child of Mr. and Mrs. Howard Barnes, of Sebring, who died Thursday and whose body was brought yesterday to the home of Mr and Mrs. Harry Brown, relatives, on Commerce street, was held at 2 o'clock this afternoon at the Brown residence. Rev. Lemoine C. Wells, of the M. P. church, officiated and interment was made in Spring Hill cemetery.

Carpenters' Meeting.

The Carpenters and Joiners of America, Local union No. 405, held its regular meeting last evening in Potters' hall. Only a few members were present, but the regular business of the evening was transacted. A report was recently made to the effect that the union would hold a dance in the near future, but at present No. 405 has no such intention.

Declared a Dream.

A report published in an East Liverpool daily giving a sensational account of a plot to blow up the safe in the office of Judge P. M. Smith, in this city has been denied by the mayor and several of the police officers of the city. They declare it a "pipe" dream.

WELLSVILLE SHORT STORIES.

W. G. Stewart, of Main street, was in Pittsburg yesterday.

Frank Brannan, of Main street, is reported on the sick list.

Miss Nightingale, of Irondale, visited friends in the city yesterday.

Mrs. William Davidson, of Ninth and Main streets, is very ill.

Homer Saltsman, of Center street, is out of school on account of illness.

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:—

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take **Lydia E. Pinkham's Vegetable Compound**, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City."—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

CURING a COLD

A common Cold is often the beginning of severe disorders, and its treatment and actual cure is of more importance than is usually believed by both laymen and physicians. The resulting irritation develops latent diseases and creates disturbances in nutrition and excretion. Of course, the weakest point shows the first signs of distress. If there is an active disease already present the Cold will increase its activity, and if a latent disease is in the system it will start it into action. The medical practice of the past has been very productive of suppressed or latent diseases, which are but smoldering like the quiescent volcano, ready to break forth at the first exciting cause. In the true cure of a Cold, Cough, Catarrh, Neuralgia or Rheumatism, no other medicines approach, in any degree

PARK

Park, December 13.—Rev. Mr. Lewis, of Rogers, is holding a series of revival meetings at the First M. E. church here.

Miss Edna Davis entertained her young friends at dinner yesterday.

Quite a number of young folks attended the chicken supper given at Clarkson church Thursday evening.

Mrs. Frank Conkie, assisted by Mrs. Alf Moore and Mrs. Jessie Lones, of Harmony, entertained the L. O. T. M., Golden Rod Hive No. 20, of East Liverpool, and Clarkson No. 356, recently. The evening was delightfully spet. An oyster supper was served, after which some fine piano selections were rendered by Missis Maude and Helen Conkle. H. Cope, of Rogers, addressed the ladies in a delightful manner.

Mr. and Mrs. Thomas Henry have started to housekeeping in East Liverpool, where they lately moved.

REALM OF SPORTS

BOWLING CONTEST

Much Interested in the Weekly Match on the Imperial Alleys Last Evening.

The regular weekly series of games bowled by the East Liverpool Bowling association were witnessed by a large crowd of interested spectators at the Imperial alleys last evening. The Ralstons defeated the Walkovers by only 11 pins. Following are the individual scores:

Ralstons — Gass, 199,171, 162; J. Herbert, 153, 127, 107; Russell, 105, 115, 123; R. Hall, 128, 128, 128; Spencer, 89, 122, 133.

Walkovers—Hancock, 152, 205, 117; Silcott, 130, 130, 130; Lewis, 120, 161, 113; S. Herbert, 142, 133, 119; C. Hall, 110, 118, 106.

Queen's Quality—Rayl, 125, 101, 123; Sample, 133, 136, 122; Davis, 137, 137, 137; Firth, 145, 125, 171; Oliver, 134, 81, 92.

Regals—Lawrence, 138, 114, 115; Kelly, 132, 132, 132; McCurdy, 101, 125, 161; Chambers, 123, 134, 134; C. F. Craig, 93, 95, 92.

RUHLIN IS EAGER

The Akron Giant Willing to Meet Either Fitzsimmons Or Jeffries.

New York, December 13.—Robert Fitzsimmons's recent announcement that he is ready to fight again has brought forth a quick reply from Billy Madden, manager of Gus Ruhlin.

Madden says Fitzsimmons can get Ruhlin and get $2,500 from the Penn Art club, of Philadelphia, for a six round bout. The offer holds good for Jeffries. Bof Fitzsimmons, according to report, is busy writing a play, in which he and his wife are to appear. Fitz has written several productions during the last few years, but this is the first of standard dimensions. Fitz refuses to tell either the title or the plot of the drama.

Joe Choynski Hurt.

Joe Choynski broke a bone in one of his hands while working a few days ago and as a consequence has lost a match with Tommy West. Manager Herman, of the Fort Erie International club, asked P. J. Carroll to make the match, but Choynski could not accept. The bout was to have taken place January 1, the same date on which the McCoy-Gardner fight is now scheduled.

Four in One Family.

The Bezenah family is probably the only one in America that has four professional pugilists. Louis, the eldest, who was killed by "Kid" Dugan four years ago, was once backed by Billy Muldoon for the lightweight championship of the United States. Eugene, Gus and Andrew are at present engaged actively in fistic affairs. The Bezenahs belong in Covington, Ky.

Anaconda Sold for $8,000.

Anaconda, the great pacer, has been sold to J. Florence Brownson, of New Haven, by E. E. Rice, of Boston, for $8,000 and will be shipped from Trenton to New Haven. He will be quartered in Mr. Brownson's stable and next year will be campaigned. Anaconda was offered for sale at the recent sale at Madison Square Garden, but was bid in by his owner.

Blushes for the Old Game.

George Wright, one of the greatest of the old time ball players, has this to say about the present condition of the game: "The contract jumper will contaminate any club or community, and there is no place on earth where his weakness will be played upon more than in New York. I blush for the old game where the contract jumper is welcomed."

Out of Politics.

Julius Fleischmann, mayor of Cincinnati, principal owner of the Cincinnati base ball club and owner of several high-class thoroughbreds, announced lately that he would devote a great deal of his personal attention to racing next year.

New Driving Record.

At a meeting of the state Y. M. C. A., at Tacoma, Washington, the world's record for the long drive has been broken by David Grant, of Seattle. He dived a distance of 15 feet, 3 inches, breaking the former record by 7 inches.

ELECTION TO BE HELD

Street Railway Men Will Vote at the Meeting December 27.

East Liverpool assembly No. 52, Amalgamated Association of Street Railway Employes, will hold its regular meeting December 27. The organization has a great deal of business to attend to and among other matters will hold its election and installation of officers.

President Charles Kontnier, who has guided the affairs of the union for the past year, can boast of one of the most successful administrations in the history of No. 52, and it is possible the members will ask him to succeed himself.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

GEORGE WASHINGTON'S PLACE IN HISTORY

An Entertaining University Extension Lecture By Dr. Sparks on the First President.

The theme of the Dr. E. E. Sparks concluding lecture last evening was "George Washington, the First President of the Republic and the Constitution in Operation."

The lecture was replete with interest and stories of history which were received with appreciation by a very large audience. The speaker told of how the constitution went into operation, the criticisms by a few faultfinders, and the ascendency and final triumph of the great lawmaking bodies. There were petty disturbances which first arose between the house of representatives and the senate, in that the latter body wished to maintain the supremacy.

Dr. Sparks spoke in particular of the sacrifice it meant for Washington to leave his peaceful home at Mt. Vernon, to take upon himself an office of political strife and peril, for Washington was much criticized because he was not democratic in his manner of daily life.

When time for the inauguration of the first president came, it was not with pomp and splendor that the event was celebrated, but the oath of office was taken in a very simple manner without any display whatever. Washington returned to his quiet life at Mt. Vernon and lived for only two years longer, when Fame and Death met each other on the very doorsill and neither had the opportunity to bid the other a last farewell.

At the close of the lecture hearty applause was given Dr. Sparks which more fully exemplified the fact that the lectures which have brought them more fully in touch with events of American history.

THE GAMBLE CONCERT

Pleasing Musical Event in the High School Entertainment Course.

The Ernest Gamble company was last evening greeted at the opera house by a large audience. The company consisted of Ernest Gamble, who has a bass voice of rich tone; Miss Edna L. Dow, a talented violinist, and Frederick B. Morley, an accomplished pianist.

The selections rendered were of classical music, and were received with applause, while the company was liberal in their response to encores. Especially favored was Miss Dow, an artist of remarkable talent and ability.

Broke

Down With Nervous Prostration.

Confined to Bed. Doctors Failed,

But Dr. Miles' Nervine Cured Permanently.

"Some six years ago I completely broke down from evangelistic work. I suffered from nervous prostration and stomach trouble and was confined to my bed and room for months. While I had as good a physician as this city affords he failed to pull me out, and I tried many remedies and they were so hard on my stomach that I could not take them. At last I found Dr. Miles' Nervine. Ah, that was a nail in a sure place and enabled me to cry out 'Eureka.' I was soon able to be out and at work. I consider Dr. Miles' Nervine the thing for nerve and stomach trouble. I also use in my family most of Dr. Miles' Medicines, as household remedies."
Rev. Geo. W. Draper, Danville, Ill.

"About a year ago I failed in health and my case was said to be nervous derangement and heart trouble. My stomach was also affected and I suffered from a variety of symptoms such as wind on the stomach, shortness of breath, smothering spells, pain around the heart and left shoulder. My ankles were frequently swollen and my face was often feverish. There were little puffs under my eyes at times and I had headache almost constantly. I wrote to you for advice and in addition to general directions as to taking care of myself you prescribed Restorative Nervine, Heart Cure and Nerve and Liver Pills. I will state that my complete and permanent return to health followed."—Miss Josephine Kern, Galena, Ill.

DISPUTED ACCOUNTS

The Cause of a Suit Between Local Parties Heard in Court Yesterday.

Lisbon, December 13.—(Special)—The cases of Stephen Hague against George Perry and Jennie Hague against George Perry, all the parties living between East Liverpool and Wellsville, were given one hearing yesterday afternoon. The defendant in each case are the same, and the plaintiffs being man and wife. The dispute was over accounts for mutual services rendered by the parties, the accounts of one of the litigants offsetting that of the other by a small margin.

The jury returned a verdict last evening of $8 for the plaintiff and $1.50 for the defendant in the second instance.

COSTS NOT PAID

And No Divorce Yet Granted to An East Liverpool Applicant For the Same.

Lisbon, December 13.—(Special)—The divorce case of Mary E. Watson vs. William H. Watson was heard on Thursday but no decree of divorce has been entered and probably none will be until the plaintiff has paid the costs.

Mr. and Mrs. Watson were married in East Liverpool November 13, 1900. No children were the issue of the marriage. The plaintiff petitioned for the restoration of her maiden name, Mary E. Carey. Unfaithfulness and neglect were charged.

"The Drummer Boy of Shiloh," under the auspices of the G. A. R., will be produced at the Grand next week, four days, commencing Wednesday. Prices, 15, 25, 35 and 50 cents.

EAST END

SHOULDER DISLOCATED

Mrs. James Hanley Badly Hurt By a Fall on the Icy Streets.

Mrs. James Hanley, of Pennsylvania avenue, was the first person in the East End to receive any injuries on account of the extremely slippery condition of the streets and sidewalks. Yesterday evening when she stepped from the house on an errand she slipped and fell, striking her right shoulder.

Her shoulder was dislocated by the fall and she will be unable to be around for several weeks.

An Ancient $5 Bill.

One of the business men of the East End yesterday took in a $5 bill which has seen years of service and is quite a curiosity. The bill was issued in 1858 by the Monongahela Valley bank of McKeesport, Pa., and is in a fair state of preservation, considering the length of time it has been in circulation. The indorsements on the back of the bill are nearly obliterated, but traces of them can still be seen. The bill was given in payment for a small number of goods and is undoubtedly of considerable value to a collector of old money and coins.

Cox-Carman.

Justice Carman, of Mulberry street, has received the wedding announcement of his nephew, Ora Ross Carman, of Wellsburg, W. Va. Mr. Carman is an influential young man in Wellsburg and is well known both in the East End and Chester. His wedding took place December 10 at the home of his bride, Miss Cora Lee Cox, also of Wellsburg. The young couple expect to spend the balance of the month in New York, Philadelphia, Baltimore, and Washington, D. C. After January 1, they will be at home to their friends at Wellsburg.

Special Services.

The special services last night at the Second U. P. church, preparatory to the sacrament of the Lord's supper Sunday was well attended. Rev. Jones, of the M. P. church, of East Liverpool, preached an interesting sermon. Sunday Rev. Mr. McQuiston will have charge of the services, and the regular missionary collection for the year will be taken.

Helped Hold a Revival.

Rev. C. W. Orcutt returned home this morning from Costonia, O., a mile below Toronto, where he has been all week assisting in a series of revival services. Considerable interest was aroused at these meetings. Rev. Mr. Orcutt will preach both morning and evening at the Erie street M. E. church Sunday as usual.

Got a Hard Fall.

Fred Hall, of the East End, was another victim of the slippery sidewalks yesterday evening. He received a hard fall on his head and shoulders on Mulberry street, and for a time it was thought that he was seriously hurt. After he recovered from the shock of the fall it was found he was not seriously hurt.

Returns to the South.

Rev. W. J. Powell left this morning for Chattanooga, Tenn., where he will spend the holidays. He expected to go Thursday, but owning to pressing business matters was unable to leave till today. Rev. Mr. Powell is financial agent of the Grant university, which is located at Chattanooga.

EAST END AFFAIRS.

Charles Goodballet was a business visitor in Pittsburg today.

Harlon McAfee has accepted a position with the T. B. Murphy & Son's establishment in the city.

The Nonpareil club will hold another dance tonight at the Larkins & Ferguson hall on First avenue.

Viola Smith, the little daughter of Mr. and Mrs. J. G. Smith, of Pennsylvania avenue, is confined to the house with a severe attack of the mumps.

Attorney W. E. Warren, of this city, left this morning for Youngstown, where he will appear as one of the attorneys for the defense in the celebrated Cox murder trial which will begin this coming week.

Red Men's Election.

The following officers have been elected to serve Iriquois Tribe of Red Men, No. 40, for the next six months: Frank Witherow, prophet; John A. Tolbert, sachem; John L. Curran, senior sagamore; Otto Phoner, junior sagamore; George Eisenhurth, alternate and collector of wampum; Logan Zane, keeper of wampum; A. E. Massey, trustee; Charles Reark, chief of records; William Hall, Jr., representative to great council, which meets at Circleville, on the second Tuesday in May.

PEPSIN SYRUP CO.
Monticello, Ill.

Gentlemen,—For two years I have been troubled with biliousness, caused by inactivity of the liver. I had dizzy spells at times, pains across my back, and a tired, heavy feeling, with loss of appetite and nervousness. Our family physician prescribed some liver tablets which certainly did not help me in the least. I took Apollinaris and other mineral waters, but my complexion became more yellow and my general health worse. Reading one of your little booklets, I decided to give

Dr. Caldwell's (Laxative) Syrup Pepsin

a trial, and am so glad that I did. One bottle did more for me than $10.00 worth of other remedies. I knew at once I had the right remedy. I kept taking it for seven weeks, when I considered myself completely cured. My skin is white and smooth as a baby's, and I feel in excellent health and spirits, thanks to your Syrup Pepsin.

Yours truly,

Brief Notes of a Personal Nature And of Matters About Town.

Salvation Army—The special meetings which are being conducted by Adjutant Goodhall and staff at the Salvation army hall are attracting general interest. Special programs have been arranged for the meetings tonight, tomorrow and Monday evening.

Blamed It On the Ice—A. K. Adams, when arraigned before Mayor Davidson this morning for being found drunk last night by Officers Dunn and McDermott, pleaded guilty to the charge but insisted that he should have never been pulled. "I will admit that I was a little drunk," he said, "but I never would have fallen down had it not been for the slippery streets."

begun to relieve Morgan of the leadership. He got wind of the move and tendered his resignation as a member of the organization. It was voted down by the opposing faction which, according to some of its members, has planned to remove Morgan by compulsion rather than let him out.

Supporters of the Brotherhood got their heads together and drafed the resolution to affiliate, the opposition which was introduced at last Tuesday night's meeting. The presence of such a resolution is denied by Roland and his following. On the other hand, the supporters of the movement say that the matter was laid over until next week for final action.

The members of the Knights of Labor who are desirous of joining the Brotherhood have had several consultations with Vice President Hutchins during the past week in an endeavor to obtain special terms for those desiring to become members. No concessions will be made and if the Knights of Labor join the Brotherhood they will have to pay in the customary $3 initiation fee and go through the same form of ceremony as when they first became members.

The Brotherhood has made gains in spite of the efforts of the Knights of Labor," said Vice President Hutchins. "We organized the saggermakers recently and a large part of their membership was recruited from the insurgent ranks In organizing the saggermakers' local we were very careful to obtain a good representation of the followers of that branch of the trade to overbalance any movement shown by the Knights of Labor when the saggermakers in the Knights of Labor learned that we were organizing a local they came to us without any solicitation on our part and were admitted like the others.

"The trouble with the Knights of Labor is that they are jealous over the success we have obtained in the face of their failure to force the adoption of a uniform price list for jiggermen. I will safely say that such a list will never be adopted by the manufacturers as long as the Knights of Labor are behind it.

"A certain prominent manufacturer came to my office the other day to discuss the status of the Knights of Labor and the reasonableness of their demands for concessions. He said that he considered the present list for jiggermen a very fair one and the manufacturers would not consent to a change without trouble.

"The failure of the uniform price list in Trenton," continued Mr. Hutchins, "was due entirely to the fact that the local potters were not educated up to such a departure. I am now, happily, able to say that in the last year, as a result of the success the potters have attained in the west under the new list, much of the prejudice has disappeared. I think in a few years the feeling will wear itself out and Trenton potters will demand the installation of a uniform price list as the only means of bettering their condition."

MANY ACCIDENTS RESULT

she started on her way home to Wellsville. It is not known how badly she was injured by her fall but it is thought she sustained a broken limb.

PRONG OF A RAKE

Penetrated the Foot of Mrs. George Tomlinson, Who Fell On the Ice.

While walking from her home on Fenton street to the coal house at the rear of the yard, Miss Mary Tomlinson, daughter of Mr. and Mrs. George Tomlinson, met with a serious accident early last evening. Stepping on an ice-covered board, she slipped and fell violently to the ground. Her right foot struck a prong of a rake with force sufficient to cause it to penetrate the sole of the shoe through the foot to the top covering of the shoe.

The unfortunate young lady suffered much pain during the night and it is feared that owing to the prong being rusty that the wound may develop blood poisoning.

LEG BROKEN BY FALL

Mrs. Ellen Hester Slipped On the Icy Pavement With Serious Results.

As a result of the slippery condition of the streets last evening Mrs. Ellen Hester, of the West End, is confined to her home suffering acute pain. She had been shopping in the central portion of the city and was going home via West Market street when she fell with great force and broke a leg.

A number of passersby witnessed the accident and realizing that she had been seriously hurt went immediately to her assistance. They found that she was unable to arise and a buggy was summoned from a nearby livery barn and the woman was removed to her home on Chestnut street.

UNABLE TO MOVE

Joe Richards, a Cobbler, Badly Hurt By a Fall On the Wharf.

Joe Richards, a cobbler, who until recently was employed in a shop on Market street, fell last evening while walking down the wharf, breaking his left arm and otherwise bruising himself. He would not allow a physician to be called.

Fell Down Stairs.

Little Helen Gorrell, the 18 months old daughter of Rev. J. W. Gorrell and wife, fell down a flight of six steps at her home yesterday afternoon and sustained painful bruises. She was walking down the stairs with a brass ruler in her hand when she accidently tripped and fell to the bottom, the sharp edge of the rule cutting her cheek badly in the speedy descent. Dr. Hobbs was called and relieved the child of pain.

The Christmas Dinner.

In spite of the fact that the word **dyspepsia** means literally **bad cook**, it will not be fair for many to lay the blame on the cook if they begin the Christmas dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook. The disease dyspepsia indicates a **bad** stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

AGAIN IN THE RACE

R. G. Boyd, of This City, Announces His Candidacy for County Commissioner.

"R. G. Boyd, a well known and substantial citizen of Liverpool township, was in the city Thursday, meeting some of his old friends and reminding them that he will be in the field for the Republican nomination for county commissioner next spring. In the last race Mr. Boyd made a splendid showing, and he is now confident, with good reason for the faith that is in him, that the land lies in such a way as to assure his success in the next heat. Mr. Boyd certainly possesses the elements which should make him a good official."

The above was taken from the Salem News of Thursday, December 11, and refers to R. G. Boyd, our esteemed townsman. Mr. Boyd was the choice of the Republicans of Liverpool township one year ago, and this portion of the county will go solidly for him at the next primary. His friends are legion and they will stand by him to a man. Mr. Boyd has demonstrated by his excellent business ability in conducting his own affairs that he would make a county commissioner of whom his constituents could well be proud.

Mr. Boyd has been a resident of the city and township for many years and has a reputation for integrity and fair dealing which places him among the very best citizens in the community.
